The Chair:

Members of Council, we are honored this afternoon by the presence of Reverend William Shannon Wise, Pastor, Trinity Methodist Church, who will deliver the invocation.

Reverend William Shannon Wise, Pastor, Trinity Methodist Church, offered the following prayer:

Our Father, God, we thank Thee that in Thy Providence we are children of Thine and destined for Thy glory and eternal companionship.

We thank Thee that Thou hast entrusted to us the cares and concerns of

all of our brothers. We thank Thee that these men, the Mayor, the Councilmen, and all others connected with the City of Pittsburgh, serve under Thee.

Remind them, our Father, and all of the citizens of this great City of their opportunities and privileges under our laws and freedoms. Remind them also of their responsibilities and duties, their powers and influences. May they and all of us never forget our accountability to Thee.

And remembering this, help them to rule with insight, justice, sincerity and diligence. And help us as citizens of Pittsburgh to do our individual best to build Thy kingdom and our city.

When we fail, forgive us. When we lack wisdom, give it. When we are indifferent, stir us to activity. When we falter or are weak, strengthen us.

Make us worthy sons and daughters of Thine through Jesus Christ, Our Lord, Amen.

The Chair:

Thank you Reverend William Shannon
•Wise for your very inspiring prayer.

Whereas, two of the major professional sports teams in the City of Pittsburgh are currently leasing facilities, for a five-year period, with the understanding that a new sports stadium will be made available in the community at the earliest possible date; and

Whereas, a committee appointed by the Mayor of the City of Pittsburgh and the County Commissioners of the County of Allegheny has studied the desirability, nature of, and location of such a new sports facility and has recommended more detailed studies of the project; and

Whereas, the Committee's report also calls for a broad program envisioning the redevelopment of a portion of the lower North Side section of the City; and

Whereas, such redevelopment would not only provide a site for a sports stadium but would also make available thousands of automobile parking spaces, thus helping to alleviate the parking needs in the North Side as well as in the Downtown business district; and

Whereas, the rebuilding of the lower North Side section of the City would complement the Gateway Center and Point Park developments in the Downtown business district, thus safeguarding economic values and encouraging even further developments in the Downtown and the North Side districts; and

Whereas, the joint study committee of the City and the County has recommended that the appropriate agency to make the necessary studies leading to the construction of the sports stadium and auxiliary facilities is the Public Auditorium Authority of Pittsburgh and Allegheny County.

Now, Therefore, Be It Resolved, That the Council of the City of Pittsburgh hereby requests the Public Auditorium Authority of Pittsburgh and Allegheny County to proceed immediately with the preparation of a preliminary plan for a sports stadium structure, including an analysis of costs and revenues, parking requirements, and such other studies as may be necessary for the establishment of the stadium project.

Mr. Counahan	Mr. Olbum
Mrs. D'Ascenzo	Mr. Rodgers
Mr. Fagan	Mr. Weir
Mr. Jones	Mr. Gallagher
Mr. McCarthy	(Pres't)

The Chair:

The first order of business for today will be the election of a President Pro tempore of Council.

The Chair recognizes Councilman McCarthy.

Mr. McCarthy:

Mr. President: In a very short while you will be called upon to take the Oath of Office as Mayor of the City of Pittsburgh for the remainder of this year.

It is my understanding that you will continue as President of Council, but

that it will be impractical, if not impossible, for you to function in both capacities. It therefore is necessary for this Council to nominate and elect a President Pro Tem to serve in your absence.

I am happy to present the name of a member of this Council who has served as Councilman since 1947 and who is the senior member of this Council with the exception of yourself, Mr. President.

This gentleman began his public career in 1934 when he was appointed Assistant United States District Attorney. Shortly thereafter he became an Assistant Attorney General of the Commonwealth of Pennsylvania during the term of Governor George H. Earle. In 1939 he was appointed Assistant City Solicitor and served in this capacity until he was elected to Council in 1947.

He is a member of the Parking Authority of the City of Pittsburgh; a director of the Buhl Planetarium; a member of the Executive Committee of the Carnegie Institute of Technology; a director of the North Side Chamber of Commerce; vice president of the Pittsburgh Bicentennial Association; a member of the Board of the Health and Welfare Association; a member of the Board of St. John's Hospital; and is chairman of the Health Committee of this Council.

The reorganization of the Health Department of the City of Pittsburgh from a mediocre, second-rate health department to one of the best health departments in the nation was brought about, in large part, through the efforts of this Councilman.

Therefore, it gives me much pleasure to nominate Frederic G. Weir as President Pro Tem of this Council to serve in such capacity during your absence.

The Chair:

The Chair now recognizes Councilman Fagan.

Mr. Fagan:

Mr. President, Members of Council, County Officials, members of President Gallagher's family and friends, I am happy to second the nomination of Frederic G. Weir for President Pro tempore of Council. It has been well said by Mr. McCarthy that Mr. Weir has all

the qualifications that are necessary to fill this important position of presiding over the legislative meetings of Pittsburgh's City Council and also its hearings.

I have known Fred Weir for over a quarter of a century. He has always been a very active Democrat. As has been recited by Councilman McCarthy, the record that he has made in the Health Department is outstanding. It is absolutely true that when Mr. Weir became Chairman of the Committee on Health we had a very mediocre Health Department here in the City of Pittsburgh. As a result of the help we got from the United States Health Department, the Coffey Committee and the work of I. Hope Alexander and Frederic Weir, Pittsburgh forged ahead to the front and became one of the finest Health Departments in the United States.

We are happy today that the Health Department is now part of the County of Allegheny because Frederic Weir always felt that health, sickness and disease knew no geographical lines. As a result of it, he went to the Pennsylvania Legislature along with a lot of other public-spirited citizens, a committee of thirteen. As a result of it, we have an outstanding Health Department in the City of Pittsburgh and the County of Allegheny all due to the efforts of this man who is going to be the presiding officer of Council for the unexpired term of President Gallagher, who, in a very few minutes, will be the new Mayor of the great City of Pittsburgh.

In seconding the nomination of Councilman Weir, I also want to congratulate the new Mayor even before he takes the oath of office. I want to assure him that I will do everything in my power in carrying on the affairs of the City of Pittsburgh in behalf of its citizens.

I am happy to second the nomination of Mr. Frederic G. Weir because he is a man of honor, integrity, great ability, courage, and a man deserving this high honor. It is a pleasure and an honor to second the nomination of Frederic G. Weir as President Pro tempore of the Council of the City of Pittsburgh.

The Chair:

Thank you, Mr. Fagan.

Are there any further nominations?

Mr. Jones moved

That the nominations close on the name of Frederic G. Weir.

Which motion prevailed.

The Chair:

The Clerk will call the roll on the nomination of Frederic G. Weir to be President Pro tempore of Council.

And the result of the voting was as follows:

For Mr. Weir:—

Mr. Counahan	Mr. McCarthy
Mrs. D'Ascenzo	Mr. Olbum
Mr. Fagan	Mr. Rodgers
Mr. Jones	Mr. Gallagher

(Mr. Weir not voting).

And Mr. Weir having received eight votes of Council was declared duly elected President Pro tempore for the unexpired term of Thomas J. Gallagher.

The Chair appointed Messrs. McCarthy and Olbum to escort the President Pro tempore-elect to the Chair.

The Committee performed the duty assigned it and presented Mr. Weir to the Chair.

The Chair:

The Committee is discharged with the thanks of Council.

The Chair:

The Chair presents to Council and to the citizens of Pittsburgh the President Pro tempore of Council, Frederic G. Weir.

Mr. Weir (Pres't Pro tem):

Judge Ellenbogen, Commissioner Kane, whom we are all so happy to see here today, my colleagues in Council and all you friends and admirers of Thomas J. Gallagher:

I appreciate the very flattering remarks that were made about me by Mr. McCarthy and Mr. Fagan. It is always pleasant to hear such things even though they maybe somewhat exaggerated. I appreciate equally the votes of everyone of my colleagues for this office of President Pro tempore of Council. This body of Council contains many contrasting personalities. In fact, I don't think I have ever known a

body of this size which compounded so many contrasting personalities. That makes it all the more pleasurable to me to be able to say that I have the utmost, highest regard for each and every one of my colleagues; not only for your intelligence, your sincerity and knowledge of government, but above and beyond all else for your integrity. And the fact that I feel that way about you quite naturally causes me to feel a very deep honor that you should impose your confidence in turn in me. I can only say that I hope to continue to merit it.

I don't believe on this particular occasion that I should take much time in talking about us or what lies before us. There will be time enough to discuss that. This is Tom Gallagher Day. This is a day, I am sure, that not only all these admirers in this room but many, many thousands of others who probably tried to get in and couldn't are most happy about him because Tom has had an understandable desire to cap a long, faithful, distinguished career of public service with the honor of being Mayor of this great city. I am sure that the pride that swells up in his heart today cannot be equalled by that of his children, grandchildren or great-grandchildren. There are a lot of them here, but there are a few people in the room that are not Tom's relatives.

Thomas Gallagher is a unique personality. I believe he comes closer to meeting that old saying that he doesn't have an enemy in the world than any person that I have ever known. One of the reasons that he doesn't have an enemy in the world or none that I have ever encountered at least is because of the fair and impartial manner in which he has presided over the City Council during the terms that he has been elected our President.

I don't need to say that he will have our cooperation. I don't need to say that we will also have his. In fact, Tom is so accustomed to cooperating with us that even when he has found it in his conscience to disagree I know he has done that with extreme reluctance. Therefore, I am sure that there will be no problem of any lack of cooperation between Thomas Gallagher and this body.

And with that, ladies and gentlemen, I will proceed with the business part of this meeting.

The Chair presented
No. 1932.

Almighty and Eternal Father, send forth Thy spirit of wisdom and knowledge upon this, Thy servant, the Chief Executive of our city. Send it upon all those who are associated with him in the official family of government. Enlighten their minds; warm their hearts and strengthen their hands so that justice and honor will prevail in all they say and do. And that every action of theirs begin in Thee and be happily ended. Through Christ our Lord. Amen.

The Chair:

Thank you Reverend Gallagher.

The Chair:

Ladies and gentlemen, we are honored greatly by the presence of virtually all the County Officials, distinguished Members of the Bench of Allegheny County and other guests too numerous for me to mention by name individually. We are particularly honored by the presence of Judge Henry Ellenbogen who will now administer the oath of office to Thomas J. Gallagher.

Judge Ellenbogen:

Mr. Weir, Governor Lawrence, Mayor Gallagher, Commissioner Kane, distinguished public officials and friends:

Twenty-seven years ago three men campaigned together for their first public office. All three were elected. They have been friends ever since. These three men are: Thomas J. Gallagher, John J. Kane, and I.

Today, Thomas J. Gallagher has arrived at the pinnacle of his public career—a career that is built on nearly three decades of able, faithful, and honorable service to the people.

Tom Gallagher is a man of sterling character, of high principle, and of complete devotion to public duty and to the public welfare. I am confident that he will exercise the duties of the Of-

office of Mayor of this energetic, progressive, and metropolitan City with benefit to the people of Pittsburgh and with distinction and honor to himself. It is a privilege and a pleasure to administer the oath of office to my good friend, the Honorable Thomas J. Gallagher.

And the Mayor, Thomas J. Gallagher, took and subscribed to the oath of office, which was administered to him by the Honorable Henry Ellenbogen, Judge of the Court of Common Pleas of Allegheny County.

The Chair:

The Mayor will sign the oath of office.

And the Mayor, Thomas J. Gallagher, signed the oath of office.

The Chair:

Ladies and Gentlemen, the Mayor of Pittsburgh.

Honorable Thomas J. Gallagher,
Mayor of Pittsburgh:

Mr. Chairman, Reverend Clergy, Members of My Family, Members of Council, His Excellency, Governor-elect David L. Lawrence, Honored Sirs, Friends, Ladies and Gentlemen:

This is a proud moment for me.

In accordance with the provisions of the Charter Act of the City of Pittsburgh, I now assume the responsibilities of the Office of Mayor.

In a sense, it is a most unenviable task—that of succeeding David L. Lawrence as Mayor of Pittsburgh. It will be difficult to equal the standard of performance and the record of achievement he has set in the past 13 years.

And yet, I am extremely fortunate—for the Governor-elect of Pennsylvania leaves behind a valuable legacy.

He leaves behind a city that is bursting with civic energy and brimming with activity.

He leaves a city whose rebuilding program has won world-wide fame.

He leaves a vast reservoir of talent; leaders from business, from labor, from the universities, from the professions;

hundreds of public-spirited citizens who have given generously of their time and their talents to rebuilding this great city.

And perhaps of even greater value to me, his immediate successor, he leaves behind the formula by which this great program of rebirth has been carried out.

Basically, it is one of hard work—tireless, unremitting work that cannot be measured in terms of an eight-hour day or a five-day week.

It is a formula I pledge to follow to the fullest of my abilities.

The months ahead will be a period of transition, in a sense, for as I have indicated, I shall serve as this city's top executive until the people select their next mayor in November.

But let me emphasize one thing above all.

So long as I act as mayor, there will be no reduction in this city's pace of progress, no diminishing of activity.

Pittsburgh cannot afford a breather.

As Governor-elect Lawrence emphasized in the State of the City message over the week-end, we are no further than midway in rebuilding and revitalizing this city.

There will be no time to relax, no time to take things easy.

Change and progress have become the symbols of Pittsburgh under Mayor Lawrence. I propose to keep those symbols flying high.

Just this week, the City and County have joined together in planning a new sports stadium on the North Side.

By June, the Penn-Lincoln Parkway will open to inbound traffic all the way to The Point.

During 1959, the Urban Redevelopment Authority plans bold new projects for the North Side, in East Liberty and on the Bluff, overlooking Downtown Pittsburgh.

In several months the County Sanitary Authority will begin operation of its giant one hundred million dollar sewage treatment system.

By late spring, a new Parking Authority garage will be ready for use in the Downtown Pittsburgh.

And so it goes. One dramatic project generates into the next, as our civic agencies spearhead the Pittsburgh program.

In the field of human relations, Pittsburgh takes an important step forward when it begins enforcement of the Fair Housing Ordinance in June.

As new challenges and new problems arise in the internal administration of the city, I will meet them with the same measure of vigor and imagination that has characterized the Lawrence administration.

The people of Pittsburgh have come to expect the highest quality of service from its local government, and properly so.

As Mayor, I shall expect—and I shall demand—no less, from every civic agency, from every city official and from every city worker.

As Mayor, I shall strive to preserve and to expand the new sense of civic pride that flourishes among the people of this city.

You can sense it wherever you go.

As a member of City Council for the past 25 years, I am proud of the role that group has played in the reconstruction of a great urban center.

I want to thank my colleagues who in the past seven years have chosen me as their president for their confidence and abiding faith. I know that I can look forward during the year to their continued cooperation and dedication to public service.

It is no small responsibility to be mayor of a city.

It is a great honor to be Mayor of Pittsburgh, to share in its greatness, to participate in the job of rebuilding its economic strength, to help advance its opportunities for employment, to make the Pittsburgh of tomorrow an even finer city than it is today.

I have been in public office for nearly 30 years.

I am not ashamed to say—that serving as Mayor of Pittsburgh is the crowning moment of my life and my career.

I am deeply conscious of the responsibility that lies ahead as the Chief Executive of this city and as the servant of its people.

I can only pray that I shall deserve this honor, that I shall never, by any weakness of purpose, fail to honor this high office.

May God grant me guidance and wisdom in this task.

The Chair:

Now, ladies and gentlemen, I am going to call on the most outstanding Mayor in the history of Pittsburgh and, of course, a citizen of the Commonwealth of Pennsylvania, Governor-elect David L. Lawrence.

Governor-elect David L. Lawrence:

Reverend Clergy, Mr. President Pro tempore and Members of Council, Commissioner Kane, City Officials, County Officials and Friends:

I am not going to burden you with a long speech. I am certainly thrilled, and I know you are, with the speech by the new Mayor pledging the City of Pittsburgh to carry on during the months that he is serving here the things that we have been fighting for and striving for in Pittsburgh for so many years.

I was a little dubious for a few minutes. My time ended at twelve o'clock. I was watching the seconds toll off. It was ten minutes past twelve when they came over for me. I told them, didn't they realize that for ten minutes they didn't have a Mayor of Pittsburgh.

Tom, I want to express to you as an old, old friend that Judge Ellenbogen spoke of the campaign of 1932. If I may inject a little personality into the thing, I was the Chairman of that campaign. It was very successful and we have had a good many of them ever since.

In closing, let me say this. We have been successful ever since solely because we kept before us the ideas that John Kane and George Rankin in-

stilled in the people of this County when they became Commissioners of Allegheny County. They adopted the policy that good government is the best brand of politics. That has paid off. That is why the Democratic Party has been so successful. We have all come back to the election of Kane and Rankin, back in 1935. We have all tried to follow that policy, giving the people of this City and County the best possible government. The people have shown their appreciation by continuing the party in power.

Tom, again I just want to say to you that you have my unstinted support. I am deeply interested in Pittsburgh. As I said many times in the past few weeks, my roots are here. I have deep devotion to this town. It has meant a lot to me. It has been good to me and my family, my mother and father before and my grandparents who immigrated to Pittsburgh. We owe a lot to this great city. I will be just as devoted in Harrisburg in helping you and helping the City.

I am only as far away from you as the telephone on your desk. That applies to the rest of my wonderful friends and associates in government and out of government.

We have a great city, ladies and gentlemen. Let's continue to keep it that way. Thank you and God bless you.

The Chair:

Thank you, Governor-elect Lawrence.

This is a great day in the history of our City. We have a new Mayor and a new Governor. But just a day or so ago a young man in the Fire Department gave his life for the preservation of health and life. I think it would be very fitting if we adjourned out of respect to the memory of this young man and have the Reverend Canon Edward M. Wilson remember him in his prayer.

I move that when Council adjourns, it should adjourn out of respect to the memory of Bartley J. O'Malley.

Mr. McCartney:

I would like to make an amendment to that motion to adjourn to January

26, 1959, because we all hope to be in Harrisburg this coming Monday and Tuesday.

The motion prevailed.

The Reverend Canon Edward M. Wilson, Trinity Episcopal Cathedral, delivered the following benediction:

Let us pray.

Almighty God, Father of our Lord Jesus Christ, of whom the whole family in heaven and earth is named, grant us to be strengthened with might by His Spirit in the inter-man; that He may dwell in our hearts and that we may be a generous, a gracious and Godly people.

Keep us in Heart and Mind, O God, so that we never forget but always remember those, Thy servants, who give their lives in the service which they are called to perform in our city life.

Keep them in Thy presence. Let them know that Thou art God. And may the peace that passeth all understanding rule both their hearts and ours. Through Jesus Christ, our Lord. Amen.

The Chair:

Thank you very much, Reverend Canon Wilson.

And,

Council adjourned.

The Chair:

Members of Council, we are honored this afternoon by the presence of Dr. G. Arthur Fry, Pastor Emeritus, of St. Luke's Lutheran Church. I am especially pleased that Dr. Fry has done us the honor of appearing here today because we are old friends and neighbors. He has been called out of retirement not merely to give this invocation, but to be with his church.

Dr. G. Arthur Fry, Pastor Emeritus, of St. Luke's Lutheran Church, offered the following prayer:

Our gracious heavenly Father, we would in all our works and ways acknowledge Thee and seek Thy guidance and blessing.

We thank Thee that Thou hast called these servants of Thine to high official position in the government of this great city. Preserve them, with all who exercise authority in our midst, in health and strength, and grant unto them the enlightening presence of Thy Holy Spirit that they may discern Thy mind, and that in all their deliberations and decisions Thy will may be wholly served and the best interests of our city advanced.

Grant that all entrusted with the responsibilities of legislation and administration in the government of this municipality may discharge their duties in Thy fear, to the promotion of righteousness and justice, and to the hindrance and suppression of wickedness. Grant that in increasing measure our citizenship may enjoy the blessings of peace and prosperity, and freedom from poverty and distress. Grant that we may be a city exalted in righteousness, whose delight is in the law of the Lord.

And in these anniversary days, as we retrace the path by which we have come, we thank Thee that Thou hast brought us hitherto, and the prayer of our hearts is that the kindly light of Thy presence may continue to lead us on

"O'er moor and fen. O'er crag and
torrent, till

The night is gone;
And with the morn"

to Thee will we ascribe the praise of our salvation, through Jesus Christ, our Lord. Amen.

The Chair:

Thank you Reverend Fry for your very inspiring prayer.

The Chair:

Ladies and Gentlemen, before we take up the regular business of the meeting,

STIPULATION RE ZONING

To: City Council
City of Pittsburgh
Pennsylvania

Whereas, Council of the City of Pittsburgh is intending to adopt Council Bill No. 1829-58 which will effect a zoning change from "S" special and "R1" one-family residence district to "M1" limited industrial district of certain property on Noblestown Road, 28th Ward, Pittsburgh, owned by the undersigned, which is described in the above mentioned ordinance, which change has been requested by the undersigned.

Now, Therefore, in consideration of the foregoing, we, the undersigned, George G. Levin and Charles I. Plesset, being also the owners of property in the 28th Ward, City of Pittsburgh, fronting on the westerly side of Noblestown Road described in Council Bill No. 1860-58 (and being the property adjoining on the north the property affected by Council Bill No. 1829-58), hereby stipulate and agree that we do not object to Council Bill No. 1860-58 changing the area described in Council Bill No. 1860-58 from an "S" special district to an "R1" one-family residence district.

We further stipulate and agree that we will not again request Council to change the zoning of the area described in Council Bill No. 1860-58 from "R1" to an "M1" limited industrial district.

We agree that this Stipulation shall be made part of the records of Council and shall be binding upon the undersigned.

In Witness Whereof, we have hereunto set our hands and seals this 12th day of January, 1959.

(s) George G. Levin (SEAL)

(s) Charles I. Plesset (SEAL)

Which was read, received and filed.

Mr. Rodgers moved

To amend the bill by striking out Section 2 which reads as follows:

"Section 2. This zoning classification will be effective only on the recording

by the owner of a City Planning Commission approved plan of lots, in the office of the Recorder of Deeds of Allegheny County within thirty (30) days of the enactment of this ordinance."

and substituting therefor:

"Section 2. This zoning classification will be effective only upon approval by the City Planning Commission of a proposed lot plan, together with covenant of the owners to be bound by said plan, and promising to record it as soon as the title questions are resolved."

At this time George G. Levin, one of the owners of the property proposed to be rezoned, was present and said that because of the fact that he and his partner have not yet secured title to the property in question, it would be impossible for them to comply with the provisions of Section 2 as contained in the ordinance and the substitute Section 2 offered by Mr. Rodgers.

Mr. Fagan:

Mr. President, in order to resolve this question amicably, I would suggest that Bill No. 1829 be recommitted to the Committee on Public Works for further consideration, and that if an amicable agreement can be reached, the bill can be finally passed at a recessed meeting of this Council immediately following the adjournment of the meetings of the standing committees on Tuesday afternoon.

MOTIONS AND RESOLUTIONS

Mr. Fagan moved

Mr. Weir, (Pres't Pro tem) on January 6, 1959.

Which motion prevailed.

Mr. Olbum moved

Which motion prevailed.

The Chair:

I wonder if, before you move to recess until tomorrow in accordance with Mr. Fagan's suggestion so you can act upon that Zoning Ordinance, you would indulge with me for a moment. I would like to say something about Mr. Wallace Richards.

The reason that I want to say it myself is because I served under Mr. Richards when he was Chairman of the Parking Authority of the City of Pittsburgh for about two years while I was a member and before he was stricken with the serious illness that has kept him incapacitated until his death which was reported in this morning's paper.

Sometimes you have a very emotional feeling about these things even when they relate to people that you are not too close to particularly. That is the kind of feeling I have about Wallace Richards because I was in a position to know and understand the tremendous contribution that he made to what we call the renaissance of Pittsburgh.

As has already been mentioned, relatively few people mentioned it that this man has done many of the good things that have taken place in this City in recent years. I was fortunate enough to be associated with him, to get to know him. He was a truly dynamic personality and also a real gentleman wherever you met him, either at work or at play.

Among other things I can say is that the concept of Mellon Park as it exists with its underground garage came from him. It was he who brought Morrison-Knudsen to the Parking Authority, as a result of which negotiations led to that

firm and H. K. Ferguson building the underground garage with their own funds. This was a relatively new concept in America.

I didn't want this meeting of Council to pass without having in our Minutes a brief tribute to a man who was one of the greatest planners, a most dynamic individual as well as one of the finest characters that it has been my pleasure to encounter in life.

Mr. Fagan moved

That Council recess this meeting until Tuesday, January 27, 1959, at 2:45 o'clock, P. M., and that when it recesses it shall do so out of respect to the memory of Wallace Richards, a distinguished citizen of Pittsburgh and one who held several public offices during his lifetime.

Which motion prevailed by a rising vote.

And, Council recessed.

Pittsburgh, Pa.,

Tuesday, January 27, 1959.

And the hour of 2:45 o'clock, P. M., having arrived and the time of the recess having expired, the Council reconvened and there were present:

Mr. Counahan,	Mr. Olbum
Mrs. D'Ascenzo	Mr. Rodgers
Mr. Fagan	Mr. Weir (Pres't
Mr. McCarthy	Pro tem)

Absent:—

Mr. Jones

Mr. Fagan moved

That Mr. Jones be excused for absence from this meeting.

Which motion prevailed.

And upon motion of Mr. McCarthy,

The Chair:

Members of Council, Ladies and Gentlemen, we are honored this afternoon by the presence of Reverend Edwin R. Heyl, Pastor, Annunciation Roman Catholic Church, who will deliver the invocation.

Reverend Edwin R. Heyl, Pastor, Annunciation Roman Catholic Church, offered the following prayer:

Dear Lord, man by experience has learned that the democratic form of government is the best and noblest of all. Open our minds and hearts to the truth that its survival rests on the virtuous lives of its citizens.

Its greatest enemy is the citizen of evil life who does more harm to its inner fiber than any enemy from without can

do. Dear Lord, lead us not into temptation that we may not be led into slavery.

Holy Spirit, enlighten our elected leaders to the truth that, in addition to the wisdom required in their deliberations, there is demanded of them a daily life of extraordinary goodness, honesty and justice. Help them to persevere on this high road of virtue. Convince them that it is what they are that will influence them in what they do here. Amen.

The Chair:

Thank you Father Edwin R. Heyl for your very inspiring prayer.

The Chair:

Members of Council, Ladies and Gentlemen, we are honored this afternoon by the presence of Reverend Andrew Chura, Assistant Pastor, Holy Ghost (Byzantine Rite) Greek Catholic Church of McKees Rocks, Pa., who will deliver the invocation.

It is certainly very kind of you, Father, to come all the way from McKees Rocks to be with us today. We appreciate it.

The Reverend Andrew Chura, Assistant Pastor, Holy Ghost (Byzantine Rite) Greek Catholic Church of McKees Rocks, Pa., offered the following prayer.

Heavenly Father, we ask Thy blessing on this assembled group, these men and women who have come to do their duty

civically for their fellow men. We ask that what they do at this meeting, what they accomplish, be not for their respective glories or anyone's glory but Thy glory.

Heavenly Father, give each one the strength to continue in this work, for there is nothing better on this earth than one man to work for another man. Thou hast said for us to love one another as we do ourselves. In doing so we are helping one another and furthering God's glory.

We ask this in the name of the Father, the Son and the Holy Ghost. Amen.

The Chair:

Thank you, Father. You are welcome to stay if you like.

Mr. Fagan:

We are honored this afternoon by the presence of a Chinese Catholic Priest who is going to give the invocation. This is the week of Prayer for Peace in China. It is very appropriate that we have this afternoon a representative of that great country and also a representative of the Catholic Church.

I now take pleasure in introducing the Reverend John C. Chao in residence at the Old St. Patrick's Church, Liberty Avenue and Seventeenth Street, Pittsburgh 22, Pennsylvania.

The Reverend John C. Chao, in residence, Old St. Patrick's Church, Liberty Avenue and Seventeenth Street, Pittsburgh 22, Pennsylvania, delivered the following prayer:

O Lord, bless Your servants gathering in this assembly, to whose care You have given the ministry of Your people in this region.

Under Your divine counselling, may the civic leaders lead the people of this region to live together in civilized harmony and fidelity in Your service. Because of You, they build havens of peace and holiness; they initiate the pursuit of wisdom and knowledge; they raise buildings and towers which seem to touch the foot of Your throne—triumphal arches manifesting Your eternal concourse.

And now, behold the course of two centuries of the history of this region which in Your honor is called Christian. Here Your people gathered more and more round Your altars, oblivious of dissensions, and desirous of concord among nations.

O Lord, may Your divine wisdom continue to shine upon Your servants, the civic leaders of this region. And from Your guidance, happiness of people does proceed. Amen.

Mr. Fagan:

Thank you for being with us today, Father Chao.

And the bill was read a second time.

Mr. Fagan:

Has this money been appropriated in connection with the \$5,000,000.00 rehabilitation Zoological Gardens?

Mr. McCarthy:

To my best recollection it is not.

Mr. Fagan:

Maybe the Chairlady of Parks and Recreation can answer this. Is that in connection with the chart we saw in there? Is \$5,000,000.00 involved in this?

Mr. Jones:

I think I can answer that. It was brought out that morning that the \$3,000.00 was necessary to complete the Master Plan.

Mr. Fagan:

When the Master Plan is completed, can we go ahead with the \$5,000,000.00?

Mr. Jones:

We have the plan, but we don't have to go on with the plan.

Mrs. D'Ascenzo:

I seem to be the target of my colleague's dissension lately since things seem* to be so pressing in other fields. Perhaps in the field of Parks and Recreation this may not seem imperative. The fact remains that this was voted on by the people of the City of Pittsburgh in the Capital Improvement Program. Some of it was allocated to Parks and Recreation. Although it is a long range program there is a certain amount to be spent in 1959 in Parks and Recreation. This Master Plan must be completed. To complete it we need an additional \$3,000.00. It may be that none of that money will be spent. We went before the voters of the City of Pittsburgh and asked that that much be included for Parks and Recreation.

Mr. Fagan:

Mr. President, I have no desire to em-

barrass or harass my colleague, Council-
lady D'Ascenzo. I want to be informed
though. I want to know what is going
on.

I think you know my position in
Council. After we had the Bond issue
we said we wouldn't raise taxes. But
we have to raise taxes. I take these bills
home with me and study them. If we
are going to spend \$5,000,000.00 for a
Zoological Garden, I want to know about
it.

In the first place, the Zoo should be-
long to the County or the State. The
citizens of Pittsburgh keep up the Zoo
and Library for people around Pitts-
burgh, Washington County and every-
where. I have talked to other people.
They tell me that they haven't been to
the Zoo in fifteen, sixteen or twenty
years. We are paying through the nose.

Mrs. D'Ascenzo:

I think, if you recall, at the time we
were shown this Master Plan it was rec-
ommended to the Department of Parks
and Recreation and to the other Coun-
cilmembers here that there is being ex-
plored the possibility of the County
assuming the maintenance of the Zoo
and more immediately of charging ad-
mission. Before we went into that we
wanted a thorough report. We wanted
to know about the charges. If that
charge could be made, could that money
be put in a special fund?

I think you are entirely correct. It
is the only Zoo between Philadelphia
and Cleveland. I think you are right
when you say we should explore these
possibilities thoroughly.

The Chair:

May I add that I don't think anyone
here intends to directly or by implica-
tion criticize you. I think it is highly
commendable for you to ask questions.

And the bill as read a second time
was agreed to.

And the bill was read a third time
and agreed to.

And the title of the bill was read and
agreed to.

And on the question, "Shall the bill
pass finally?"

The ayes and noes were taken, agree-
ably to law, and were:

Ayes:—

Mr. Counahan	Mr. McCarthy
Mrs. D'Ascenzo	Mr. Olbum
Mr. Fagan	Mr. Rodgers
Mr. Jones	Mr. Weir (Pres't Pro tem)

Ayes 8. Noes none.

And a majority of the votes of Coun-
cil being in the affirmative, the bill
passed finally.

Mr. Rodgers presented

No. 2115. Report of the Commit-
tee on Public Works for February 17,
1959, transmitting an ordinance to

Which was read, received and filed.

of Pennsylvania, parties of the second
part.

Witnesseth Whereas, the parties of

Lot No. 12 of the Plan of Subdivision of
Lots Nos. 4 to 14½ in James Mariatt
Plan as recorded in the Recorder's Of-

file of Allegheny County in Plan Book Volume 26, page 121, said lot having a frontage of 50' feet on the Northerly side of Berdella Street and extending back preserving the same width throughout, a distance of 100 feet to Zahniser Street, and

Whereas, the said parties of the first part are desirous of erecting a one-story five-room single family dwelling on said lot, and

Whereas, the said lot is presently classified in an "S" Zone by the Zoning Ordinance of the City of Pittsburgh, and

Whereas, the parties of the first part have petitioned the City Council of the City of Pittsburgh to change the zoning classification of said lot from "S" to "R2," and

Whereas, the parties of the second part representing the property owners in the immediate vicinity of this lot have objected to the change of zoning classification for fear that the parties of the first part would erect some type of building other than a single family dwelling house and erect said building in a position not in line with the other homes on the street with respect to set-back with Berdella Street or that the parties of the first part would keep pigeons on the premises or make the premises the headquarters for a pigeon club.

Now, Therefore, in consideration of the mutual covenants contained herein it is hereby agreed by and between the parties hereto as follows:

1. The parties of the first part agree that they will construct only a one-story single family dwelling on the aforesaid described Lot No. 12.

2. The parties of the first part agree that they will construct said dwelling house in line with the other homes adjoining said lot with respect to the distance of the set-back from Berdella Street.

3. The parties of the first part agree that they will not keep or maintain any pigeons, chickens or poultry on said premises.

4. The parties of the first part agree that they will not erect any building for the purpose of maintaining a social or pigeon club on these premises.

5. The parties of the first part agree

that the restrictions on the use of the subject premises as described in the preceding four paragraphs shall be covenants running with the land and shall be binding upon the parties of the first part, their heirs and assigns until March 1, 1999.

6. The parties of the second part hereby agree to withdraw any objections they have made to the change of zoning classification of said Lot No. 12 from an "S" classification to an "R2" classification and hereby recommend that the petition of the parties of the first part for the change of zoning classification of subject lot from an "S" classification to an "R2" classification be approved by the City Council of the City of Pittsburgh with sufficient majority to override the disapproval of the City Planning Commission.

In Witness Whereof, and intending to be legally bound thereby, the parties hereto have hereunto set their hands and seals this ---- day of February, 1959.

DEPARTMENT OF LAW

Pittsburgh, February 24, 1959.

Council of the City of Pittsburgh

In re: Proposed Zone Change in
20th Ward (Bill No. 1526)

Gentlemen:

In your communication of February 17, 1959, this Department has been requested to submit a report with respect to a proposed agreement executed by the applicant for a zone change in the 20th Ward to reclassify certain property from an "S" to an "R2" District. In the agreement the owner of the property attempts to meet the objections of certain neighboring property owners by covenanting not to maintain any pigeons, chickens or poultry on the premises, to erect a one-story single family dwelling, and to maintain the same set-back as adjoining dwellings.

Counsel for the applicant for the zone change has advised this Department that the neighboring property owners named in the agreement do not desire to sign it. A copy of the agreement signed by

the owner of the property sought to be rezoned has been delivered to City Council.

It is the opinion of this Department that the Agreement is in proper form and provides for the protection desired by the neighboring property owners.

Very truly yours,

David Stahl
City Solicitor

Which was read, received and filed.

Mr. Rodgers:

The stipulation and report read by the Clerk and made a part of the record of today is in conformity with the action of the Committee on Public Works.

The Chair:

I think our City Solicitor, Mr. Stahl, and Mr. Ellis have been delayed. If you don't mind, we will hear from them now.

The Chair:

Mr. Stahl, would you be kind enough to state the nature of this agreement and the effect of it?

Mr. Stahl:

Certain property owners objected to this zone change. In order to meet that objection the applicant for the zone change prepared an agreement wherein he covenanted not to keep pigeons or poultry on the premises. The Law Department finds the agreement in proper form, but I am advised that the neighboring property owners now do not desire to sign it.

Mr. Rodgers:

Is that necessary for recording? What is the form of the agreement?

Mr. Stahl:

It provides for the signature of the applicant and the other neighboring property owners. I do think it could be put into a different form and made out to the same persons. It could then be recorded by the applicant if the other persons simply refused to sign it. Actually, the applicant seems to have gone as far as he could go to satisfy the property owners.

Mr. Fagan:

In the final analysis, under the Zoning Ordinance you couldn't have pigeons there anyhow.

Mr. Stahl:

That is true. Because of the zoning of the lot, it would be impossible to have pigeons.

Mr. Olbum:

Would there be any objection on the part of the applicant to have a unilateral covenant so it could be recorded?

Mr. Ellis:

These people came up and objected to it. We have done everything we could do to satisfy them. They think they will be responsible for the zone change. Therefore, they don't want to sign it. I think there should be some consideration passed to my client for what he is doing. He has agreed to put restrictions on the lot for forty years.

The Chair:

Would that be your understanding that he would have to do all these things anyway, Mr. Stahl?

Mr. Stahl:

The other things I am not too clear on. There is the matter of the single-family dwelling.

Mr. Ellis:

In an "R2" area he could put a two-family dwelling. I take that back.

Mr. Olbum:

Would you object to the changing of the form so it could be recorded. I am seeking a way to expedite it too.

Mr. Jones:

Couldn't the agreement in its present form be filed with the papers? If in the future there should arise a disagreement between these adjoining property owners, couldn't they then sign the agreement? This is a matter of record.

Mr. Fagan:

Mr. President, we also have the record from different people that appeared at the hearing. They stated that if he didn't raise pigeons or chickens there would be no objection. We had their word of honor at the hearing.

Mr. Olbum:

If the agreement cannot be consummated because the other people refuse to go through with it, then let the record show that the petitioner has done everything he was asked to do. I am prepared to vote on it now.

The Chair:

We believe you intend to keep your word.

Mr. Olbum:

Will this be filed with the papers?

Clerk: Yes.

Mr. Rodgers moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

The Chair:

We are honored this afternoon by the presence of a very young minister from the community that Council Lady D'Ascenzo was born and reared in. I take pleasure in presenting the Reverend Roger R. Shaffer.

The Reverend Roger R. Shaffer, Minister, Ames Methodist Church, 116-124 Tipton Street, Pittsburgh 7, Pennsylvania, delivered the following prayer:

Almighty and most merciful God, we give thanks to Thee for the light of an-

other day, for the work we have to do, and for the strength to do it. Guide us, we pray Thee, by Thy truth; uphold us by Thy power; and purify us by the continual indwelling of Thy spirit. Grant that by every opportunity we have we may grow in wisdom, and, knowing the things that belong to our peace, obtain strength to persevere.

Thou, O God, hast appointed for each one of us our work in life, and hast commanded that we should not be slothful in business, but fervent in spirit, serving Thee; help us always to remember that our work is Thy appointment, and to do it heartily as unto Thee. Preserve us, that we may finish the work that Thou has given us to do.

Enlighten our understanding with knowledge of right, and govern our wills by Thy laws, that no deceit may mislead us, no temptation corrupt us, that we may always endeavor to do good and hinder evil. Amid all the hopes and fears of this world, take not Thy spirit from us; for the sake of Jesus Christ our Lord. Amen.

The Chair:

Thank you Reverend Roger R. Shaffer for your very inspiring prayer.

CITY OF PITTSBURGH
CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, the Director of the Department of Public Works, in letters dated February 17, 1959, addressed to the Mayor and the City Controller, has stated that the State Department of Highways advised that allocation of the Liquid Fuel Fund for 1959 will amount to \$977,619.26, which is a decrease of \$18,548.74 over the amount appropriated in the 1959 Budget. Since approximately 75% of the allocation the Liquid Fuel Fund is used to supplement payment of wages to Bureau of Highways and Sewers labor forces, it will be necessary to transfer the sum of \$18,548.74, the excess amount appropriated in Code Account No. 1507, Liquid Fuel Taxes Program, to the following Code Accounts:

1650-1 Wages, Temporary Employees,
April to June \$9,274.37
1650-2 Wages, Temporary Employees,
July to October \$9,274.37; and

Whereas, such appears as good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, We, Thomas J. Gallagher, Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to Council of the City of Pittsburgh the existence of an emergency requiring the transfer of the sum of \$18,548.74 as follows:

Mr. Fagan	Mr. Rodgers
Mr. Jones	Mr. Weir (Pres't Pro tem)

The Chair:

Ladies and Gentlemen, the Reverend Sherman L. Burson has been kind enough to come here on this rainy day for the purpose of delivering the invocation. I am certainly delighted to welcome him. It seems that my area of town is well populated with churches. We have had quite a number of ministers from the 26th Ward. I am especially happy to have one of my neighbors.

The Reverend Sherman L. Burson, Pastor, The North End Methodist Church, 101 Bonvue Street, Pittsburgh 14, Pennsylvania, delivered the following prayer.

Almighty God, who hast blessed this great city in its historic past, and who are now blessing it in its advancing present, we most earnestly pray for Thy continued favor in the days that are ahead.

We bless Thee for the miracle we see unfolding before us in clearing of the blighted sections of the city and the creation of areas of beauty and usefulness in their place; in the lifting of our city from its former blanket of dirt and smoke, and giving us bright days and clear beautiful nights.

We thank Thee for the advances being made in the fields of research, health, medicine, education, communication and transportation, and ask Thy continued guidance and blessing on the leaders in these several fields.

In a very special way we ask Thy continued presence in the thinking and long-range planning of this Council. May each member be conscious of an ability and strength beyond his own, and to Thee we will give the thanks.

In Jesus' name. Amen.

The Chair:

Thank you, Reverend Burson.

Also

No. 2208. An Ordinance approving a Conditional Use under Sections 2801-1-A-(8) and 2801-1-A-(27), of the Zoning Ordinance No. 192, approved May 10, 1958, for a three-story internes' residence in connection with St. Joseph's Hospital, in an "M3" District, at the northwest corner of South Twenty-second Street and Wright's Way, 16th Ward, City of Pittsburgh, Pennsylvania.

Which were read and referred to the Committee on Public Works.

Mr. Fagan:

Mr. President and Members of Council, on Friday afternoon, March 6, 1959, the former United States Senator from Pennsylvania, Joseph Guffey, passed away. I

feel it would be appropriate for us when the meeting adjourns to adjourn out of respect and admiration to the memory of the late Joseph Guffey who in my opinion was Mr. Democrat in Pennsylvania for the past fifty years. I have been associated with the Senator and his family for that many years. His late father, John Guffey, was at one time Sheriff of Westmoreland County; the county that the Senator and I were both born in.

I noticed that the newspapers called this place Guffey's Station. To me it was always known as Guffey's Hollow. Years ago I played baseball in Guffey's Hollow along the Youghiogheny River and the Baltimore & Ohio Railroad where most of the Guffeys were born.

I don't think that labor ever had a better friend than Guffey. He was called a "yes man." In my opinion he was not. He was for years a Jeffersonian Democrat, an Al Smith Democrat, a Franklin D. Roosevelt Democrat and a Harry S. Truman Democrat. He supported the New Deal, the Square Deal and the Fair Deal.

The United Mine Workers for years tried to solicit the support of a Senator to introduce a coal stabilization bill. I remember back in 1926 when we asked Senators from twenty-six coal producing states to introduce a resolution to have an investigation of the bituminous coal industry. We had to go all the way to the Pacific Coast to get the late Hiram Johnson who introduced Resolution No. 10. A committee was set up. James Watson was a member of that committee. Robert Wagner, Senator Pine from Oklahoma, and Senator Gooding were also members. All of the men on the committee went into the coal fields in Western Pennsylvania. Senator Watson never showed up at any of the committee investigations. He did sit in on the hearings that were held. The miners, operators and government officials from the different states appeared before this committee to give their testimony of the facts in connection with the bituminous coal industry. I said then that the bituminous coal industry was one of the best mismanaged industries in America.

The miners were working for exercise. The sales agencies were listening to the dictates of the purchasing agents. There were no wages for the miners and no profits for the stockholders. The only ones getting anything out of it were the

coal and iron policemen. We battled on until we in Pennsylvania elected Joseph Guffey to the United States Senate. When he got there he took off his coat and started working for the miners. Guffey was for every piece of progressive and remedial legislation on the Statute Books one hundred percent, the N.R.A. the Wagner Labor Relations Act, Federal Housing, Federal Deposits, Social Security and Unemployment Compensation.

In 1940 when he ran for election they tried to defeat him. I remember a meeting in the old Henry Hotel. Luther Harr was State Chairman then. When the meeting started there were a few men there. When it ended only Harr and Fagan were left. Since there was no one else to do the job, I took it. We nominated Guffey and sent him back to the Senate. There is no doubt that the Guffey name will go down in history, not only in Pennsylvania, but throughout the entire United States.

He had something to do with the nomination of Woodrow Wilson. They used the slogan "Please stop kicking my dog around." Joe got in. Jim Guffey was his uncle. He was a political leader for the Democratic party for many years. In 1920 he was for Jim Cox and Franklin D. Roosevelt. I was a delegate to the 1924 Convention. Most of us from Pennsylvania voted one hundred times for Alfred Emanuel Smith. John Davis was nominated. It was the only time in my life that I didn't vote for the Democratic ticket. I voted for the late Senator LaFollette for President and Senator Wheeler for Vice-President who were on the Progressive ticket. In 1928 Smith was nominated in Houston, and Mrs. Emma Guffey Miller campaigned in seventeen states for Alfred E. Smith. So there is no doubt that Joseph Guffey has an outstanding record as being a Democrat and an American.

Tomorrow afternoon in West Newton the late Senator will be laid to rest. I intend to attend his funeral to show my respect for the years I have known him and his contributions to humanity.

I move that a Resolution of Condolence be prepared for Council's adoption and a copy sent to the lone survivor of Senator Guffey, Mrs. Emma Guffey Miller.

Mr. Jones:

Mr. President, I second Mr. Fagan's

motion. I do so out of the knowledge that some twenty-six or twenty-seven years ago it was Senator Guffey and David L. Lawrence who were responsible for my coming into the Democratic party. I remember at that time the majority of our people were Republicans. Within a matter of months we had a tremendous turnover to the Democratic party. Our people have supported it consistently ever since. He has done a lot for us as a group of people here. Those that have knowledge of his contributions to our political progress want to be counted as Senator Guffey's friends.

The Chair:

I would like to say for myself that I retain a warm feeling for Senator Guffey. Mr. Fagan has related that he was indeed a controversial figure in the state and in the nation. I feel that when the debits and credits are added they will be greatly in his favor.

I suppose little incidents connected with a person always stand out in our minds. I had the pleasure of doing a certain amount of campaigning with him. In 1934 when he was elected for the first time, I traveled with him, Joe Earl, Tom Low and Tom Kennedy. The following year I was a candidate myself. Providence sometimes takes care of things. The people were spared my election.

I met Senator Guffey at the corner of Sixth Avenue and Smithfield Street. I can also recall him coming up to me (I was a mere child you might say) and taking my hand and saying he had the great pleasure of voting for me. So I am very happy that Mr. Fagan has made this motion, seconded by Mr. Jones.

And the question recurring on the adoption of the motion offered by Mr. Fagan, the motion prevailed.

The Chair:

I will appoint Mr. Fagan and Mr. Jones to draw the appropriate Resolution on the death of former Senator Joseph F. Guffey.

Mr. Olbum moved

That the Minutes of Council of Monday, March 2, 1959, be approved.

Which motion prevailed.

And upon motion of Mr. Olbum,
Council adjourned.

Mr. Fagan:

Mr. President, on File 1201, Bill No. 2132, I desire to express my opinion with reference to this matter. I am sorry that it was necessary for me to leave the Council Chamber on Tuesday, March 10, 1959. Of course, I announced on March 9, 1959, that I was going to attend the funeral of the late Joseph Guffey.

I heard a lot of the things that were said by Councilman Paul Jones with reference to the exemptions of these jobs. I also heard some of the things that Councilman Counahan had to say. Then I read the Pittsburgh Post-Gazette of Thursday, March 12, 1959. In it was an article by Mel Seldenberg who I have no quarrel with. I think he is a fine newspaper reporter. He has written some very good articles. But it seems to me that in a matter of such vital importance as this I should have been consulted. I didn't have time to stay and state all of the facts I have in connection with this situation.

I don't think that I have stood in the way of progress in the City of Pittsburgh. During the nine years I have been in Council I think I have been pretty regular and consistent in trying to make Pittsburgh a fine city. I love beauty and everything that goes with it. Beauty with me starts in the soul, the mind and the heart of a man.

I was sworn into Council on Monday, January 2, 1950. The budget for salaries for regular employees of the Department of City Planning at that time was \$88,711.20. In the last budget that I helped to make the appropriation for that department's regular employees was \$308,692.00. That makes an increase of over two hundred percent. Therefore, I don't think that I have been neglecting the Department of City Planning. When I came to Council in 1950 the combined budget was a little over \$36,000,000. Today the combined budget for Water and the City Appropriation is \$57,000,000. That is away short of two hundred percent increase. So this department, in my humble opinion, hasn't been so badly neglected.

We have, in the City of Pittsburgh, men who have graduated from the University of Pittsburgh, Carnegie Tech, Du-

quesne University and the State University. We also have them from West Virginia. We have men from West Virginia who are now Assistant Planners. If some of these men with a B.A. or a B.S. or an M.S.S. or Ph.D. couldn't be trained by this brilliant Planning Commission that we have, then I wonder what is wrong. They worked on the Master Zoning Ordinance for more than nine years. If City Council had gone along with them on the things that were in there, there wouldn't be one of us around here.

I studied all of the ramifications in the Zoning Ordinance. Everyone within the sound of my voice, or at least Council, knew that they had a recommendation that all non-conforming uses or at least most of the non-conforming uses were to be abolished. Some were to be given two years, some five years and some ten years. It was the most assassinate thing that I had ever heard of in my life. If it hadn't been for Council there would be no question of what would have happened.

I looked into some of the things they had planned. One was at Windgap Road and Youghiogheny Street where it is supposed to be residential. There was a gulley. I took Mr. Forrest down there. He said somebody must have recommended that three or four years ago. I told him that three years ago that was really a gulley alongside of Charters Creek. On the other side was the high tension line of the Duquesne Light Company where they had two hundred feet reserved for this electric line. There was a machine shop there for fifty years. They recommended that that be torn down and be made a residential section. On Brookline Boulevard (it has always been commercial since it was a boulevard) there is two hundred feet commercial, one hundred and fifty feet residential, one hundred feet commercial and another hundred feet residential. If that is planning, I am an astronomer.

I have had a little experience in life. During the days of World War II I happened to be the Area Director of the War Manpower Commission. I was sending men to the Manhattan Project. This later developed into the Atomic bomb. I sent technicians, engineers, coordinators and expeditors to Oakridge, Tennessee, Pascoe, Washington and Hunters Point. I sent them all over this country

of ours. They didn't know what they were going to do. So when somebody says Fagan is against this and Fagan is against that, let's look at the record.

I would like for somebody to really answer this for me. We have a man who is the Chief Planner. His name is Joseph R. McMurtry, 3831 McClure Avenue. On February 15, 1958, he got a leave of absence for six months. He returned on August 15, 1958. On August 18, 1958, he got another leave of absence for six months. We are here begging for Planners when we have men on the payroll that we are loaning out. To who? He comes back on February 18, 1959. He gets two days pay from the City of Pittsburgh and on February 20, 1959, he gets six more months leave of absence. Now let anybody else around here try to get six months leave of absence and see what happens. Then they tell you that they are in a deplorable condition for planners, yet we have planners we can farm out. I guess we will be giving some to the Pittsburgh Pirates soon. I believe in planning. I believe in the right things. But I am not going to have anyone ram anything down my throat, that we need planners and yet can still farm them out. If we are in such a desperate situation for men of this kind we should keep the men that we have and not send them to West Virginia, Kentucky, Tennessee, Alabama or New York. When people don't tell me the truth I absolutely lose confidence in them.

I am not going to vote on any bills because I wasn't here a week ago when the legislation was affirmed.

I repeat again that when I came to Council the budget for the Department of City Planning was \$88,711.20. Today that payroll is \$308,692.00. So we must have gotten a lot of planners in the last nine years since Fagan has been here.

We have a coordinator here. I can get you one hundred men in Pittsburgh that can do coordinating. That is one of the jobs that we voted in Council for to waive the residence requirements. They think it is a nice city to work for, but it isn't nice enough to live in or pay taxes to in order to keep the wheels of progress working. Whenever they bring Mr. McMurtry back, then I am ready to give some consideration to waiving the residence requirements. But I will tell

you now that I, as one member of Council, am not in favor of anything of the kind until that time.

Mr. Olbum:

Mr. President, I don't know that any useful purpose would be served by taking issue with what Mr. Fagan said. Many things that he said I don't think had any pertinence to the particular legislation that is before us. He made some reference to the Master Zoning Ordinance which was worked on for a number of years before it was introduced. He points out that one of the silly things, according to his idea, was the elimination of non-conforming uses after a self-amortization period. I simply would like to call his attention to the fact that my impression is that among City Planners this is not the horrendous concept that Mr. Fagan thinks it is. I point to the city of New York where I am sure they have able planners. Within the last two or three weeks a new Master Zoning Ordinance was completed for introduction into City Council of New York. One of the provisions of which was the elimination of non-conforming uses after a period of self-amortization in certain cases.

Now I am not arguing for the elimination of non-conforming uses without compensation. I simply mention that to point out that this concept apparently is gaining some foothold among City Planners. It doesn't seem to me to be the ridiculous idea that Mr. Fagan thinks it is. He says the Planning Commission should train their own Planners. They have men there who are competent and able to be trained. There is one thing that I know. When the City of Pittsburgh has to hire a carpenter we don't take somebody off the street and ask the department head to train that man to be a carpenter. We hire a carpenter if the job requires that kind of work.

Now the issue here to me seems to be very simple. I do not know the details of Mr. McMurtry's leave or leaves of absence. My impression is (and I may be wrong) that the Commonwealth of Pennsylvania has asked for his services and he is now, during his leaves of absence from the city, employed by the Commonwealth of Pennsylvania. This, of course, is very flattering to the City of Pittsburgh. Whether anybody else can

secure three leaves of absence, if that is the case in his situation, I do not know. But the fact of the matter is, Mr. President, that we have already approved the waiver of the residence requirements for three of these four positions which are before us today. Now, if we had acted appropriately two or three years ago or whenever that action was taken in passing this ordinance with regard to those three positions, it seems to me that the argument is just as tenable as it was then.

Now we have done this very often. Mr. Fagan brought up once again the position of the Urban Renewal Coordinator who does not live in the City of Pittsburgh. My understanding of this position was that he has lived continuously outside of the City of Pittsburgh and he was asked by the Mayor's office to come to work for the City of Pittsburgh. He said that he would not abandon his residence in Penn Hills Township. He was given the position of Urban Renewal Coordinator. This body passed an ordinance (if it was necessary—I am not sure if it was) waiving the residence requirements for that position. Now here is a man working for us, and whether we can get one hundred other people or five hundred other people to do this job, it seems to be manifestly unfair to beat this man over the head every time this question arises. He came to work in good faith. As far as I am concerned, we passed the ordinance and we are bound by it. I think in courtesy to him there is no reason why this particular instance, this case, should be brought up every time we have occasion to discuss further residence waivers.

Of course, the Law has given us the right to approve waivers of residence requirements. But it seems to me that we are treading on thin ice and are in effect trespassing on the province of the Executive Branch of this government when we go into the merits, as Mr. Fagan apparently thinks we should, of this individual against that individual. I am not competent to judge and I don't think it is my problem or our problem to judge whether any individual can do the work of a Senior Planner or Associate Planner or the Associate Research Analyst. This is the function of the Executive Branch of the government. As far as I am concerned, I am willing to allow them to make that decision. It

seems to be resolving itself, as far as we are concerned, into the question of determining whether one particular individual is qualified to hold a certain job or whether another individual is more qualified. I don't think that we should usurp that function which belongs to the Executive Branch of the City government. And without regard to Mr. McMurtry's situation—I am not familiar with the details—it seems to me that the Office of City Planning in every large American city—This situation is not singular to the City of Pittsburgh—It seems to me that probably the most important department in city government, not only here but everywhere in the United States of America. Despite the fact that the budget was \$88,711.20 nine years ago and is \$308,000.00 now in the Department of City Planning—this is true in every department.

I think we should realize that the Department of City Planning and the subject of City Planning is one that must engage the attention of the best brains that we can command. Of course, there are people in the City of Pittsburgh that are graduates from universities. But they are not available to do this kind of work. The article that Mr. Fagan has alluded to has pointed out that there aren't a sufficient number of schools which teach City Planning, schools of higher education, to make these people available in the numbers we require their services, and other cities likewise.

I think we ought to permit the Executive Branch of the government to determine among various applicants for positions as to which are competent for the job, which are qualified, which have the education, background and experience. I, therefore, intend to vote for this bill.

Mr. Fagan:

Mr. President, I am really happy to know that the City Planning Commission is the most important department of this great government of ours. I thought that the Health Department was one of the first departments we were interested in, the people in the City of Pittsburgh and the health of the City. You know, there is nothing better than good housekeeping. I also thought the Police Department, the Department of Public Safety and the Fire Department were very important functions of this great government of ours.

Now as far as the Administration is concerned, if we yield to the Administration, as Councilman Olbum says, then why do they come to us and ask us to pass an ordinance or resolution waiving the residence requirements? Let them do it and we will be clear. It is a function and a duty of Council. Since I have been here I don't ever remember waiving the residence requirements for a carpenter, blacksmith or electrician. We have been very fortunate to have, in the City of Pittsburgh, men who were qualified to do the job.

Now in this article he states that a pharmacist couldn't take the place of a doctor. I know that. I have told the men at the Convention of Miners that when you get sick and need an operation you don't send for a butcher, you send for a doctor. If you want a pound of steak or a ham you go to the butcher shop.

To me this situation is a lot of horse play. Whenever we can farm our man out, who is supposed to be the Chief Planner—you know what they always say. When the cat's away the mice will play. The only thing that I am interested in is having what I always say to the people and will continue to say to the people as long as I am a member of Council. I am in favor of good, honest, clean government. I always have been and always will be. As far as me talking about our Coordinator, John Mauro, I am going to continue. He is not a planner. I want to know what his degrees are in college. I heard him tell a fellow (I won't use the word) "I don't know what the job is." "I got a job with a good salary." "I am going to be around for awhile." There are a lot of things I can tell you this afternoon that would open your eyes about the Planning Commission, but it wouldn't make good publicity so I better keep my peace. But if they are going to continue the way they are I am going to tell the story.

Mr. Jones:

Mr. President, as Chairman of the Committee under which the City Planning Commission falls, naturally, I think you can appreciate the way I feel at the moment. I rather enjoy thinking that this is an honest difference of opinion on behalf of my colleagues. And that opinion I respect. I want to publicly thank Mr.

Olbum for coming up with the explanation he has offered this afternoon. He has done it far more eloquently than I could. I think he has explained it so that the record at least is straight as to the urgency of this particular piece of legislation.

I would like to say to Mr. Counahan particularly that the question that you raised in regard to the Mayor's office not being informed as to the various types of vacancies that exist together with whatever effort we had made locally to recruit this technical personnel—I am grateful to you for that because that has been straightened out. Every six months it has been the practice to send over to Mr. Noszka a list of what vacancies exist. In the future, every vacancy that exists will be reported to him. That trouble won't exist any more.

I might say to both you and Mr. Fagan that if you have individuals that you feel are qualified for any of these positions, it won't be necessary to send them over to the Planning Commission, send them first to Mr. Noszka who is Personnel Secretary. He in turn will send them over there to be interviewed.

I hope you will go along with this. We have already exempted three of these positions. There is only one more to be included.

I agree with Mr. Olbum wholeheartedly, not because it is my department, but just because I take a pardonable degree of pride in what we are doing. I do say it that at the present time there is nothing that we are doing in the City of Pittsburgh that is any more important than our planning and redevelopment program. To hamstring the Planning at this time seems to me a gross error of judgment. I trust that our members will go along with the waiving of these positions.

Mr. Counahan:

Mr. President, I am sorry that I cannot go along with this. I voted for the three exemptions quite sometime ago. If at all possible I would certainly like to go along with what I did before even though I may have been wrong. I cannot vote for your extra man. Therefore, I am going to vote against the ordinance.

I may have been wrong in voting for the other three if their employment or

the fact that we didn't have them here was based on the way it was handled through our personnel man. I was definitely wrong at that time. You say that that has all been straightened out. As far as I am concerned, that is fine. That was all that I asked.

Mr. Jones:

With that explanation I want to give you this. With the requirement that if they do come in from outside of the City of Pittsburgh they are required to setup residences within the City. I didn't know whether you understood that or not.

Mr. Counahan:

I understood that. When the extra man was added to the ordinance I checked with the personnel man and he didn't have a request from the Planning Commission for that extra man.

Mr. Jones:

He sat in on the meetings when we put these jobs into the budget. If he didn't know it was his fault because he sat there when we made up the budget.

Mr. Counahan:

That to me is a very poor explanation. You and I know he was in there. The request for a waiver is another thing. That is my reason for not voting. I hope you have it straightened out as far as I am concerned. I made a statement that as far as I am concerned, we are not going to have department heads run City Council. I stated that for another reason which is a matter of record.

Mr. Fagan:

Mr. President, I would like to ask Mr. Jones the question, "Who is hamstringing the Planning Commission?"

Mr. Jones:

It has been demonstrated to the satisfaction, I hope, of everybody in Council that these positions are not available from our people in the City of Pittsburgh. We have made efforts now for six months. We have pending applications before the Federal Government approving certain projects. We are hopeful that this session of Congress will pass the proposed legislation that was proposed by Senator Clarke. We have our plans in shape. They have preliminary approval and we are ready to march full

steam ahead on some of these things in rebuilding the City of Pittsburgh. We can't do this unless we have the proper background of planners to do the work. Every week that I have been in here we have referred other matters to City Planning. We have asked them to work on the Allegheny Center. We have tacked on them the responsibility of getting the preliminary plans for the proposed stadium on the North Side. All these studies they have to make. We have tried to attract industrial development here so as to furnish more employment for our people.

Mr. Fagan:

Let me interrupt you, Mr. Jones. Who was throwing most of the industry out of the City of Pittsburgh? The Planning Commission.

Mr. Jones:

Mr. Fagan, in some instances I think you are right.

Mr. Fagan:

Did you know that McMurtry was farmed out for eighteen months?

Mr. Jones:

I did know it.

Mr. Fagan:

Well, why didn't we know it? You never said anything about it the other day here.

Mr. Jones:

I suppose you would know at the same time that we have other people off on leaves of absence. I have never known of any precedent established here that any official reports come before Council of our City employees who are on leaves of absence.

Mr. Fagan:

If we are in dire circumstance, why is the Chief Planner being farmed out?

Mr. Jones:

If I thought it would help us in deciding the piece of legislation before us and you want an explanation of Mr. McMurtry's status, I can get somebody over here to tell you why he is down there. The request came through the Mayor's office from the State. They were trying to coordinate. Pittsburgh had

a definite stake in having Mr. McMurtry on the State level to see to it that some of the things that we had here locally went through.

Mr. Fagan:
For six months?

Mr. Jones:
Well, if they didn't get it through in six months then he had to take another six months. It is results we are trying to get.

Mr. Fagan:
There is no one more interested in results than I am, Mr. Jones.

Mr. Jones:
I know that, Mr. Fagan.

Mr. Fagan:
When they pull skulduggery on me like that I am going to fight it every inch of the way.

Mr. Counahan:
A point of order, Mr. President. I believe we could carry this on for a long time. I am particularly interested in it, but I would certainly like for it to go through the Chair so we can understand it.

Mr. Jones:
Well, I am going to end it. I call for a question on this. We will vote it up or down.

The Chair:
You know Council's own budget is rather tight. Regardless of how other departments' budgets have expanded, ours hasn't expanded much. I am interested in the efficiency and the economy of our operations.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Whereas, the Director of the Department of Water, in letters addressed to the Mayor and the City Controller, under date of March 5, 1959, has stated that by Ordinance No. 551, approved December 31, 1958, positions of four (4) Temporary Plumbers and three (3) Temporary Meter Repairmen engaged on rehabilitation work for the year 1959 were created but no additional funds were provided at the time for these positions; and

Mr. President, during the past week two local high school basketball teams brought fame and glory to Pittsburgh by winning the championship in their respective classes.

On Friday night at the Pitt Field House North Catholic High School, under the coaching of Don Graham, won

the Class A crown by defeating Allentown Central Catholic High School.

On Saturday night at Boyertown, Pennsylvania, St. George High School of Allentown (18th Ward) won the Pennsylvania Catholic Interscholastic Athletic Association Class B championship by defeating St. Plus High School of Pottstown, Pennsylvania. St. George's is coached by Albert Bishop.

I might also call attention to another championship team—that of Farrell, Pennsylvania, which under the coaching and leadership of Eddie McCluskey captured the State's Class A crown at Philadelphia's Palestra by defeating Chester (Pennsylvania) High School.

I believe that the City of Pittsburgh should show its appreciation for the splendid record made by these high school basketball teams, and the coaches and players are entitled to our plaudits.

Mr. President, I move that you appoint a committee to draft suitable resolutions commending these coaches and

players of the respective teams for their spirit and team play in bringing these championships to Pittsburgh.

MOTIONS AND RESOLUTIONS

Mr. Fagan:

Mr. President, last week you appointed a committee, consisting of Mr. Jones and myself, to draft resolutions of congratulations to three high school basketball teams for winning the championship in their respective tournaments—two were local high schools and one from outside the City, namely, Farrell, Pennsylvania.

Your committee has performed their duty and present for Council action the congratulatory resolutions.

Mr. Fagan presented

Mr. Olbum presented

Bill No. 2330. Petition from the East Liberty Retail Committee relative

to obtaining metered parking spaces in the East Liberty district for the days of April 24th and 25th, 1959.

Which was read.

Mr. Olbum:

Mr. President, I rise to speak briefly and to make a motion in connection with a petition presented to me by a group of East Liberty Retail Merchants. The petition bears eighty-five signatures. This petition requests that for two days in the month of April, the 24th and 25th, from 9:00 A. M. to 9:00 P. M., all parking spaces on Penn and Highland be assigned to these East Liberty merchants for the purpose of conducting a business promotion which they feel will help business. It requests that three feet of the sidewalk in that particular area also be assigned to them.

I have had numerous conversations with these people. The merchants in the East Liberty section, as well as in other sections in the City of Pittsburgh, are not doing very well. In order to try to improve business these men have been trying to use their resourcefulness, ingenuity and imagination. They have come up with this idea of a two-day promotion in the month of April. As I understand it, this would not impede the flow of traffic because they are not requesting that the streets be blocked off. They are only requesting that these parking spaces be left open. They would be reserved for various exhibits so these men might use these means in an effort to bring new business to the East Liberty section.

After taking this up with the Department of Public Safety it seems that the Department is unwilling to accede to the request made by these merchants. One reason is that this has never been done before and a precedent will be established. Perhaps we are a little too worried about establishing precedents. After discussing this with various merchants in the East Liberty area I find that it is a reasonable request. This petition bears the name of every reputable and sizeable firm in East Liberty beginning with Sears Roebuck and Company, Kirby's Shoe Store, Bakers Shoe Store and including May Stern's. I am told by reliable authority that the East Liberty Chamber of Commerce is in favor of it.

We cannot adopt an inflexible rule. I am aware of the fact that if this request is granted, other sections of the City might make similar requests. I am not concerned about that. Perhaps we should be more iconoclastic than we are. I think we owe an obligation to business merchants in various sections who are losing out very rapidly and are moving out of the shopping centers where business conditions are more propitious. It occurs to me that we owe an obligation of sympathetic consideration to these merchants in the East Liberty section of the City of Pittsburgh. After studying this I am totally unaware of any dire result that would flow from the granting of this particular petition.

Mr. President, since we have no power to grant this request I move that the petition be transmitted to the Director of Public Safety with the request on behalf of Council that the petition be granted.

If precedent is pointed to, it occurs to me that every time a parade is held in Pittsburgh for one, two or more hours, traffic is completely shut off, particularly in the downtown section. I am informed that this coming Thursday night there is some festivity taking place in the Shady Side district, which involves the closing off of Walnut Street for a certain period of time. The only thing these people are asking for is the reservation of parking spaces, which would not impede the flow of traffic.

Mr. Jones:

I wonder if Mr. Olbum would submit to two or three questions.

What use do they plan to make of the parking spaces?

Mr. Olbum:

They plan to have exhibits in the parking spaces. I believe arrangements

have been made with a number of automobile dealers. They will have new cars and antique cars that will occupy the normal space for cars. They will have booths of one kind or another. This will not impede pedestrian traffic either.

Mr. Jones:

My other question is this: Is it the intention of your motion to leave it as a matter of discretion with our Director of Public Safety?

Mr. Olbum:

I think this would appear to me to be within the province of the Executive Branch of the government which might involve the Bureau of Police and Traffic Planning. I should like my motion to be much stronger.

Mr. Jones:

It might be well to refer it to the Department of Public Works. They do have an interest in this because it is a street.

Mr. Olbum:

Normally this wouldn't involve parking for more than nine or ten hours.

Mr. Jones:

I think it is well that we do this because the names he read out are names that this City is depending on in the redevelopment of the East Liberty area. These men are serving without pay. We do have an interest even though it is not magnified here. On everything they sell we receive a Mercantile Tax. We owe them a duty, if we can, to help them.

And the question recurring on the adoption of the motion offered by Mr. Olbum, the motion prevailed.

And upon motion of Mr. Fagan,

Council adjourned.

The Chair:

Members of Council and His Honor, Mayor Gallagher, today we have been visited by Dr. Walter L. Winner, Pastor of Memorial Evangelical Lutheran Church on East Street.

It is a great pleasure to have you here, Dr. Winner. We feel honored by your presence and ask that you deliver the invocation.

The Reverend Walter L. Winner, D.D., Pastor, Memorial Evangelical Lutheran Church, 2800 East Street, Pittsburgh 14, Pennsylvania, delivered the following prayer:

Almighty and most gracious God,

whose mercy is from everlasting to everlasting, and whose goodness is new every morning and fresh every evening, we bow before Thee in gratitude. Thou hast preserved us in all our ways. Thou hast given wisdom for each perplexity, strength for each situation, safe guidance through every peril, and courage for every emergency. All our days have been hedged by Thy love, and all our ways have been blessed by Thy presence. May the remembrance of Thy guardianship through all our yesterdays give us confidence to face the future.

Thou hast given us this good land for our heritage, and we pray Thee that we may always prove ourselves a people mindful of Thy favor and glad to do Thy will. Save us from violence, discord and confusion; from pride and arrogance and from every evil way. Defend our liberties, and fashion into one united people, the multitudes brought hither out of many kindreds and tongues. Endue with the spirit of wisdom those to whom in Thy name we entrust the authority of government, that there may be justice and peace at home, and that through obedience to Thy law, we may show forth Thy praise among the nations of the earth.

Bless all who follow in the Master's footsteps, giving themselves to the service of their fellow men; endue them with wisdom and patience and courage. Deliver each one of us in our several callings from the service of selfishness that we may do the work Thou givest us to do with singleness of heart as Thy servants and to the benefit of our fellowmen. Guide we beseech Thee, the nations of the world into the way of Justice and truth, and establish among them that peace which is the fruit of righteousness, that they may become the kingdom of our Lord.

And now, O Father, as we lift our hearts in thanksgiving for all the blessings that Thou dost bestow upon us, we ask that Thou wilt be with the men of this Council. Guide them in the paths wherein Thou wouldst have them walk. Help them to place their lives and all that they are in Thy care and for Thy disposal as seemeth best to Thee. Be with our City during these Bicentennial days. Help us to realize how great is our inheritance. We ask it all in the name of our Saviour. Amen.

The Chair:

Thank you very much, Dr. Winner.

Also, with an affirmative recommendation,

Bill No. 2305. An Ordinance entitled, "An Ordinance authorizing the proper officers of the City of Pittsburgh to purchase from William J. Lott, Jr., and Ida B. Lott, his wife, certain property situate in the Twentieth (20th) Ward of the City of Pittsburgh, for park purposes, by the Department of Parks and Recreation, and providing for the payment of the same."

Noes: Mr. Counahan, Mr. Fagan.

When the name of Mr. Rodgers was called, he arose and said:

Mr. Rodgers:

Mr. President, I wish to make a statement concerning Bill No. 2305. I think

it is unfortunate that when this came up it was perhaps oversold because so much was said about the grandiose improvement of this at a cost of \$365,000 or \$370,000 that, I believe, includes a cantilevered platform and perhaps a memorial building of some sort of which there is some possibility that a private industry or foundation might choose to put up there. But in its essential the overlook would be a usable and a beautiful spot for the expenditure of \$35,000.

Since this Bill to purchase the property would be necessary for this smaller overlook, I am going to vote in favor of it with a definite statement that before future money is spent and before the present plan would be expanded into large sums of money I would consider it very seriously. My present thought is that I would be opposed to such an expansion as to the present plan of an overlook of \$35,000.00. I vote affirmatively.

Ayes 6. Noes 2.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 2282. An Ordinance entitled, "An Ordinance authorizing the issuance of a warrant in favor of M. A. Nernberg in the amount of One Hundred and Fifty (\$150.00) Dollars for services performed for the Bureau of Police, Department of Public Safety, for the benefit of the City of Pittsburgh without previous authority of law."

In Committee on Finance, March 31, 1959, bill read and amended in Section 1 by inserting in the blank space the words "Code Account No. 42, Contingent Fund," and as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. McCarthy moved

That the amendment of the Committee on Finance be agreed to.

Which motion prevailed.

And the bill, as amended in committee and agreed to by Council, was read.

Mr. McCarthy moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

Mr. President, last week at the meeting of the Committee on Finance a committee, consisting of Mr. Olbum and myself, was appointed to draft a suitable resolution on the death of Paul H. Nolan, a member of the Bureau of Police and Sergeant-at-Arms in Council.

Your committee has performed the duty of preparing such a resolution, I am pleased to present it at this time.

Mr. Fagan presented

No. 2354. Paul H. Nolan, 47, member of the Bureau of Police, and Sergeant-at-Arms for Council, passed away Monday, March 30, 1959.

Mr. Nolan was born and reared in Pittsburgh and lived in his native city all these years.

During World War II he served as Sergeant of the First Marine Division, and served his country with distinction and bravery.

He was employed by the City as a Patrolman for 15 years, having patrolled beats in various sections of the City, including his own home district, Mount Washington, and later was assigned to the Traffic Division, and many of his later years in this Division was assigned to the corner of Forbes Avenue and Grant Street within the shadow of the City-County Building before assuming his duties as Sergeant-at-Arms in Council. He served with credit and honor to the police bureau and was respected by his superiors and fellow-officers and all with whom he came in contact.

He had the gift of a great heart, was sincere, and had boundless faith in his fellowmen. No one ever heard him say a single disparaging word about any one, and always looked at the positive side of every one. In his private life, the same fine traits of character that gained for him so much of public esteem, made of him an exemplary husband.

It is fitting and proper that the Mayor and the Council should take notice of

his unexpected and untimely death;
Therefore,

The Mayor and the Members of Council of Pittsburgh hereby express their sincere sympathy to the bereaved wife and friends in the great loss which they sustained by the death of a loving husband and a loyal friend; and further express their deep sorrow for the great loss which the City and its citizens have sustained by his passing; and further

That a copy of these resolutions be sent to the wife of Paul H. Nolan.

Which was read.

Mr. Fagan moved

The adoption of the resolution.

Which motion prevailed by a rising vote.

And the Council adjourned out of respect to the memory of Paul H. Nolan.

The Chair:

Ladies and gentlemen of Council, I delayed opening the meeting so that all our members would be present because today we are the recipients of a particular honor as you know. But for the benefit of the audience I would like to say that we have been opening our Council Meetings with prayer for some time. We have had many honored and esteemed ministers, priests and rabbis from all the churches in Pittsburgh and vicinity who have been so kind to come here and visit us for that purpose. But never have we had before this day the father of one of our own members. So that this is indeed a remarkable and wonderful experience for all of us, and I am sure in particular for our colleague and friend, Councilman Paul F. Jones.

It is a pleasure indeed to request his father, Reverend W. Augustus Jones,

Pastor Emeritus, Fifth Street Baptist Church, Louisville, Kentucky, to pronounce the invocation.

The Reverend W. Augustus Jones, Pastor Emeritus, Fifth Street Baptist Church, Louisville, Kentucky, delivered the following prayer:

Our Father, God, we lift up our voices and praise Thee. We thank Thee for Thy leadership and Thy guidance. We thank Thee for all Thou hast done for us. We rejoice that it is our privilege to be present at this Council of this great city for this great session. We pray that Thou will be with us this afternoon.

Bless the Mayor of the City. Bless the Council and all its members. Grant, our heavenly Father, that peace follow us and joy fill our hearts. Grant us strength when we are in darkness. Lead us into the light. When we need guidance, You are our Guide.

We pray that Thou will be with every member of this Council. Throw Your arms around them and help them to understand. Help them to prepare for this service to their people. Bless this city with all its different manufacturers and ramifications of industry. We pray that Thou will bless the members of this audience as they are gathered here today. For Christ's saks. Amen.

The Chair:

Thank you very much, Reverend Jones. We are most happy to have you with us.

Mr. Fagan:

Mr. President, Reverend Jones and Members of Council, Bill No. 2331, File No. 1301, is an ordinance providing for a contract or contracts jointly with the County of Allegheny for the furnishing and installing of a new Cooling Tank for the drinking water system in the City-County Building for the Department of Lands and Buildings and the Department of Property and Supplies of the County of Allegheny and for the payment of the cost thereof.

I might say in connection with the installation of this tank that I have made an investigation of it, Mr. President. It has deteriorated considerably and must be replaced. The tank that is now in operation cost us \$1,600 in 1951. It was a Cooler for the Bureau of Accounts, Department of Lands and Buildings. The \$1,600 was just the cost of the tank. It was installed by the steam-fitters. The cost of the new tank is \$6,000.00. Three thousand dollars will be paid by the City and three thousand dollars will be paid by the County.

We have in the City-County Building forty-two drinking fountains. Naturally that water is furnished for the employees of the City of Pittsburgh and the citi-

zens of the City who come to do business here. It is an absolute necessity that we have a cooling system because I don't think there is any citizen that would want to come in and drink water that isn't palatable, especially in the summer when you drink a lot more water than you do any other time of the year. So in my opinion this is an absolute must in order to carry on the affairs of our government in a sane and sensible manner. If this water wasn't cooled there would probably be steam coming from it.

After a thorough investigation of this situation, Mr. President, I recommend the adoption of this ordinance.

Mr. Rodgers:

Mr. President, I should like to ask Mr. Fagan whether his investigation disclosed whether there were other coolers in use in City Hall.

Mr. Fagan:

I might say for the benefit of Councilman Rodgers that in the Office of the City Clerk we have a cooler of distilled water that is just for the Councilmen. The employees are supposed to go out to the fountain to drink. I drink very often from the fountains in the hall when the water is palatable. As far as I am concerned, they can take the distilled water out before the day is over in this or any other room or office in City Hall.

The Chair:

Gentlemen, I think I will vote on this, although I perhaps shouldn't vote at all. I used to drink water quite a bit, but I have changed to soda.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

No. 2387. Whereas, A merry band of bold Pirates, brandishing wooden cutlasses and hurling cowhide-covered pellets, have swarmed into this City of Pittsburgh in this month of April, the Bicentennial Year of Our Lord 1959; and

Whereas, These belting buccaneers are intent on stealing the hearts of the populace with their dash and daring athletic prowess; and

Whereas, Under the swashbuckling leadership of Cap'n Danny Murtaugh, a determined crew of corsairs are bent on scuttling and laying waste their diamond adversaries; and

Whereas, We all readily recognize and welcome this proud and talented Pirate crew as our own beloved Pittsburgh Baseball team; Therefore, Be It

Resolved, That Mayor Thomas J. THE WATSON PRESBYTERIAN CHURCH

Perrysville and Riverview Avenues
Pittsburgh 14, Pennsylvania,

April 7, 1949.

Mr. Fred G. Weir
President, Pro tem of Council
City of Pittsburgh
Pittsburgh 19, Pa.

Dear Mr. Weir:

The Board of Trustees of Watson Presbyterian Church, at their regular monthly meeting held last evening, April 6th, on motion made and unanimously adopted, instructed me to write you a letter of thanks and appreciation for having the Riverview Park grounds adjacent to the Church cleaned up. Will you please convey to Mr. Robert J. Templeton, Director of Parks and Recreation, our appreciation of the work and also commend he and his organization on a job very well done.

Very truly yours,

Alexander R. Chambers
President, Board of Trustees

Which was read, received and filed, and copy ordered sent to Robert J. Templeton, Director, Department of Parks and Recreation.

Mr. Fagan:

Mr. President, the ladies present today are members of the F. D. R. Club, 13th Ward. I think it would be very

appropriate, Mr. Jones, if you would address them and tell them of the functions and procedure of Council.

Mr. Jones:

Mr. President, just to acquaint you with the presence of this group, some weeks ago I was a guest at one of their meetings in Homewood. They are from the Thirteenth Ward. They are our friends. They have worked actively in that district under the leadership of Mrs. Kirk, the Chairman. Their organization is called the Franklin Delano Roosevelt Club. They have been active in several campaigns and have done valuable work for our election and re-election. They are here today not to make formal protests, but to acquaint themselves with the operation of their City government.

I am hopeful that by their example other groups in the City will avail themselves to see how the City government operates. They are property owners, home owners and stalwart supporters of the Party.

The Chair:

I had been under the mistaken impression until now that you probably were here for one of the Zoning hearings which are to be held after this formal meeting of Council. Evidently we have some high-priced counsel here for the zoning hearings but not many ordinary citizens. They are scheduled for 2:30 P. M. and I, therefore, don't wish to delay them too much.

I would like to say to you that you have been witnessing here what is the formal legislative meeting of Council, which is held every Monday at 2:00 P. M. Nothing of a very controversial nature occurred here today. There was a slight disagreement on the temperature of drinking water.

What you saw occur first was the presentation of papers. Mr. John F. Couna-

han, Chairman of the Committee on Filtration and Water presented his papers. Following were Mrs. D'Ascenzo, Chairman of the Committee on Parks, Recreation and Libraries, Mr. Patrick Fagan, Chairman, Committee on Lands, Buildings and Housing, Mr. Paul F. Jones, Chairman, Committee on Service and Surveys, also Redevelopment, Mr. David Olbum, Chairman, Committee on Public Safety, Mr. Charles D. McCarthy, Committee on Finance, and Mr. Rodgers, Committee on Public Works, presenting their recommended bills. They might present bills or matters that they might not necessarily endorse, but which some citizen has asked to be put in for the consideration of Council. Automatically those papers are referred to committees who will hold meetings tomorrow. They may finish them tomorrow or some later date. There is no particular time that a legislative body acts. It acts when the majority has made up their minds.

The Clerk read the bills three times. Those were the reports coming out of Committee, back to Council, on which we voted. Of course, they were already discussed in the Committee meeting. Once in a while there is quite a debate, but nothing like that occurred today.

The bills should, under the rules, be read on three different Mondays. But if two-thirds of Council agrees to suspend the rules by their votes, it is possible to pass these bills the same day. In other words, an ordinance can be enacted within a week. If you have any questions, I would be happy to try to answer them.

Mr. Jones moved

That the Minutes of Council of Monday, April 6, 1959, be approved.

Which motion prevailed.

And upon motion of Mr. Fagan,

Council adjourned.

MOTIONS AND RESOLUTIONS

The Chair presented

No. 2420. Whereas, Flood control measures of the Federal Government have been one of the key factors in the recent revitalization of the Pittsburgh area, and whereas continued flood control protection is vital to the future economic development of the entire Allegheny and upper Ohio Valley river basins, and consequently, the healthy growth of our nation; and

Whereas, The present network of dams annually has avoided property destruction in terms of countless millions of dollars and has prevented the loss of human lives; and

Whereas, Despite these dams and reservoirs, flooding still occurs and in the past January took a toll in property damages estimated at \$20 million along the Allegheny and Ohio Rivers alone; and

Whereas, The key unit to the flood control system is the Allegheny River Reservoir near Warren, Pennsylvania, and whereas this project was authorized by Congress in 1936 and still has not been started despite the strong support of civic, business and governmental interests; and

Whereas, There are prospects that the long litigation, partially responsible for delaying this project, is likely to be concluded this year, and consequently, the United States Army Engineers estimate

that a minimum of \$2 million should be appropriated in the budget currently being considered by Congress;

Now, Therefore, Be It Resolved, That in the best interests of hundreds of thousands of citizens in the Pittsburgh region, the Council of the City of Pittsburgh earnestly beseeches and strongly urges that Congress appropriate these necessary funds, and further, that Congress do everything in its power to expedite the start of this vital and urgently-needed project.

Which was read.

Which motion prevailed.

Also

Whereas, The increases proposed within the City of Pittsburgh are substantially higher than the average throughout the State, including increases in bodily injury rates for private passenger cars by 26 per cent and property damage rates for private passenger cars by 16 per cent; Now, Therefore, Be It

Resolved, That the City Solicitor be and he is hereby authorized and directed to request the Insurance Commissioner of Pennsylvania to hold public hearings to determine whether the proposed increases in automobile liability insurance rates are justified and to participate in any hearings which are held.

Which was read.

Mr. Jones moved

Council met.

Present:—

Mr. Counahan	Mr. McCarthy
Mrs. D'Ascenzo	Mr. Olburn
Mr. Fagan	Mr. Rodgers
Mr. Jones	Mr. Weir (Pres't Pro tem)

The Chair:

Ladies and Gentlemen of Council, on Perrysville Avenue at Riverview Avenue, near where I live, there is a historic location that was occupied by the famous Gusky Home. The parentless children were placed in private homes and the building stood there unoccupied for some time. It was then taken over by the Byzantine Catholic Seminary of Saints Cyril and Methodius, which you have probably observed in passing by. They have not only rehabilitated it and beautified it, but have made a beautiful spot of the whole area. It is one of the best neighbors anyone could have.

I am especially pleased to welcome here today the Reverend John S. Kocisko, Spiritual Director of this seminary, and ask him to deliver the invocation.

The Reverend John S. Kocisko, Spiritual Director of the Byzantine Catholic Seminary of Saints Cyril and Methodius, 3643 Perrysville Avenue, Pittsburgh 14, Pennsylvania, delivered the following prayer:

O Almighty God, here present by Thine invisible presence, Thou Who hast made all things and hast bestowed upon us from the bounty of Thy goodness of the fruit of the earth, we thank Thee for Thy generosity towards mankind and towards our community.

We humbly beseech Thee to continue to shower Thy blessings upon us and to so guide the minds and hearts of the members of this Council that, in justice and wisdom, fortitude and charity, they may always make those decisions which are in the best interests of the community and in conformity with Thy Divine Will.

May they labor zealously in governing this community so as to primarily please Thee and thus obtain from Your generosity a fitting reward both in this world and in the world to come. Amen.

The Chair:

Thank you very much, Father.

ONE HUNDRED TENTH COUNCIL

Council met.

Present:—

Mr. Counahan	Mr. McCarthy
Mrs. D'Ascenzo	Mr. Olbum
Mr. Fagan	Mr. Rodgers
Mr. Jones	Mr. Weir (Pres't Pro tem)

The Chair:

Gentlemen, it is a pleasure for me today to welcome a minister of one of our Northside churches. It seems that we have had quite a few public spirited ministers here, which is natural, because most Northsiders are public spirited.

It is a great pleasure to learn that I am a neighbor of Rev. Anschuetz. I am glad to welcome you here. We would appreciate it very much if you would favor us with a prayer.

The Reverend Robert H. Anschuetz, Pastor, St. Luke's Lutheran Church, 2235 Federal Street, Pittsburgh, Pa., delivered the following prayer:

Almighty and most merciful God, we ask Thee to be with us this day. Guard us and guide us in the way in which

Thou would have us to go. Keep us ever mindful of the great responsibility which is ours. Help us both to know and to do Thy will. Lord God, our trust is in Thee; let us never be ashamed. We know that by remaining true to Thee we serve our people best. Let the words of our mouths and the meditations of our hearts be acceptable in Thy sight, O Lord, our strength and our redeemer.

This we pray in the name of Jesus Christ, Thy Son, our Lord, Who liveth and reigneth with Thee and the Holy Ghost, ever one God, world without end. Amen.

The Chair:

The Reverend Anschuetz is the pastor of the St. Luke's Lutheran Church, 2235 Federal Street. His home is rather close to where we live on Perrysville Avenue. If you happen to be on the Northside on Sunday, I am sure he would be delighted to see you at his church or any other church.

The Chair:

Following our custom of some time, we have a very distinguished member of the clergy with us today, who was invited and graciously assented to pronounce the invocation.

It is a distinct pleasure for me to welcome him as Pastor of one of the oldest and best known churches in Pittsburgh. He is well known to all of us. His church is located on Sixth Avenue, one of the historic points in our city.

I will ask the Reverend Robert J. Lamont, Pastor of the First Presbyterian Church of Pittsburgh to pronounce the invocation.

The Reverend Robert J. Lamont, Pastor, First Presbyterian Church, Sixth

Avenue, Pittsburgh 19, Pennsylvania, delivered the following prayer:

We pray, our Father, that Thou will still our hearts that we may be very conscious that Thou has made us and that life is a stewardship that Thou has accorded to us and that our responsibility is not ultimately to those that cast the votes but to God who placed within us a mind, a conscience, and a heart.

We pray that because we attempt in life to honor it that, therefore, our services to our fellowmen will be acceptable and useful in this great city. To that end we claim the wisdom that Thou hast promised and the courage of conviction that grows out of faith.

We ask it in the name of Thy Son and Saviour, Jesus Christ, Our Lord. Amen.

Thank, you, Reverend Lamont.

Mr. Fagan	Mr. Weir (Pres't
Mr. Jones	Pro tem)
Mr. McCarthy	

The Chair:

Members of Council, it is an honor and a pleasure for me to state that today we have with us the Reverend Thomas O'Connor, Assistant Pastor of St. Agnes R. C. Church. Father O'Connor was invited here by our colleague, Mr. Fagan.

I want to say to you, Father O'Connor, that it is a great honor to have you with us today, particularly because you are a friend of Mr. Fagan.

I might say that Father O'Connor has one outstanding distinction. He formerly was Chaplain of the Bureau of Fire.

Again I say we are delighted to have you with us, and will ask you to kindly pronounce the invocation.

The Reverend Thomas O'Connor,

Assistant Pastor, St. Agnes R. C. Church, Pittsburgh, Pennsylvania, delivered the following prayer:

O' ineffable Creator, who from the riches of Thy wisdom did appoint three hierarchies of angels and did set them in wondrous order over the highest heavens, and who did apportion the elements of the world most wisely; do Thou who are in truth the fountain of light and wisdom, deign to shed upon the darkness of our understanding the rays of Thy infinite brightness, and remove from us the darkness of ignorance in which we were born. Instruct our tongues and pour onto our lips the grace of Thy benediction. Give us keenness of apprehension, capacity in remembering, method and ease in learning, insight in interpretation and copious eloquence in speaking.

Suffer us not to disturb the order of justice; Thou who loves equity above all things; let not ignorance draw us into devious paths, nor partiality sway our minds, neither let respect of riches or persons pervert our judgment; but unite us to Thee by the gift of Thy grace, that we may be one in Thee and may never forsake the truth. As we are gathered together for Thy glory and the welfare of our people—instruct our beginning, direct our progress and set Thy seal upon our finished work, God, Who liveth and reigneth world without end. Amen.

The Chair:

I understand Father O'Connor cannot stay with us. We do want to thank you for coming.

DEPARTMENT OF CITY CONTROLLER
Pittsburgh, May 15, 1959
Chairman and Members of
Finance Committee
City of Pittsburgh

Gentlemen:

This is to acknowledge receipt of your communication of May 12, 1959, relative to Bill No. 2474.

The Engineer-Inspector of this Department examined the building of the new Three and Four Fire Stations and in his report to me he approves the work of the contractor completed to date.

I am, therefore, of the opinion that the reduction of the retained percentage from 15 percent to 3 percent will be sufficient to warrant the completion of the contract.

Very truly yours,

Edward R. Frey,
City Controller

Which was read, received and filed.

Mr. McCarthy moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Rodgers:

Mr. President, I would like to ask a question. I think I know the answer, but on Bill No. 2474, am I correct in my information that this changes the terms of the contract that was advertised and entered into?

The Chair:

This is a rather difficult legal question to answer. I believe in this case the man came to see me. It is my recollection that during the period of this work he was held up. Is he not now held up by the painters' strike?

Mr. Rodgers:

I haven't heard anything about that.

The Chair:

I understand that it is practically completed.

Mr. Fagan:

On File No. 1388, Bill No. 2474, I might say for the information of Council that Ward Murphy, who is the engineer from the Controller's office, and I visited this property last Wednesday. The contractor has practically completed it, at least 99% of it. They are doing little landscaping in front of the building on Forbes Avenue. Mr. Winner is the general contractor. The plumbing contract is separate. The same is true of the electric contract. The work being done by Mr. Winner is almost completed.

*Of course, Ward Murphy and I were there. We went all over the building. In a discussion held a week ago last Tuesday, someone said the doors were not operating. That was on Engine House No. 23 on Brownsville Road. That Engine House was not erected by Mr. Winner.

In the opinion of Mr. Ward Murphy and I, and as stated by the President of Council, that as the result of a hard winter, Mr. Winner was held up in some of the things he was doing. He is ready to turn the building over to the City as soon as the plumbing, electric and heating contractors complete their jobs.

The Chair:

Mr. Rodgers raises the question "With

little work to be done, why doesn't he do it?" I am satisfied that there is some reason beyond his control that he doesn't finish this minor part that remains. This has apparently existed for quite a while.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—

Mr. Counahan	Mr. McCarthy
Mrs. D'Ascenzo	Mr. Olbum
Mr. Fagan	Mr. Weir (Pres't
Mr. Jones	Pro tem)

Noes: Mr. Rodgers.

When the name of Mr. Rodgers was called, he arose and said:

Mr. Rodgers:

I vote "yes" on all Bills except Bill No. 2474, on which I vote "no," because it is varying the terms of a contract duly entered into.

Ayes 7. Noes 1.

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also

Bill No. 2486. An Ordinance entitled, "An Ordinance authorizing and directing the Mayor of the City of Pittsburgh to issue and the City Controller to Countersign warrants in favor of the County of Allegheny and the School District of Pittsburgh for their interest in a \$4.80 water charge against property sold to A. M. Weigand and Katherine M. Weigand, pursuant to Order of Common Pleas Court at No. 2854, July Term, 1957."

DEPARTMENT OF LAW

May 15, 1959

President and Members of Council

City of Pittsburgh

In re: Bill No. 2400

Gentlemen:

On Bill No. 2400, being a communication vacating an unnamed way adjacent to Lot 14 in the Hawthorn Plan from Strachan Avenue to the north line of Dodds Avenue, on whether the City of Pittsburgh will be held harmless by the vacation of said unnamed way, we wish to advise that the owners of the property (Lot 14) and other parties interested in said plan have filed a petition for said vacation and have agreed in writing to waive damages and to protect the City of Pittsburgh in the event of any claim made by reason of said vacation.

The Bureau of Surveys is of the opinion that there can be no use made of the said way to be vacated and the City Planning Commission in its report to Council on May 1, 1959, recommends the vacation of said unnamed way be approved because the street is not now nor is it likely to be needed for street purposes.

The waiver in the petition filed is in our opinion sufficient to protect the City of Pittsburgh from any claim for damages.

Very truly yours,

DAVID STAHL

MOTIONS AND RESOLUTIONS

Mr. Iodgers:

Mr. President, Charles W. Gordon has requested the opportunity of addressing this body. It would be most foolhardy on my part to attempt to say in advance what his subject will be, but I move that permission be granted Mr. Gordon to address Council.

The Chair:

Has he given you any indication of the length of time he will use?

Mr. Fagan:

I second the motion. I understand he wants to say a few words about Judge Carr who passed away in Fayette County. At least that is what he intimated to me. If there is any other subject matter, I know nothing about it.

The Chair:

When did Judge Carr die?

Mr. Fagan:

Last Saturday. It was very sudden.

The Chair:

I didn't know that. He certainly was a renowned judge. Mr. Gordon, will you come up please?

Mr. Gordon:

Mr. President, Mrs. D'Ascenzo and gentlemen of Council: I had many things on my mind to say when I came here today, but on Saturday an old friend

of mine died. He is being buried about this time in Uniontown.

I looked to him for counsel when I was a boy. I came from Uniontown and got my start there. I came in the other day to talk about juvenile delinquency with Mrs. D'Ascenzo. I turned the paper over to her. I had to go borrow the paper because that was the only copy I had.

I respectfully ask Mr. Fagan to read this. When I went to the second floor somebody took my glasses.

Mr. Fagan:

Our clerk, Mr. Boxheimer, will read it.

The poem is as follows:

Not how did he die,
But how did he live?
Not what did he gain,
But what did he give?
These are the merits to measure the
worth of a man, as a man regardless
of birth.
Not what was his station,
But had he a heart,
And how did he play his God given part?
Was he ever ready with a word of good
cheer to bring a smile to banish a
tear?
Not what was his church,
Nor what was his creed,
But had he befriended those really in
need?
Not what did the sketch in the news-
paper say,
But how many were sorry when he passed
away?

The Chair:

Thank you, sir.

The Chair:

Ladies and gentlemen, before we proceed with the remainder of our business I would like to make a few remarks. You will recall that we have discussed among ourselves the resolution which has been passed by the Commission on Human Relations in regard to the long, unselfish service of Frederick C. McKee and Dean Moor to the Commission and to the cause of race relations in the City of Pittsburgh.

It has been suggested that it would be appropriate that this resolution be incorporated in the Minutes of this Council. I know, because of discussing it with each of you separately, that it is the unanimous wish of this body that this be done.

I say in behalf of everyone of you that we subscribe wholeheartedly and without reservation to the statements of praise of these men that is contained in this resolution. I think too that it would be appropriate for us to send copies of our record to Mr. Frederick C. McKee and Dean N. R. H. Moor when it is printed.

The resolution adopted by the Commission on Human Relations regarding these two distinguished members of the Commission is as follows:

A RESOLUTION

The Commissioners and Staff of the Commission on Human Relations of the City of Pittsburgh acknowledges with deep appreciation and sincere gratitude the guidance and direction they have had over the years from the Co-Chairmen of the Commission. Frederick C. McKee and Dean N. R. H. Moor served continuously from the time of their election at the organizational meeting of the newly appointed Commission on September 22, 1955 until the present, May 11, 1959. It is with understanding but nevertheless with regret that we accept their wish to step down to the ordinary ranks as Members of the Commission. Their previous leadership role will always make them extra-ordinary members.

The names, Moor and McKee, have been identified in the minds of all of our citizens with the continuing struggle to secure equal rights and opportunities for all. Frederick C. McKee was one of the original appointees to the Civic Unity Council in 1946 and Dean N. R. H. Moor was appointed in 1952. A few months after his appointment, Dean Moor was elected Chairman of the Civic Unity Council and served in that capacity until it was merged into the Commission on Human Relations in 1955. Frederick C. McKee, while remaining on the Civic Unity Council, was also appointed to serve on the Fair Employment Practices Commission when it was organized in February, 1953. He was elected

Chairman of the FEPC and continued to serve in that capacity until it was merged into the Commission on Human Relations in 1955.

The achievements of the Commission and its predecessor bodies are numerous and outstanding. This could not have been accomplished without the wise counsel, continuing leadership and faithful service of our Co-Chairmen. During the last seven years this governmental agency has developed methods and techniques and applied them with success in delineating the inter-group relations problems of this community, bringing these forcefully to the attention of the citizens and community organizations, and a measure of success in their resolution. The Pittsburgh Commission now has the most comprehensive legal base for its program operation of any municipal agency in the U. S. The increased financial support from tax funds and the enlargement of staff and program attest to the acceptance and success of the Commission. The members of the Commission have been stimulated and encouraged to follow the example of the Co-Chairman in their participation and in their regular attendance, both have a record over the years which exceeds ninety per cent attendance at regular

meetings. Their influence with people in high positions of leadership in all areas of community life has contributed much to the acceptance and success of the Commission.

Therefore, be it resolved, and spread upon the Minutes of the meeting on May 11, 1959, that all Commissioners and Staff have an abiding love and affection, as well as a deep appreciation, for Dean N. R. H. Moor and Frederick C. McKee. Their dedicated, unselfish, and wise leadership has been an inspiration to us all. We do not expect this to diminish as they now join the ranks to serve under the newly elected officers.

M. Fagan:

I move that copies of the Minutes of today's meeting be forwarded to Frederick C. McKee and Dean N. R. H. Moor.

(Seconded by Mr. Jones.)

Which motion prevailed.

Mr. Counahan moved

That the Minutes of Council of Monday, May 11, 1959, be approved.

Which motion prevailed.

And upon motion of Mr. McCarthy,

Council adjourned.

The Chair:

Ladies and gentlemen, once again we are honored with the presence of a clergyman from the Northside, and once again for further emphasis, from my own neighborhood. I don't know what accounts for all these gentlemen being from my neighborhood, unless they are coming down to find out about me.

I found, when I came in and met Reverend Larson, that Reginald Bethel, our esteemed major domo, rushed over and greeted him. I learned for the first time that we have artistic talent that I was not aware of. It seems that the Reverend and Reginald participated together in an important Centennial pageant of the United Presbyterian Church in 1958. We will have to find out later about that.

This is the Reverend Robert F. Larson, Pastor, North United Presbyterian Church. I will ask if you will kindly pronounce the invocation.

The Reverend Robert F. Larson, Pastor, North United Presbyterian Church, Pittsburgh 14, Pennsylvania, delivered the following prayer:

Our Father, may we be made worthy of calling Thee Father, and may we be taught by Thee to treat all Thy children as brothers and to be unmindful of their race, background and other temporal conditions. We ask Thy guidance for this court of authority that the members will be careful in reflecting the will and guarding the welfare of the people, but more important, that they will be zealous in reflecting Thy will in all their deliberations. Help us to remember that all authority is given by Thee and that nothing in reality is possessed of Caesar, that all that we have and are belongs to Thee.

Invoking the presence of Thy Spirit of Truth and Love, we offer this prayer in the name of Jesus Christ. Amen.

The Chair:

Thank you very much Reverend Larson.

ONE HUNDRED TENTH COUNCIL

Council met.

Present:—

Mr. Counahan	Mr. McCarthy

Absent:—Mr. Olbum.

The Chair:

Ladies and gentlemen of Council, I was informed by Mr. McCarthy a short time ago that he had the privilege of inviting a very distinguished clergyman to come to our meeting of today to pronounce the invocation. I had the pleasure of talking to Father Brown and learned, as Mr. McCarthy had said earlier, that Father Brown has been actively engaged for many years in civic, cultural and I think even athletic activities in the City of Pittsburgh. He is apparently well known to most of you.

It is a great pleasure to have you here, Father Brown, and would ask you to pronounce the invocation.

The Reverend Thomas C. Brown, Pas-

tor, St. James R. C. Church, West End, Pittsburgh, Pennsylvania, delivered the following prayer:

O' Lord, I call upon Thee to put the hand of blessing upon the men of this body to enlighten their minds that they will understand and know the truth, and bend their wills that they will come forward with all those things which they discover within the realm of their intelligence, barring all discrimination and ideas of religion, color or race, remembering that everyone is created equal in the sight of Almighty God, and that there is no black, no red and no white. Everything before God is equal as far as the Creator controls the body and soul.

When they are determining some fact or giving out some privilege, let them not be influenced by wealth, by friendship, by religion, by color, but let them give according to the discrimination of their own conscience, bearing in mind their image and likeness to Almighty God, that each and every act they perform will be for the benefit not only of some individual, but rather the benefit of the community which elected them to office of security of their welfare. Let them also bear in mind that God above is the ruler of all things and that they stand at His place as a ruling body within this great city of ours. Let their hearts and minds be also bent to the common good, not to any particular individual, place or firm, but to that which will serve the common good of the community no matter what it may cost them in their lives, so they can lay down at night or when all this is over and say "My God, I did my work with a clear conscience."

The Chair:

BASKIN & BASKIN
Attorneys-at-Law

Pittsburgh, June 1, 1959

Council of City of Pittsburgh
City-County Building
Pittsburgh 19, Pennsylvania.

Gentlemen:

Enclosed please find a letter addressed to City Council by R. Stewart Scott, equitable title holder of property involved in the proposed amendment to the zoning ordinance under Bill No. 2429, which states that upon acquisition of record title, he will deed to the City of Pittsburgh, 30 feet of frontage for street widening purposes in a manner similar to the conveyance by Northside Packing Company.

Very truly yours,

Baskin & Baskin
By Seymour Baskin

Pittsburgh, May 29, 1959

City Council of Pittsburgh
City-County Building
Pittsburgh 19, Pennsylvania.

Gentlemen:

The undersigned, as equitable title holder under agreement of sale with Regis W. Stalter and Helen R. Stalter, his wife, sellers, which land fronts along Spring Garden Avenue and is a portion of the premises involved in the amendment to the zoning ordinance under Bill No. 2429 hereby consents and agrees that the undersigned, will upon acquisition of legal title, grant and dedicate to the City of Pittsburgh, a strip of land 30 feet wide fronting along Spring Garden Avenue along the entire width of the property aforesaid for purposes of future street widening of Spring Garden Avenue, said 30 feet to be used by the undersigned until and unless said avenue is widened and the undersigned agrees to waive damages in connection with said dedication and any future widening of said Spring Garden Avenue as affects the premises to be acquired by the undersigned.

The undersigned intends to be legally bound hereby.

Very truly yours,
R. Stewart Scott

Which was read, received and filed.

Mr. Rodgers moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

The Chair:

That is just a letter.

Mr. Rodgers:

That has not passed upon by the Law Department.

The Chair:

There hasn't been time for that. This matter just came up in Committee on Tuesday.

Mr. Rodgers:

It follows the same procedure as North Side Packing Company. The only difference is that this man is not the record title owner, but merely the equitable owner. However, I am satisfied with it in its present form.

The Chair:

Who will follow this up?

Mr. Rodgers:

I was thinking that perhaps this should be referred to the Law Department. It should be sent to the Law Department for safe keeping and also to follow up on the intent of the parties.

Mr. Jones:

If he makes that as a motion, Mr. President, I will second it because I believe it was our intent in Committee that it would be in the nature of a covenant, running with the land.

Mr. Rodgers:

My thought was that it would be passed in its present shape. That would be my motion.

Mr. Jones:

And referred to the Law Department to see if the City's interest is protected.

The Chair:

He says he will as soon as he is able to.

Mr. Fagan:

He has to be the title owner.

The Chair:

Not directly speaking.

Mr. Jones:

Mr. President, might I ask you a question? Are you satisfied?

The Chair:

I am satisfied except for this point: Whose business is it going to be to see to it that this gets done within the next month—unless we ask Mr. Baskin to report back to us within two weeks.

Mr. Jones:

He doesn't have legal title.

The Chair:

He could give that in advance.

Mr. Jones:

On the basis of equitable title?

The Chair:

Yes, and legal title when he gets it.

Mr. Jones:

With sufficient contract so the City could enforce it if it becomes necessary that we do so.

The Chair:

I don't think we could enforce the letter.

Mr. Jones:

Would someone be willing to make a motion that Mr. Baskin report back to us in time, not to exceed three weeks.

Mr. Fagan:

You mean to carry out the stipulation.

Mr. Jones:

Mr. Chairman, I will make that motion, because I believe all that is holding this man from taking legal title is the zoning. I think after it is away, nothing will prevent him from doing so. I will make the motion, making it not to exceed thirty days.

Mr. Jones moved

That the prospective purchaser of the property, through his attorneys, Baskin and Baskin, submit within thirty (30) days a deed of dedication for the 30-foot strip for the widening of Spring Garden Avenue.

Which motion prevailed.

The Chair:

Ladies and gentlemen of Council, our good friend, Mr. Thompson, is here because of this last ordinance, Bill 2545, File No. 1437, relating to Outdoor Advertising. He approached me before the

meeting and said he was not aware that any matter was under consideration. I can see where that well would be. There won't be any other public notice of the matter. He asked if he could speak to us on this. I would be happy if you would grant him that privilege.

Mr. Rodgers:

I so move, Mr. President.

The Chair:

I will ask you, Mr. Thompson, to make your remarks very brief because we have a hearing scheduled for 2:30.

Mr. Thompson:

My remarks will be very brief, Mr. President.

For the record, I am Arthur F. Thompson, Attorney, Berger Building. The resolution which you have before you refers to the so-called "Hey Mabel" sign across the hill. The gist of the resolution is that the City will delay for a period of approximately two years its privilege of having the sign removed from the hillside, based on their agreement with the railroad company, which is conveying certain property to the City. The Outdoor Advertising Company proposes to give certain valuable land to the City in return for this privilege.

It is my contention that this land has very little value to the City in as much as it is a special district that would not permit signs to be on, or any other structure that would be obnoxious to redevelopment. In my way of thinking it would be improper and inadvisable for the City to let the sign remain one more day than it could legally remain. I think it is entirely out of keeping with the proposed efforts of the Renaissance, and should be removed at the first opportunity. In fact, it ought to be removed the very first day you can. I don't think the City is getting a thing in granting this privilege. I ask that the matter be reconsidered before final passage.

The Chair:

Mr. Thompson, I might say that what we understand we are getting is very clear. The Pittsburgh Outdoor Advertising Company will still own a portion of the area on which the large sign stands. They, of course, could have a

sign on the hillside within their own property lines forever, regardless of zoning, because it would be a legal nonconforming use. In other words, they could cut down the size of the existing sign.

The argument that persuaded us to let it remain approximately two years was that at that time the sign would be eliminated completely and forever; whereas if we do not do this we have no assurance that there will be no sign there, smaller, but forever.

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—

Mr. Counahan	Mr. McCarthy
Mrs. D'Ascenzo	Mr. Rodgers
Mr. Fagan	Mr. Weir (Pres't
Mr. Jones	Pro tem)

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Absent:—Mrs. D'Ascenzo.

The Chair:

Gentlemen of Council, as I came in today I was introduced to the Reverend R. W. Twiggs, Monumental Baptist Church on Wylie Avenue. Of course, I immediately asked Reverend Twiggs was his church being torn down, or was it going to stand.

I didn't realize at the time that you were down here to protest against the demolition of your church.

I found to my great surprise that one of our colleagues, Mr. Jones, had invited Reverend Twiggs here to pronounce the invocation.

It is certainly very kind of you to come here. We would appreciate it very much if you will pronounce the invocation.

The Reverend R. W. Twiggs, Monumental Baptist Church, Wylie Avenue, Pittsburgh 19, Pennsylvania, delivered the following prayer:

Let us bow our heads and pray.

O God our help in ages past, our hope for years to come, our shelter from the stormy blast, and our eternal home! Eternity, with all its years, stands present in Thy view; to Thee, there's nothing old appears, Great God, there's nothing new.

We praise Thee, O Lord, with all our soul and all that is within us. We bless your holy Name. We thank Thee for all of Your benefits; Who forgiveth all our iniquities; Who healeth all our diseases, Who redeemeth our lives from destruction; Who crowneth us with loving kindness and tender mercies; Who satisfieth our mouths with good things; so that our youth is renewed like the eagle's.

We thank Thee, O God, for life and liberty; for the freedoms and democracies which were made possible because of those who had faith in Thee, faith in all people, and faith in themselves.

We thank Thee, O God for these Thy servants, the servants of Thy people, who have dedicated themselves to the principles of democracy, that all people may have equal privilege to live, to work and to enjoy the blessings which Thou hath given to Thy children. Give these men the power, the wisdom, and the love to serve with dignity and success. May Thy presence be with them and give them peace.

And the God of peace Who brought again from the dead our Lord Jesus Christ, that Great Shepherd of the sheep, through the Blood of the Everlasting Covenant, make you perfect in

every good work to do His will, working in you that which is well pleasing in His sight, through Jesus Christ, to Whom be glory, majesty, power and dominion, forever, Amen.

The Chair:

Thank you very much, Reverend Twiggs.

DEPARTMENT OF LAW

Pittsburgh, June 5, 1959.

Honorable President and Members
City Council
City of Pittsburgh

In Re: Approval of Community Parking Area in Residential District Abutting a Commercial District—Bill No. 2549.

Gentlemen:

In your communication of June 2, 1959, Bill No. 2549, a report was requested from this Department as to whether the application for approval of a community parking area by Pearl Reichbaum, Inc., comes within the Conditional Use provisions of the Zoning Ordinance.

David Craig, Esq., counsel representing the objectors to the grant of this Conditional Use, has presented a legal memorandum to City Council and to this Department contending that the parking facility which the applicant proposes to establish does not come within the concept of a "community parking area" as set forth in the Ordinance.

The issues raised in Mr. Craig's memorandum we believe to be of sufficient importance to require thorough consideration. In addition, we would like to give counsel for the applicant an opportunity to state his position in the matters raised by Mr. Craig. Consequently we will defer our report to Council until the following week, namely, June 15, 1959.

Respectfully submitted,

DAVID STAHL
City Solicitor

The Chair:

Ladies and gentlemen of Council, we are quite honored today to have with us Captain John Hansen of the Salvation Army. I know that you are well aware yourselves of the closeness we feel, the City government with the Salvation Army. It is a great organization, particularly in the heart of the City government.

I am indeed happy to have you with us, Captain Hansen, and will ask you kindly to deliver the invocation.

Captain John Hansen, The Salvation Army, Pittsburgh, Pennsylvania, delivered the following prayer:

Almighty God: We invoke Thy blessings this day upon this Council of men and women who have met here to make

decisions pertaining to our every day life. "Let your forbearance be known unto all men."

We meet today as citizens of this great community devoted to the science of life—devoted to the doctrine of the way in which we are to do our duty unto our neighbor. Grant to us this day wisdom, courage and interest in our deliberations. May each member of this Council be led to consult the convictions of the other as well as his own and may an honorable solution of all controversy be found in reasonable compromise.

Associate Planner, IV, (G. 11-S. 1)
Section 21."

In Committee on Finance, June 9, 1959, bill read and ordered returned to Council with an affirmative recommendation, subject to a report from the

Which was read.

Also

No. 2672.

MAYOR'S OFFICE

Pittsburgh, June 15, 1959.

President and Members

City Council

City of Pittsburgh

Gentlemen:

I have made a diligent attempt to find a City resident who has the qualifications to fill the position of Associate Planner, IV, in the Department of City Planning, and have been unable to find such a person.

Very truly yours,

Stanley Noszka

Assistant Secretary

Which was read, received and filed.

Mr. McCarthy moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Counahan:

Mr. President, just to make it clear in my mind, would you answer a few questions pertaining to Bill No. 2616? In the first paragraph we are speaking about exempting a position and eliminating requirements so far as residence is concerned. The last part of that paragraph says "and authorizing the said department to employ persons who do not meet such requirements." Does that mean from now on that department can do that?

The Chair:

I would say no because it says "exempting the following position." I think the entire paragraph has to be read in light of the first four words referring to the one position.

Mr. Counahan:

It says that. It also says "who do not meet such requirements."

The Chair:

They may have more than one person in the position. They could employ somebody for two weeks. If he quits they could employ someone else.

Mr. Fagan:

The verbage is very bad. In the first place it should designate waiving the rights for this job, not any other job. We have to pass a resolution or an ordinance waiving the residence requirements for any individual that we are not able to find in the City that is qualified.

The Chair:

In reading Section 2, I would say there is a reason for so expressing it the way they have. They haven't picked out any one person. Therefore, they use the word "persons" from among whom they will pick someone for the job.

Mr. Counahan:

I just want to go on record as not understanding that particular paragraph. If it applies to this particular case I am satisfied.

Mr. Rodgers:

Mr. President, I think the question that Mr. Counahan raised is a good one. What we are doing here is exempting that position. As you pointed out, we may pick one man. Now he may only serve for two weeks and the job would still be relieved of that residence requirement.

That is your question, Mr. Counahan, as to whether this action relieves that job from now on of that residence requirement.

The Chair:

I suppose that is what was intended. You have heard from Mr. Noszka. He wasn't able to find anyone in the City of Pittsburgh. He would probably find it equally impossible two weeks from now.

Mr. Counahan:

Two years from now this would still eliminate that particular position. Is that right?

The Chair:

The position is exempted of that requirement, I assume, until we would—

Mr. Rodgers:

Until future action by Council.

Mr. McCarthy:

That is the way I would interpret it.

The Chair:

Despite the fact that we might have an intervening Salary Ordinance, I assume this ordinance would still be in effect.

Mr. Fagan:

It is understood then, Mr. President, that if a man quits, retires or dies Council would have to pass an ordinance allowing them to employ a man for this job before anyone else could get it.

The Chair:

That is an interesting point. I said that I assumed this ordinance would remain in effect until repealed. We would, of course, in December of this year, as usual, pass a new Salary Ordinance, which we do every year. What we really do is recreate each position every year. Perhaps we would do that. It would have the effect of ending the term of this ordinance. I don't know.

Mr. Fagan:

Under the ordinance that we have now you would have to waive Ordinance 450 for the next man that took the job.

The Chair:

I think this ordinance would permit them to employ somebody who does not have the two-year residence requirement to fill this job.

Mr. Fagan:

In other words, we are giving the Planning Commission carte-blanche to hire whoever they feel like.

The Chair:

That is the purpose of this ordinance.

Mr. Fagan:

For this particular job, but not somebody that retires or quits.

The Chair:

Just for this job. Of course, this ordinance does not permit them to live outside of the City after they get the job. It merely permits them to be a non-resident when they get the job.

Mr. Fagan:

There are people in the Planning Commission that live outside of the City.

The Chair:

We had one in this department. We usually give them testimonial dinners.

Mr. Fagan:

Mose lived outside of the City, but he lived in the City for forty-five years. He paid taxes to the City. He went outside of the City to get some fresh air. He went on the advice of his doctor.

The Chair:

Please don't construe my remarks as being critical. I love the suburbs.

Mr. Counahan:

I was going along with this ordinance simply for the reason that the Administration states they cannot find a man who lives in the City of Pittsburgh to fill this particular job, but I wonder if I am right in leaving this open for years and years to come. We are exempting this position from residence requirements no matter whether it be for two weeks or two years.

The Chair:

It is a legal question. I am not quite sure of it myself. I think it is a nice problem to wrestle with in your spare time, whether or not when we pass the Salary Ordinance it would wipe out this particular ordinance.

Mr. Fagan:

Not at all. It is a separate piece of legislation.

Mr. Counahan:

Mr. President, I think you are a little bit confused. I know I am. I don't think it would tie this thing up too much if we referred it back to Committee to get it straightened out.

Mr. Jones:

In this particular instance we do have precedence for what we have done. I think I can say to you that they have an individual in mind for this job that we would like very much to employ. He comes from Toledo. He can't meet our residence requirements. I wish, as it relates to this particular one, you would be kind enough to go along so that we

can get the services of this particular individual. I will join in the request of Council that we look into this question of waiving the residence requirements, whether we intend to waive them for every position or just in this particular instance. I don't know the answer either. I would like to know. We do have a particular individual we would like to hire to fill this job. We would like to waive the residence requirements for him.

Mr. Counahan:

I may have made mistakes in the past, but I won't make them again.

Mr. Jones:

It won't help us in so far as this man is concerned.

Mr. Counahan:

Could we amend this in some way?

Mr. Jones:

I wouldn't want to do that. It would look like we are trying to deal with a particular person. I don't think that would be good legislation.

Mr. Rodgers:

As a peacemaker, may I make a suggestion? I think the entire question would be resolved if perhaps not by Councilmanic action, but by a letter from the Clerk of Council to the department head. We would suggest that when this job again becomes vacant that Council be notified. We would then have an opportunity to review the matter again in light of the availability of such employees. If such are available in the City we could, without any harm, repeal this ordinance, Bill No. 2616. Then the requirements of residency would reapply.

Mr. Counahan:

A very good suggestion.

Mr. Fagan:

I thought this was about as tranquil a meeting as possible for Council to have. We have Ordinance 450, Mr. President. If anybody coming in here is not a resident we have to waive that rule for him to get a job. That is the law. You don't have to write a letter to the Planning Commission or anybody else. Ordinance 450 requires that you waive the residence requirements.

Mr. Jones:

I think the reason behind it is this: This job is of a technical nature. It is difficult in these competitive times to get an individual. We wanted to give the Planning Commission an opportunity to seek a man where they could. I will go along with your suggestion, Mr. Rodgers.

The Chair:

The question recurring on the motion offered by Mr. Rodgers, that the Department of City Planning advise Council if and when a vacancy occurs in this position.

The motion prevailed.

CITY OF PITTSBURGH
CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, The Director of the Department of Public Works in letters addressed to the Mayor and the City Controller under date of June 3, 1959, has stated that there is not sufficient funds in Code Account No. 1655-5, Materials, Asphalt Plant, Department of Public Works; and

Whereas, Additional funds will be required due to the increased cost of as-

phalt cement, slag and asphalt filler aggregates used in the manufacture of asphaltic materials and for the purchase of reclaimed asphalt for resurfacing of unimproved streets; and

Whereas, It is necessary to appropriate and set aside the additional sum of \$390,000.00 to Code Account No. 1655-5, Materials, Asphalt Plant, Department of Public Works to meet the increased cost; and

Whereas, Such appears to be a good and sufficient reason to impel the certification of an emergency under the circumstances; Now, Therefore,

ONE HUNDRED TENTH COUNCIL

THOMAS J. GALLAGHER.....President

GEORGE BOXHEIMER.....City Clerk

HARRY RUDICK.....Ass't City Clerk

Pittsburgh, Pa.,

Monday, June 22, 1959.

Council met.

Present:—

Mr. Counahan	Mr. McCarthy
Mrs. D'Ascenzo	Mr. Olbum
Mr. Fagan	Mr. Rodgers
Mr. Jones	Mr. Weir (Pres't Pro tem)

The Chair:

Ladies and gentlemen of Council, as you have probably observed, many of the ministers and priests who have pronounced the invocation for us have been from the North Side of Pittsburgh. In fact, I don't quite understand why it is, but I am happy that it is the case. Mr. Counahan and I live there, and we are delighted to see our neighbors appearing in that role.

We have with us today the Reverend Donald Yost. He is Pastor of the Trinity Lutheran Church, Stockton Avenue and Arch Street.

This church was made particularly famous, I would think, by your predecessor, a gentleman you all know quite well, the Reverend Grover Swoyer. He is now retired. I believe he is assisting

you in a semi-capacity. I couldn't understand exactly what happened. He used to live in a parsonage on Perrysville Avenue. He had a plot of ground there. There was never a blade of grass out there because Reverend Swoyer was always swinging golf clubs. There were hardly any windows there because he was always hitting tennis balls against the wall. He was a five letter man.

You have quite a career to follow in that respect, but I am sure you will continue to be a welcome addition to the North Side. I am delighted to have you with us, and would appreciate it if you would kindly pronounce the invocation.

The Reverend Donald Yost, Pastor, Trinity Lutheran Church, Stockton Avenue and Arch Street, Pittsburgh, Pennsylvania, delivered the following prayer:

In the name of the Father, and of the Son, and of the Holy Spirit. Amen.

O God, merciful and just: We humbly beseech Thee to sanctify the hearts of those who are in positions of authority and influence, that they may act justly toward all whom they serve. Keep them from the spirit of oppression and wrong, and from forgetfulness of others. Incline them rightly to use the authority and influence Thou has given them, that at last they may give an account of their stewardship with joy and thankfulness.

Continue to bless, we pray Thee, our beloved city. Grant that the years ahead may be even more rewarding than the years past. Help us always to place our trust in Thee, we pray through Jesus Christ, Thy Son, and our Lord and Saviour. Amen.

The Chair:

Thank you very much, indeed, Rever-

end Yost. We hope you will stay with us.

No. 2730.

CITY OF PITTSBURGH

To President and Members City Council

From C. Ronal Woods, Director,
Department of City Planning

June 24, 1959.

Subject: C. B. No. 2688(59)—An Ordinance setting and appropriating the aggregate sum of \$60,000.00 from Bond Fund.

In compliance with your request for further information on our request for \$60,000.00 for the purchase of material and contracting of services to secure the necessary Land Use and Topographic data for the overall planning of the City as set forth in Bill No. 2688, I submit the following additional explanation and detailed information.

Re Land Use: The Department of City Planning does not now have complete detailed and accurate land use data mapped to guide the long range planning or for use in connection with current matters on zoning and redevelopment.

Data on hand is in tabular form (compiled over a six (6) year period) based upon the Sanborn Atlas which do not cover all of the City, nor differentiate between first floor use and above first floor use, i. e., mixed uses. Current zoning and redevelopment needs are being met by special field investigations which take time away from other planning ac-

tivities. The Long Range Planning Division, which was set up in this year's budget, needs a record of existing land uses as a basis of planning for future land uses, thoroughfares, recreation, and community facilities.

The land use data to be collected will include parcel by parcel land uses which will be field checked, placed on cards and IBM sheets for reproduction, summary and analysis, and mapped on 200-400' scale maps. Because of what the Pittsburgh Area Transportation Study (which has city, county, state and federal funds appropriated) has already done in assembling land use data for its use, we can carry it a step further and secure our needs at a considerable savings over doing it alone and at a later date. We will also get reproducible plastic base maps of the land use at 200-400 scale and a 1200' scale land use map of the City.

Re Topographic Maps: As part of the continuing work of keeping an up-to-date Geodetic and Topographic Survey of the City for our own and other official agencies and departments (also sold to the public at \$2.00 per sheet) we are ready to print six (6) revised sheets which have become obsolete and are out of print. These sheets cover sections of the City where large improvements have been completed which have materially altered major portions of the area covered by these sheets. Such highway projects as Penn Lincoln Parkway, Banksville Road, Brady Street Interchange, Charles Anderson Bridge, Boulevard of Allies (Oakland), Bigelow Boulevard (relocation), as well as such housing projects as Chatham Village (Second Unit), Bedford Dwellings—Allequippa Terrace—Addison Terrace, as well as private plans of lots and such miscellaneous improvements as J&L Steel Corp. expansion, Medical Center expansion and Noblestown Road area (housing, shopping center, light industrial) represent some of the changes which have been revised on these sheets. We will also be able to reprint (within a year or so) the sheet covering the Point and the southern third of the Triangle.

Re Federal Aid: I have checked with the Urban Redevelopment Authority and have been advised by them that there is no possibility of Federal aid to finance this kind of a project.

I trust this information complies with your request.

Yours very truly,

C. RONAL WOODS
Planning Director

Which was read, received and filed.

Mr. McCarthy moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time

Mr. Rodgers:

Mr. President, on Bill No. 2688, an ordinance appropriating \$60,000 to the Planning Commission for over-all study, I would like to say this: It is my recollection that in Committee we requested a report from the Planning Commission on whether it would be possible to apply to the Federal Government for financial aid.

Mr. Jones:

It is in the communication, which has just been read by Mr. Boxheimer.

Mr. Rodgers:

I wasn't paying strict attention. Could you give me a brief summary of it please

The Chair:

The Clerk will read the communication again.

And the Clerk again read the communication.

Mr. Counahan:

Mr. President, I will speak to Councilman Jones through the Chair. The reason I brought this up and voted "no" was for the reason that the Chairman of the Committee apparently wasn't here to discuss this. I don't believe the Planning Commission had taken it up with the Chairman of that Committee. I may be wrong.

Now that I have a report, I am in a position to vote. Of course, I am not criticizing you, Mr. Jones. It is a stand I have taken for quite some time. I believe that the department under the Chairman of a Committee should at

least contact him and make him familiar with the subject matter, so they can make a comprehensive report.

When I brought this up the other day nobody knew anything about it, yet it was approved. That was my point. I am in a position now to vote, and I will vote as I see fit.

Mr. Jones:

I don't believe any answer to Mr. Counahan's statement is required, but I might state that Mr. Mauro tried to remind me that he had discussed it. I think you can take judicial notice that we have numerous matters that come before, and it is impossible to be briefed on everything.

I will say this in all fairness to the report. It is of a technical nature that if Mr. Counahan were to ask me to break it down, I would have to admit that I am not technically prepared to explain it in detail. I had hoped his background would have equipped him to be prepared. I am forced to take the opinion of the Planning Commission; that these maps and money that are necessary for this particular survey is something that they require to officially carry out their duty in planning the future growth of the City.

I subscribe to what he says about the various departments consulting with us so we can explain it to the Councilmen not necessarily involved. I thought this had taken place in Committee. I was late that morning. I thought it had already been discussed. I didn't know anything about it. I hope no one presses me now too hard to explain it, because I don't know too much about it now.

Mr. Counahan:

For the record, Mr. President, may I ask Councilman Jones if it meets with his approval?

Mr. Jones:

I have confidence in the personnel of the Planning Commission. I am positive that they would not come before us unless it was essential to the proper function of that department.

Mr. Counahan:

I would like to have that answered by Councilman Jones as a Councilman, and not answer for that particular de-

partment. I don't know much about law, but I thought that was a rather evasive answer.

Mr. Jones:

I am convinced that it is needed.

Mr. Connahan:

And that convinces me.

CITY OF PITTSBURGH CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, the Director of the Department of Public Works, in letters addressed to the Mayor and the City Controller, under date of June 1, 1959, has stated that in the 1959 Budget Estimates submitted to the Mayor, it was requested that the sum of \$628,774.00 for each of the four quarters of the year would be appropriated for the payment of wages to the Collection forces. This sum included \$30,292.00 for the Clean-Up Program, leaving a balance of \$598,482.00, estimated on 1958 wage rates. Adjusting the sum of \$598,482.00 with the increase of wages to drivers and helpers, the pay-

roll was increased to \$611,468.00, leaving a deficit of \$18,609.00 in each quarter. The Department of Public Works was able to pay wages in the First Quarter without extra appropriation because of one day less working schedule and loss of time due to zero weather during January; and

Whereas, an additional sum of \$10,000.00 will be required to meet the payroll for period ending June 30, 1959; and

Whereas, same appears to be a good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, We, Thomas J. Gallagher, Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to Council of the City of Pittsburgh the existence of an emergency requiring the transfer of the sum of \$10,000.00 to Code Account No. 1676-1, Wages, Regular Employees, April to June, Division of Collection and Disposition, Bureau of Refuse.

Thomas J. Gallagher,
Acting Mayor

S. F. Dobrowolki,
Deputy City Controller

Dated: June 25, 1959

O Lord our God. Thou alone are Master over all things in heaven and on earth—Thou who art borne upon the throne of the Cherubim, Thou who art the Lord of the Seraphim and King of Israel, Thou alone art holy and rest among the holy. Thou did bring us from nothingness into being and when we had fallen, Thou did raise us up again and Thou has not ceased doing everything to lead us to heaven and to bestow upon us Thy future Kingdom.

DEPARTMENT OF LAW

Pittsburgh, June 15, 1959.

Honorable President and Members
City Council
City of Pittsburgh

in re: Approval of Community
Parking Area in Residential District Abutting
a Commercial District—
Bill No. 2549

Gentlemen:

In your communication of June 2, 1959, Bill No. 2549, a report was requested from this Department as to whether the application for approval of a community parking area by Pearl Reichbaum, Inc., comes within the conditional use provisions of the Zoning Ordinance.

Counsel for the objectors has presented a legal memorandum to City Council and to this Department contending that the parking facility which the applicant proposes to establish does not come within the concept of a "community parking area" as set forth in the Ordinance.

Section 202 of the Zoning Ordinance defines a "community parking area" as follows:

"A parking area used exclusively by the residents of the neighborhood or

customers or persons engaged in the conduct of establishments in the immediate vicinity of its location, or by those for whom such establishments are conducted."

Section 2801-1-A-(4) permits Council to allow a "community parking area" in certain Residential Districts to "serve" an abutting Commercial District.

It is the position of the objectors that the parking area in the Residential District which the applicant seeks to establish is in effect an accessory use to the super-market proposed to be constructed in the abutting Commercial District rather than a parking area serving the "commercial community."

An analysis of the definition of a "community parking area" shows that it may be established for use by any one of the following classes:

- (a) residents of the neighborhood;
- (b) customers;
- (c) persons engaged in the conduct of establishments in the immediate vicinity of its location; or
- (d) those for whom such establishments are conducted.

The objectors contend that the use of the term "establishments" in the definition demonstrates an intent to make the parking area available for more than one place of business. However, in Section 201 of the Ordinance setting forth the rules of interpretation the use of the plural includes the singular, so that the term "establishments" in the definition does not conclusively mean that it is not possible to have a "community parking area" which serves only one business installation. It should be noted furthermore that the second class of users of a community parking area as set forth above, that is, customers, is not modified by reference to "establishments."

The provision in Section 2801-A-(4) authorizing a community parking area to "serve" an abutting Commercial District leaves it to the Planning Commission, and ultimately to Council, to determine whether a proposed community parking area in a Residential District will, in fact, carry out such purpose. In our opinion, therefore, the proposed "community parking area" may be al-

lowed as a Conditional Use if Council finds that it will serve the parking needs of the abutting Commercial District.

Respectfully yours,

DAVID STAHL
City Solicitor

Mr. President, Mrs. Schlosser has requested the permission of Council to address us further on Bill No. 2726. I understand it will have to be laid over anyway, but since Mrs. Schlosser made the trip in here I would move Council grant her the opportunity of addressing us on this subject.

Which motion prevailed.

Mrs. Schlosser:

Mrs. Hilda D. Schlosser, 519 Graham Street, Pittsburgh 6, Pennsylvania.

Thank you for giving me this time. I know you all have business. I can be very brief.

Specifically, I would like you to delay or defer any action on this bill until it is further checked with the City Planning Commission, in as much as Mr. Brennan has not presented his dimensions truthfully. I did not want to contradict him in the meeting the other day, but the time has come. I don't know first of all if you will delay action. This is my first question. The second is to have it reviewed by the City Planning Commission. I have been in touch with them. I have the exact measurements.

Mr. Jones:

Let us assume that the measurements are incorrect as stated by him. Does that constitute an objection on your part?

Mr. Schlosser:

Yes, because he can't have off-street parking. The front has fifty-five feet, not sixty-two feet. The Claybourne Street side is eighty feet. He says he is going back seventy feet with off-street parking. That leaves him ten feet for a building. If he makes his building any wider he will be building on the City's right-of-way. I have checked with some architects. The suburban areas allow 300 square feet per car.

Mr. Jones:

It is not a requirement that he put as many cars there as he said he would.

I would suggest, Mr. President, that Mrs. Schlosser communicate with the City Planning Commission, because that matter will be up the next time we have seven members present. If there is any report it should come from them to us.

The Chair:

That is correct.

Mr. Jones:

We can't do anything today at all. It will be a month before we can get to it.

Mrs. Schlosser:

This would lead to spot zoning and a dual use. I particularly object to a dual use.

Mr. Rodgers:

In line with that, I wonder if you could put that in writing and address it to the Planning Commission within the next day or so.

Mr. Rodgers:

I move that Bill No. 2726 be laid on the table.

Which motion prevailed.

Mr. Jones presented

It is a great pleasure and an honor to welcome you, Reverend Little.

The Reverend Daniel Little, Pastor, Friendship Community Church (Presbyterian), Robinson and Terrace Streets, Pittsburgh 13, Pennsylvania, delivered the following prayer:

Almighty God, who art our Ruler, though we are often Thine unwilling

subjects, we ask that Thy guidance may shape the thoughts and decisions of these public servants.

Grant them the humility to act as servants; the wisdom to discern real issues in the midst of conflicting pressures; the insight to see accurately their own motives and the motives of those they serve; the courage to understand the consequences of their acts and to carry out that which is difficult but right.

Arouse in them a restlessness to seek and to accept Thy will, so that their work may help to fashion a city where human needs are fulfilled and where justice is available to all. Grant, O Lord, that all in public office may rule well because they are ruled by Thee, through Jesus Christ our Lord, Amen.

The Chair:

Thank you, Reverend Little. I think you succeeded in putting in a very few words all that any right thinking person would wish to do in public office.

Pittsburgh, July 24, 1959.

Mayor Thomas J. Gallagher and
Members of City Council
City of Pittsburgh, Pa.

Gentlemen:

It is with a deep feeling of regret that I have submitted my resignation as Traffic Engineer of the City of Pittsburgh. I have enjoyed my work and made many lasting friendships in City Government. I am appreciative of the support and co-operation that you have given to me. It is only because of the confidence that you displayed in me that I have been able to accomplish many of the objectives which I had set forth.

The position that I am going to in Philadelphia provides opportunities that are attractive. I recognize that there are many challenges remaining in the City of Pittsburgh in the traffic and transportation field. The mass transportation problem and city planning phase of traffic planning will require careful consideration. In the event that I can be of service to the City of Pittsburgh in solving its transportation problem, I will be pleased to have you call upon me.

I am hopeful that my contacts in Philadelphia will be as friendly and co-operative as those that I presently enjoy.

Sincerely yours,

MICHAEL J. GITTENS
Traffic Engineer

UNFINISHED BUSINESS

Mr. McCarthy called up

Bill No. 2787. An Ordinance entitled, "An Ordinance further amending Sections 6 and 9 of Ordinance No. 393 entitled, 'An Ordinance authorizing the City of Pittsburgh to enter into contracts with banks and trust companies located in and doing business in the City of Pittsburgh, Commonwealth of Pennsylvania, for the deposit of monies of the said City in the banks and trust companies, providing for the deposit of securities to guarantee the monies deposited and the payment of interest on said deposits,' approved October 1, 1946, as last amended by Ordinance No. 530, approved December 18, 1958, by changing the number of active depositories and by changing the limitation on active deposit accounts."

In Council, July 24, 1959, read and laid on the table.

Which was read.

Mr. McCarthy moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—

Mr. Counahan	Mr. McCarthy
Mrs. D'Ascenzo	Mr. Olbum
Mr. Fagan	Mr. Rodgers
Mr. Jones	Mr. Weir (Pres't Pro tem)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Jones called up

Bill No. 2726. An Ordinance entitled, "An Ordinance amending Zoning Ordinance No. 192, approved May 10, 1958, Zoning District Map Sheet Z-N10-E16, by changing from an 'R5' District to a 'C3' District, property bounded by: Claybourne Street; South Negley Avenue; the line dividing the present 'R4' and 'R5' Districts south of Claybourne Street; the line dividing properties, now or late, of J. Walker, P. Duffy, C. Kreimer and J. T. Brennan."

In Council, July 24, 1959, read and laid on the table.

Which was read.

The Chair:

Is this in reference to a zoning change on Claybourne Street?

Mr. Rodgers:

I believe there is a later communication on that bill.

The Chair:

Do you wish that read?

Mr. Rodgers:

I should so move.

Clerk:

At the last meeting of Council Mrs. Schlosser was here. The matter was referred to the Department of City Planning. City Planning, instead of sending a report to Council, addressed the report to Mrs. Schlosser. Is that what you want read?

The Chair:

Is it a lengthy report?

Clerk:

Two pages.

The Chair:

Read it, please.

Clerk:

The report is as follows:

August 11, 1959.

Mrs. Hilda D. Schlosser
519 So. Graham Street
Pittsburgh 32, Pennsylvania.

Dear Mrs. Schlosser:

Re: Council Bill No. 2726(59)—Proposed Zone Change from "R5" District to "C3" District involving J. J. Brennan property at 5530-5532 Claybourne Street, 7th Ward.

This is in answer to your letter of July 28, 1959, concerning possible development of the subject property were it to be reclassified to "C3" District as proposed by Council Bill No. 2726(59).

It is not a normal function of the Department of City Planning to become involved in title searching to determine the status of property ownerships and private easements or covenants for access. However, in the present instance, an examination of the records, without a complete and exhaustive study, indicates grave doubts that the property of Mr. Brennan can be utilized in the manner stated by him at the public hearing before City Council on July 21, 1959.

According to the records of the Allegheny County Block and Lot System, there is an unnamed way dividing the Brennan property (as shown on the attached sketch) and providing the only street access to property of J. Walker and a portion of the Brennan property. There is some question as to the status of this unnamed way, whether it now has legal status, and if so whether it can be vacated or abandoned. It is not recognized by the City as a public way.

Should the unnamed way continue, the portion of Brennan property available for the contemplated building would be limited to an area approxi-

mately 55 feet wide by an average of about 80 feet deep, or 4500 square feet. Within this portion of property, and observing the yard space required by the Zoning Ordinance (see attached sketch), there would remain a maximum buildable area of about 55 feet wide by an average of about 40 feet deep, or 2200 square feet, within which both structure and off-street parking would need to be contained. Using a minimum figure of 180 square feet per parking stall, this area would provide only 12 stalls if it were all used for that purpose.

If it were to be found that the unnamed way has no status and is not considered, the Brennan property would consist of an area approximately 60 feet wide by an average of about 220 feet deep. There are two existing dwelling structures on this property, which would become nonconforming if the zoning were changed to "C3." If these structures were to remain, no additional structure or use could be established without approval of a plan of subdivision for the property, as required under the State Planning Act. In approving such a plan, the Planning Commission would require that suitable street access be provided for each structure or use.

Further, the Zoning Ordinance would prohibit the use of any more area of the lot (beyond 4500 sq. ft.) for the proposed building, since the remainder of the property (or more) would be needed for access street and open space required around the existing buildings.

While this information indicates question that the property can be developed as stated by Mr. Brennan, it does not however mean that the property cannot be used for "C3" purposes, if done in another manner.

Yours very truly,

C. RONAL WOODS
Planning Director.

EDWIN B. FORREST
Zoning Engineer.

CC: President and Members of City Council

Mr. J. Clyde Taylor, Bureau of Building Inspection.

The Chair:

In view of this letter, Mr. Jones, would you have any desire to confer with the proponent of the ordinance? According to this we might be doing a useless thing if we passed this ordinance.

Mr. McCarthy:

If Mr. Jones doesn't mind, I would like to answer that.

This property is not suitable for residential use. It is unlikely that anybody would want to build a home or an apartment house there. It is right along the railroad tracks. Its best use would be a commercial use. If we don't approve this for Mr. Brennan, he is going to be saddled with this property.

Mr. Jones:

The report from the Planning Commission seems to confirm, in my judgment, what Mr. McCarthy has said. Even if he wanted to use it for off-street parking, that doesn't preclude him from using it for other "C3" uses. The alley or unnamed way—that is something that is not before us either. He would have to get the necessary permits to build. On that basis, I think we are in our rights to approve the change in the ordinance.

Mr. Rodgers:

It has been stated by Mr. McCarthy that he can't use this property for residences, and to deny the "C3" classification would deny use of the property. I wish to point out that there are already two residences on the property.

Mr. Fagan:

I have been to see the property. There are two residences that front on the railroad tracks. The front porch is probably twenty-five feet from the railroad track. There is an alley or a street there that has been improved. His place is adjacent to a supermarket. There is plenty of room for the supermarket. Of course, the front of the lots on Claybourne Street are next to homes. These other two homes are in the back. Mr. Brennan was here. He said he was going to remodel them. I think there had been a little remodeling done before I went out there. It is right up against the supermarket. A beer distributor wouldn't do any damage in there.

Mr. Jones moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

The Chair:

Are there any further comments you would like to make?

Mr. Jones:

I think it is important to bear in mind that the gentleman who is requesting this change of zoning actually owns and controls the two homes on the site. They are not owned by somebody else.

The Chair:

I was not present at the hearing. This is down at the bottom of the hill, isn't it? You say it is next to the railroad?

Mr. Olbum:

It is not at the bottom of the hill. It is between Negley Avenue and Graham Street.

The Chair:

Does he have a beer distributing business somewhere now?

Clerk:

He has his business on Neville Street.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—

Mr. Counahan	Mr. McCarthy
Mrs. D'Ascenzo	Mr. Olbum
Mr. Fagan	Mr. Weir (Pres't
Mr. Jones	Pro tem)

Noes: Mr. Rodgers.

Ayes 7. Noes 1.

And there being three-fourth of the votes of Council in the affirmative, the bill passed finally, in accordance with the provisions of the Act of Assembly of

May 11, 1921, which provides that where a protest is filed against a proposed zoning amendment a three-fourths vote of all the members of Council in the affirmative shall be required for final passage.

Mr. Rodgers called up

Bill No. 2721. An Ordinance entitled, "An Ordinance authorizing and directing the grading, paving and curbing of Chartiers Avenue, from Isoline Street to Windgap Avenue, including other work incidental thereto, the construction of a 15-inch and 18-inch combined sewer, and the construction of concrete steps, and including, as may be necessary, the grading of approaches on streets affected thereby and sinking of exploratory test holes; letting a contract or contracts therefor, and providing that the costs, damages and expenses of the same be assessed against and collected from property specially benefited thereby."

In Council, July 24, 1959, read and laid on the table.

Which was read.

Mr. Rodgers moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—

Mr. Counahan	Mr. McCarthy
Mrs. D'Ascenzo	Mr. Olbum
Mr. Fagan	Mr. Rodgers
Mr. Jones	Mr. Weir (Pres't Pro tem)

Ayes 8. Noes none.

And there being three-fourths of the votes of Council in the affirmative, the bill passed finally, in accordance with the provisions of the Act of Assembly of May 22, 1895, and the several supplements thereto.

No. 2961. Whereas, The current formula for the distribution to local governments of their share of the state liquid fuels tax is based 60 per cent on road mileage and 40 per cent on population, and

Whereas, This distribution formula definitely favors rural areas at the expense of urban areas, and

Whereas, Numerous studies have indicated that the formula based on 50 per cent mileage and 50 per cent population would be much more equitable in terms of costs of highway construction and highway maintenance, and

Whereas, The Pennsylvania League of Cities, the Pennsylvania State Association of Boroughs, and the Pennsylvania State Association of Township Commissioners are united in wholehearted support of House Bill 1484 which would establish the formula for the distribution to local governments of a part of the proceeds of the state liquid fuels tax as a basis of 50 per cent on road mileage and 50 per cent on population.

Now, Therefore, Be It Resolved, That the Council of the City of Pittsburgh go on record as favoring the passage of House Bill 1484, and

ber of the General Assembly from Allegheny County.

Whereas, The proper officers of the City of Pittsburgh did enter into an agreement with the Commonwealth of Pennsylvania for such coverage; and

Whereas, The City of Pittsburgh has now determined to re-open its program to such employees who had previously excluded themselves from Social Security coverage; Now, Therefore, Be It

Resolved, By the Mayor and Council of the City of Pittsburgh that section (d) of Title 1 of the Plan and Agreement between the Commonwealth of Pennsylvania and the City of Pittsburgh, bearing date of November 14, 1957, be amended to include those individuals who filed, in accordance with Section 218 (D) & (F) of the Social Security Act, a written request for transfer; and, Be It Further

ONE HUNDRED TENTH COUNCIL

THOMAS J. GALLAGHER.....President

Council met.

Present:—

Mr. Counahan	Mr. McCarthy
Mrs. D'Ascenzo	Mr. Olbum
Mr. Fagan	Mr. Rodgers
Mr. Jones	Mr. Weir (Pres't Pro tem)

The Chair:

Ladies and gentlemen of Council, we have the great pleasure and honor today of having with us the Reverend Patrick R. Cullen, Pastor of St. Pius X R. C. Church, Brookline.

As you know, most of our priests, preachers and rabbis have come here honoring us from the North Side. It is a distinct pleasure, I assure you Father Cullen, to have a representative from Brookline.

However, just before ascending the rostrum, Mr. Fagan called me aside and said that Father Cullen is also a Northsider. It is satisfying that the religious force of the community is apparently concentrated on the North Side, but we are happy to know that Father Cullen has

seen fit to venture into the wilds of Brookline.

We are most delighted to have you, and will ask you kindly to pronounce the invocation.

The Reverend Patrick R. Cullen, Pastor, St. Pius X Roman Catholic Church, Brookline, delivered the following prayer:

I thank you for the honor of being here. In keeping with the North Side tradition—it so happens that my father was one of the first entries into Pittsburgh from old Allegheny. My father, when Allegheny joined with Pittsburgh, foresaw then as he said "Allegheny was no longer a place to live. Pittsburgh had taken over completely."

Now to something more serious.

Almighty God, from whom comes all right counsels and just judgments, be pleased to grant Thy divine assistance to this body upon whom such weighty problems lie and serious decisions emanate.

May the members of this Council, representatives of the minds and hearts of the people of our great city, always be mindful of their privileges of their office as well as their responsibilities.

Therefore, in beseeching Thy help, help them in their work so they may be inspired to use all the necessary instruments of their office to carry out the work of Democratic government so important in this critical age in which we live. Amen.

The Chair:

Thank you, Father Cullen.

REPORTS OF SPECIAL COMMITTEES

Mr. Fagan:

Mr. President, last week you appointed a special committee, consisting of Messrs. Olbum, Rodgers and myself, to draft a suitable memorial resolution on the death of Gustav L. Schramm, late Judge of Juvenile Court of Allegheny County.

Your committee has performed its duty, and I am privileged to submit herewith the formal resolution which your committee has prepared on the death of Judge Schramm.

Mr. Fagan presented

No. 3005. It is with the deepest sorrow that the death, on Saturday,

September 5, 1959, of Gustav L. Schramm, for 26 years Judge of Juvenile Court of Allegheny County, is recorded.

Judge Schramm was born in Pittsburgh on May 11, 1898; he attended Humboldt Elementary School and South High School, the University of Pittsburgh and Columbia University.

Judge Schramm's judicial service began with his election in 1933 to the Juvenile Court bench after enactment of a law making it the only court of its kind in Pennsylvania. His work brought him in contact with thousands of children, and he had shown the world how to make useful and happy citizens of these children who had gone astray. Happily his methods will live on.

Judge Schramm was a great and patriotic American; one devoted to his duty, and the highest sense of judicial

responsibility was a conspicuous trait of his charter.

Pittsburgh and Allegheny County are proud of such a man, an illustrious representative of its finest citizenship, and a faithful worker for the interest of his City and County.

The people of Pittsburgh and Allegheny County are deeply in his debt and mourn his passing.

Which was read.

Mr. Fagan moved

The adoption of the resolution, and that a copy be forwarded to Judge Schramm's widow.

Which motion prevailed by a rising vote.

Council met.

Present:—

Mr. Counahan	Mr. McCarthy
Mrs. D'Ascenzo	Mr. Olbum
Mr. Fagan	Mr. Rodgers
Mr. Jones	Mr. Weir (Pres't Pro tem)

The Chair:

Ladies and gentlemen, on this beautiful fall day we are pleased, indeed, to have with us the distinguished citizen of the Borough of Bellevue, Dr. James M. Barnett, Bellevue Presbyterian Church, who has kindly consented to visit us today and pronounce the invocation.

It is certainly very kind of you to appear here, and if you will, sir, pronounce the invocation.

Dr. James M. Barnett, Bellevue Presbyterian Church, Borough of Bellevue, delivered the following prayer:

Lord, Thou hast been our dwelling place in every generation; before the mountains were brought forth; even from everlasting to everlasting thou art God.

We ask then, our gracious Father, Thy blessing upon this Council of this great city, praying that their abilities may be commensurate with their responsibilities, and that they may know for the asking they have Thy guidance and presence every moment of every hour.

In these days of decision wilt Thou deliver them from the scorn of things that are old and from fear of things which are new. May they never suffer spiritual and mental inflation that one day must be deflated with the pin prick of its self-condemnation or the disapproval of those whom they serve.

Offer to them Thy presence, Thy guidance, Thy peace and understanding, both now and for always. These ministries and mercies we ask for them through riches of grace of our eternal God the Father, our Redeemer and friend. Amen.

REPORTS OF SPECIAL COMMITTEES

Mr. Fagan:

Mr. President, last week you appointed a special committee, consisting of Messrs. Olbum, Rodgers and myself, to draft a suitable memorial resolution on the death of Gustav L. Schramm, late Judge of Juvenile Court of Allegheny County.

Your committee has performed its duty, and I am privileged to submit herewith the formal resolution which your committee has prepared on the death of Judge Schramm.

Mr. Fagan presented

No. 3005. It is with the deepest sorrow that the death, on Saturday,

September 5, 1959, of Gustav L. Schramm, for 26 years Judge of Juvenile Court of Allegheny County, is recorded.

Judge Schramm was born in Pittsburgh on May 11, 1898; he attended Humboldt Elementary School and South High School, the University of Pittsburgh and Columbia University.

Judge Schramm's judicial service began with his election in 1933 to the Juvenile Court bench after enactment of a law making it the only court of its kind in Pennsylvania. His work brought him in contact with thousands of children, and he had shown the world how to make useful and happy citizens of these children who had gone astray. Happily his methods will live on.

Judge Schramm was a great and patriotic American; one devoted to his duty, and the highest sense of judicial

responsibility was a conspicuous trait of his charter.

Pittsburgh and Allegheny County are proud of such a man, an illustrious representative of its finest citizenship, and a faithful worker for the interest of his City and County.

The people of Pittsburgh and Allegheny County are deeply in his debt and mourn his passing.

Which was read.

Mr. Fagan moved

The adoption of the resolution, and that a copy be forwarded to Judge Schramm's widow.

Which motion prevailed by a rising vote.

And upon motion of Mr. Olbum,
Council adjourned.

No. 3028.

CITY OF PITTSBURGH

CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, The Director of the Department of Public Works, in letters addressed to the Mayor and the City Controller, under date of September 9, 1959, has stated that the appropriation of \$592,859.00 to each of the four quarters of the current year for collection and disposition of garbage and rubbish is not sufficient to meet payrolls for required schedules of operation, and because of inclement weather during the first quarter the payroll was met without additional funds; however, it was necessary to have a transfer of \$10,000.00 to this account, which was made by Ordinance No. 271, approved June 26, 1959. It is estimated that the payrolls for the third quarter will total in excess of \$611,000.00,

resulting in a deficit of approximately \$19,000.00; and

Whereas, The same appears to be a good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, We, Thomas J. Gallagher, Acting Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to Council of the City of Pittsburgh the existence of an emergency requiring the transfer of the sum of \$19,000.00 to Code Account No. 1678-2, Wages, Regular Employees, July to September, Division of Collection and Disposition, Bureau of Refuse.

No. 3030.

To President and Members
City Council,

From C. Ronal Woods, Director,
City Planning

Date, September 16, 1959.

Subject: Council Bill 2803 (59) Petition No. 47—An Ordinance amending Zoning Ordinance 192, approved May 10, 1953, Zoning District Map Sheet Z-N10-E32, by changing from an "R4" District to a "C3" District, all that certain property bounded by: Frankstown Avenue; Fifth Avenue; Transit Way; and Torrens Street—12th Ward. (City Clerk's letter dated 7-27-59).

The City Planning Commission, at its regular meeting held September 15, 1959, considered Council Bill No. 2803(59) (Petition No. 47), which was referred to this department by Council's Committee on Public Works in meeting July 22, 1959.

The following action was taken:

"MOTION: That the verbal report of the staff be received; that Petition No. 47 be DENIED and that Council Bill No. 2803(59) be DISAPPROVED because: (a) there is no known community need for additional "C3" zoning at this location, as there is adequate area close by and in the East Liberty business district presently so zoned; (b) the shopping needs of this neighborhood are and can further be provided in the nearby existing commercial districts; (c) this change would allow the enlargement and intensification of use of a nonconforming structure which is considered to be improperly located here, as well as allowing additional ribbon-commercial development, in opposition to the goal of provision for and consolidation of commercial activities within the East Liberty area, now under study; and (d) this change is not in accord with the Commission's master plan, at this date, considered to be proper as it affects the concerned area. CARRIED."

Yours very truly,

C. RONAL WOODS
Planning Director.

Which was read, received and filed.

The Chair:

Mr. Rodgers would you refresh my recollection on that bill please?

Mr. Jones:

I might be able to do that, Mr. President. You are referring to the Frankstown Avenue property?

The Chair:

Yes.

Mr. Jones:

That is the laundry property. You will remember that we had a hearing on this. The opponents mentioned that there wasn't enough room for them to get in. Mr. Herman Fineberg, the owner, said he has corrected the situation.

The Chair:

Some of them objected to their view being shut off.

Mr. Jones:

They had a meeting to that effect. It was also brought out at the hearing that this was previously zoned "indus-

trial." Under the new ordinance we zoned it back to residential.

The Chair:

You are aware of what happened at the meeting?

Mr. Jones:

Yes. Mr. Fineberg informed me that they were all satisfied.

Mr. McCarthy:

In addition to what Mr. Jones has said, let me add this. When they built their building they built it so as to put a second floor on it. They had that in mind, but couldn't move ahead until this year. They were not aware of the zone change until they went to get a permit.

Mr. Jones:

The Pittsburgh Hospital had no objections.

The Chair:

Thank you.

The Chair:

Ladies and Gentlemen, a very welcome visitor in our midst today is the Reverend Arthur L. Garbin, who is the pastor of Our Lady of Loreto Parish in Brookline. I would like you to know, however, that our record of receiving our religious encouragement from the North Side is unblemished and unbroken, because Father Garbin is a North Sider. It has been our experience over the years that the North Side sets our religious future. Clergymen from various denominations seemed to come from the North Side, or were born on the North Side.

I learned that Father Garbin is also the pastor of our Chairman on Finance. When I met Father Garbin I said, "Mr. McCarthy is one of your parishioners, I believe." He gave me a little chuckle. I

take the liberty in interpreting that as if he were saying to me, "but, I have to come down here to see him."

In any event, we are delighted that you are here, and will ask you to deliver the invocation.

The Reverend Arthur L. Garbin, Pastor, Our Lady of Loreto Parish, Brookline, delivered the following prayer:

O God, Who inspired Thy sacred writer, Timothy, to declare that "prayer should be offered for all mankind, especially for kings and others in high places," we ask Thy blessing on the members of this Council. O God of Wisdom and Justice, through Whom authority is rightly administered, laws are enacted and judgments decreed, we pray Thee to give them the fullest possible measure of prudence and fortitude. Let the light of Thy divine Wisdom direct their deliberations and shine forth in all their decisions that their proceedings may be conducted with righteousness and may be eminently useful to the people whom they are privileged to serve. Amen.

The Chair:

Thank you, Father Garbin. If you care to stay, we would be glad to have you.

The Chair:

Ladies and gentlemen of Council, and others in the room, it is a real pleasure for me, as the presiding officer, to welcome to our midst the Very Reverend John Gernat, Pastor of St. Mary's Church in East Pittsburgh. That sounds as though Reverend Gernat has come in from the vastnesses of the East to administer to us, but actually he is also Business Manager and Managing Editor of the Byzantine Catholic World, and has his office in that respect at the very fine seminary on Perrysville Avenue on the corner of Riverview Avenue.

Of course, as you often noticed before, it seems to be the custom for North Siders to go out and preach to the rest of the world. Once again we are very happy to have one with us.

I will now ask Father Gernat to pronounce the invocation.

The Very Reverend John Gernat, Pastor, St. Mary's Church, East Pittsburgh, Pennsylvania, delivered the following prayer:

We beseech Thee, O God, for clearness of vision, for soundness of judgment, for courage of conviction, and for quiet confidence in Thee as we face the great problems of our time. Deliver us from an attitude of defeatism or of compromise with the forces of evil. Fill us, at needed times, with the holy indignation that the Master had when He cleansed the Temple.

Imbue us with the spirit of service and sacrifice and let the peace of God which passeth understanding continually guard our minds and hearts from fear we ask in Jesus' name. Amen.

The Chair:

Thank you very much Father Gernat.

ONE HUNDRED TENTH COUNCIL

THOMAS J. GALLAGHER.....President

GEORGE BOXHEIMER.....City Clerk

HARRY RUDICK.....Ass't City Clerk

Pittsburgh, Pa.,

Tuesday, October 13, 1959.

Council met.

Present:—

Mr. Counahan	Mr. McCarthy
Mrs. D'Ascenzo	Mr. Olbum
Mr. Fagan	Mr. Rodgers
Mr. Jones	Mr. Weir (Pres't Pro tem)

The Chair:

Ladies and gentlemen of Council, Mrs. D'Ascenzo has invited to our meeting today a very welcome guest in the person of the Reverend S. R. Bingaman, who is Pastor of the Hazelwood Presbyterian Church. His church is this year celebrating the ninetieth anniversary of its founding.

I asked the Reverend whether Hazelwood was a part of the City at that time, or whether it was a separate borough.

Mrs. D'Ascenzo:

It was always a part of the City.

The Chair:

I suppose we all realize that it was part of the original City. That is quite a long time. I don't suppose it is the same church building, but the same church.

We are very happy to have you here. We are delighted that Mrs. D'Ascenzo invited you. -I ask you, will you kindly deliver the invocation.

The Reverend S. R. Bingaman, Pastor, Hazelwood Presbyterian Church, delivered the following prayer:

O Thou who art the Eternal Creator, the maker of all things and of all men; Thou hast made us to know Thee and to live together in ordered life in communities and in cities. Thou dost give unto us Thy greatest blessing as we live together in accordance with Thy purpose and will. For all that Thou dost give in the community in which we thrive, we are grateful to Thee, and for the government by which we are ordered in our ways.

We pray Thy blessing upon this Council, upon each member as week by week and at each meeting they seek to do that which is for our individual and common good and welfare. Grant unto them wisdom and patience, and a sense of responsibility and concern, whether they are appreciated or not, knowing that they serve Thee and that back of them are the prayers and goodwill of many in our City. So do Thou lead and guide us through them for a better city and a better life and for the welfare of each person. And to Thy name with the glory. Amen.

The Chair: --

Thank you very much, Reverend Bingaman. Of course, you may remain here if you wish.

MOTIONS AND RESOLUTIONS

Mr. Jones:

Mr. President and Members of Council, we have in our midst today Mr. Frank Vittor, sculptor of international renown, who is responsible for many magnificent works of art in our local community. His latest contribution of

Christopher Columbus is over in Schenley Park.

Mr. Vittor has now a statue of Abraham Lincoln. There is in existence a Lincoln Memorial Committee. Judge Nixon is Chairman of that Committee. It is also my privilege to serve on that committee.

For some months we have been trying to find a suitable location locally for the statue of Lincoln that is now ready, and has been ready for sometime. I think you will recall that efforts to place it down at the Gateway Center met with no success. A request to have it placed in the Point State Park was disapproved by the Art Commission. Now we are stymied in our efforts to find a suitable place for this statue of Lincoln.

I want to suggest to Council and ask you to join in this request that we call on the City Planning Commission, the Art Commission, the Urban Redevelopment Authority, and our own Department of Parks and Recreation to suggest to Council this matter so that we in turn may forward to the Lincoln Memorial Committee proposed suitable sites for this statue.

I think it is in keeping with what we are trying to do in our Renaissance; that these works of art ought to be appreciated, and they can I am certain if we can find a place for them.

It has also been suggested that we mention to the Department of Parks and Recreation that this work of art could possibly be included in their plans for Rue Grande Vue. If so, we can look with favor on this proposal.

Mr. Vittor is here. I think you gentlemen recall that we had a lengthy discussion on this proposal this morning. This was a course of action unanimously agreed upon that we would follow. I communicated with Judge Nixon during the lunch hour. He is satisfied. All he wants is that we expedite it so their plans will not be held up in the air.

The Chair:

I think that is a happy suggestion. Is that in the form of a motion?

Mr. Jones:

If a motion is required I move you, sir, that the Council request the City

Planning Commission, the Art Commission, the Urban Redevelopment Authority, and the Department of Parks and Recreation to suggest to Council possible sites for the erection of the Lincoln Memorial Statue that has been sculptured by our own Mr. Frank Vittor.

Mrs. D'Ascenzo:

Mr. President, I second that motion. I would like to add one other note of explanation. The sponsoring group of the dedication is the Veterans of Foreign Wars. This group is also responsible for the collection of finances involved in this project.

Mr. Fagan:

Mr. President, nobody has a greater admiration than I for Abraham Lincoln. You know that. I have a picture of him hanging in my office. I think the ideal spot would be Mellon Park. If it is placed on Rue Grande Vue no one will see it.

Mr. Jones:

I am glad he made that point. I think we want to put it where most people can see it. Judge Nixon said he wanted it to be placed in a large enough setting, so that if groups wanted to go there and give lectures or make tours it would be possible. It may be able to be worked into our East Liberty development. It ought to be placed in some place of prominence where people can see it.

Mrs. D'Ascenzo:

It seems ironic, with the Soldiers and Sailors Memorial Hall in Oakland that is apparently dedicated to the memory of Abraham Lincoln, and has over its stage the immortal and impressive Gettysburg Address, that somewhere on that vast expanse of ground that is publicly owned there wouldn't be a spot for this statue of Abraham Lincoln. If you walk up the path to the entrance of the Soldiers and Sailors Memorial Hall you will see to the left a pile of cannon balls. Although they may be symbolic, of what I don't know other than destruction, yet there seems to be no room on that ground to place this statue of Abraham Lincoln. It seems a bit ironic to me.

The Chair:

There may not have been communi-

cations with the people who operate the Soldiers and Sailors Memorial Hall. I understand it is difficult to get a communication to them. But I agree that it would be a perfect setting for that statue. I think your suggestion is an excellent one. The various bodies we will refer it to should be reminded of your suggestion. I will ask the Clerk to do so.

Mr. Jones:

Efforts have been made to locate the men in charge of the Soldiers and Sailors Memorial Hall. Those efforts met with no success.

The Chair:

I am merely suggesting that you might have spoken to the wrong people.

Mr. Jones:

Would you tell us who the right ones are?

The Chair:

Yes, I think I can do that.

And the question recurring on the motion of Mr. Jones, that the Council request the City Planning Commission,

the Art Commission, the Urban Redevelopment Authority, and the Department of Parks and Recreation to suggest to Council possible sites for the erection of the Lincoln Memorial Statue that has been sculptured by our own Mr. Frank Vittor.

The motion prevailed.

Mr. Jones presented

Which was read and referred to the Committee on Public Service and Surveys.

Mr. Olbum moved

The Chair:

Ladies and gentlemen, it is a pleasure for me today to welcome Rabbi Aaron B. Ilson, whose congregation is the Temple Sinai on Forbes Avenue. I understand that the overwhelming majority of the members of the Temple are young people. I don't know how Rabbi Ilson manages to attract young people to attend his Temple.

You will probably feel very much at home with this group you see in front of you and me.

It is generally expected of me, I think, to talk about the religious clan on the North Side of Pittsburgh every time I introduce our clergymen here. It is a strange coincidence that nine out of ten seem to come from the North Side. I can't claim that for Rabbi Ilson.

But I can say that he was requested to be here by Mr. Counahan who resides on the North Side.

We are very happy, indeed, that you were willing to come here and visit with us. I will ask you if you will kindly deliver the invocation.

Rabbi Aaron B. Ilson, Temple Sinai, 5505 Forbes Avenue, Pittsburgh, Pennsylvania, delivered the following prayer:

Father of all Mankind:

To Thee we express our thanks that Thou hast given man a measure of understanding wherewith he may learn to order his ways and establish a system of self-government for the benefit of all.

We ask, O Lord, Thy continued beneficence upon those whom the people have set in authority—gathered this day in harmony for common cause and mutual purpose. Enlighten them with Thy wisdom and sustain them with Thy power. May they fulfill their tasks in a manner consonant with the highest principles of democratic living.

Bless, O Lord, our City, our State, and our Nation. May America ever remain a land of freedom, the abode of equal opportunity for all. Thus shall it be given to us to help hasten the day when Thy mantle of everlasting peace may come to rest upon all Thy children, in all lands, of all faiths, for evermore. Amen.

The Chair:

Thank you, Rabbi Ilson.

Which motion prevailed.

And Mr. Fagan took the Chair.

The Chair:

We are honored this afternoon with the presence of a minister who knows nothing about the North Side. The President of Council was called away on either Civic or judicial matters. Of course, you will notice that I have been elected to act as President Pro-tem of this meeting.

We are very happy to have you with us this afternoon to deliver the invocation to this legislative meeting of the Council of the City of Pittsburgh.

The Reverend Earl W. Morey, Jr., comes to us as Pastor of the First United Presbyterian Church. I am happy to present Reverend Morey.

The Reverend Earl W. Morey, Jr., Pastor, First United Presbyterian Church, 4001 Fifth Avenue, Pittsburgh 13, Pennsylvania, delivered the following prayer:

Let us pray.

Our Heavenly Father, in the midst of the busyness and rush of life, we pause to remember that Thou art God. Save this moment from being a gesture to custom or convention. Make it a real experience for each one of us. Deliver us from self-deceit when we pray—from praying for Thy guidance when all that we really want is our own way. Thou knowest our motives, our needs, our hopes, our fears. Put Your arm around us and give us strength; speak to us and give us wisdom. May we remember that Thou art concerned with what is said and done here. Help us to discipline our speech that we may seek clarity rather than cleverness, sincerity instead of sarcasm. Help us to discipline our thinking and our actions that in this place all may see democracy at its best and us at our best for democracy. We know we cannot do everything, but help us to do something to make our community better than we found it. When we are wrong make us right, and when we are right make us fit to live righteously. Through Jesus Christ, our Lord. Amen.

The Chair:

Thank you, Reverend Morey, for this wisdom.

Which motion prevailed.

And Mr. Fagan took the Chair.

The Chair:

I thank you, gentlemen, for electing me President Pro tem of this meeting.

We are honored this afternoon with the presence of the Reverend John McCarren, Chaplain, St. Paul's Orphanage, an institution that has been in existence in the Pittsburgh Diocese for one hundred and sixteen years.

Thirty-seven years ago, today, one of the outstanding Chaplains of St. Paul's Orphanage, the late Reverend Michael Lynch, had twelve hundred orphans at the institution, and very little facilities to take care of them. Today there are better than four hundred children at St. Paul's Orphanage. Of course, it is a wonderful institution, and it is maintained by members of the Catholic Church and public-spirited citizens of Pittsburgh, Allegheny County and surrounding Counties, all these years. Many of the boys and girls who went there today are doctors, lawyers, businessmen, engineers, mechanics and nurses, all because of the fine training they received under the directorship of the outstanding Chaplains who have been in charge of the institution.

Father McCarren is doing a wonderful job there too, with reference to the spiritual, moral, mental and physical training of the boys and girls who are part of this great institution.

One of the boys who is a member of the Notre Dame football team, "Red" Mack, is a graduate of St. Paul's Orphanage.

I am happy that Father McCarren was able to give us this time today to come here and offer the invocation. We are now approaching the budget season of the City of Pittsburgh, and we, the members of Council, need your prayers.

I take great pleasure at this time in presenting Father John McCarren.

The Reverend John McCarren, Chaplain, St. Paul's Orphanage, delivered the following prayer:

I shall give the prayer of St. Francis of Assisi.

Lord, make me an instrument of your peace. Where there is hatred, let me sow love; where there is injury, pardon; where there is doubt, faith; where there is despair, hope; where there is darkness, light; and where there is sadness, joy.

O Divine Master, grant that I may not so much seek to be consoled as to console; to be understood as to understand; to be loved as to love; for it is in giving that we receive; it is in pardoning that we are pardoned; and it is in dying that we are born to eternal life.

In the name of the Father, the Son, and the Holy Ghost. Amen.

The Choir:

Thank you, Father McCarren.

MOTIONS AND RESOLUTIONS

Mr. Fagan presented

No. 3261. On Sunday, November 15, 1959, Charles (Chilly) Doyle was called by death at the age of 75.

Mr. Doyle was up until a year before his death Sports Editor of the Pittsburgh Sun-Telegraph, and was familiarly known throughout the nation for his magnificent articles regarding sporting events and those participating in them. Although he was not a professional baseball player, he had some experience as a player in his youth, and gained much experience of the game through his contact with the owners and players. He was well liked by the professional players and the baseball fans of his home town for his impartial and interesting articles.

Pittsburgh is proud of the record made by this illustrious representative of the sports world, and its citizens are deeply in his debt.

Therefore, the Mayor and the Council of the City of Pittsburgh deplore his passing and extend their sympathy to his bereaved family.

Absent:—Mrs. D'Ascenzo.

The Chair:

Gentlemen of Council, it is a very great pleasure, indeed, for me to welcome here the Reverend James Marshall who is Pastor of the Watson Presbyterian Church on Perrysville Avenue.

It is a particular pleasure, sir, to welcome you here, because we might say that my home is closest to this church. It is a landmark on Perrysville Avenue. Also in the area the Watson Presbyterian Church, because of its location and condition, is one of the outstanding churches.

I will now ask you to pronounce the invocation.

The Reverend James Marshall, Pastor, Watson Presbyterian Church, Perrys-

ville Avenue, Pittsburgh, Pennsylvania, delivered the following prayer:

Let us pray.

Our Father, in Heaven, give us the long view to our work and our world. Help us to see that it is better to fail in a cause that will ultimately succeed than to succeed in a cause that will ultimately fail.

Bless, O God, our great city. Make us cognizant of the needs and desires of our people. Where there is illness, may the healing hand of Christ be there. Where there is bereavement, a greater sense of the love of God, as he died the atoning death upon the cross for us.

May Thy will be done here, and may Thy program be carried out, above party and personality, beyond time and circumstance, for the good of our city and the glory of Thy name.

Through Jesus Christ our Lord. Amen.

The Chair:

Thank you, Reverend Marshall.

MOTIONS AND RESOLUTIONS

Mr. Rodgers:

Mr. President, I present a letter tendering my resignation from this body. I want to say to you, Mr. President, and my colleagues, that I shall always look back with great pleasure and pleasant memories upon my period of service with you here. You have all been great, and I have enjoyed working with you. We have had our squabbles and disagreements sometimes, but throughout we have all been working for a common purpose, the good of the City.

It is with mixed emotions that I present this letter.

Mr. Rodgers presented

No. 3288. Pittsburgh,
November 23, 1959.

To the President and
Members of Council.

Gentlemen:

I hereby tender my resignation as a member of Council, effective at the close of business today.

Yours respectfully,

Bennett Rodgers.

Which was read.

The Chair:

Ben, I had almost forgotten that it was, in fact, necessary for you to submit a resignation. I was just about to say something about your departure. Nothing lengthy, I assure you, but just simply this: I believe you have made a wonderful contribution to the work of this Council in all the years you have been here. The fact that you have been a member of Council, in my judgment, has benefited the City of Pittsburgh in many ways.

Of course, you and I are old friends, having served together in the Law Department, as well as here. Some may say that I am prejudiced in your favor, but it is my judgment, rendered in as an objective fashion as I am capable of, that no one in Council, in my time, has done more than Ben Rodgers to help and assist his fellow-Councilmen in their work, and to aid the progress of the City of Pittsburgh. We will certainly miss you. We wish you a lot of luck where you are going. I know you will do the same great job there that you have done here.

Now, we have before us Mr. Rodgers' resignation. What is your pleasure?

Mr. Counahan moved

That the communication of Mr. Rodgers be received and filed, and his resignation as a member of Council, effective today, be accepted.

Which motion prevailed.

Mr. McCarthy moved

That Council recess this meeting until Wednesday, November 25, 1959, at 12:00 o'clock, noon.

Which motion prevailed.

The Chair:

Gentlemen, it is highly important that we all be here on Wednesday, because, you see, our ranks are now reduced to six, and we can't transact any important business unless we are all present.

That Mrs. D'Ascenzo be excused for absence from this meeting of Council.

Which motion prevailed.

And Council recessed.

ONE HUNDRED TENTH COUNCIL

THOMAS J. GALLAGHER.....President

Council met.

Present:—

Mr. Counahan	Mr. McCarthy
Mrs. D'Ascenzo	Mr. Olbum
Mr. Fagan	Mr. Weir (Pres't
Mr. Jones	Pro tem)

The Chair:

Ladies and Gentlemen of Council, we have with us today Reverend Joseph E. Fronek who is Assistant Pastor of Annunciation Church, 2603 Norwood Street, North Side.

You know, Father Fronek, for a long time I have been referring numerously to the fact that so many of the priests and ministers who have been kind enough to come here to pronounce the invocation have been from the North Side, particularly in the area in which I live. It has gotten to the point now that it almost scares me; that there must not be any ministers or priests anywhere in the City but where I live.

Certainly it is very kind, indeed, for you to take time out of your busy life to come here. I know it must be a busy

life because of the tremendous activities that you carry on there. We greatly appreciate your coming here, and will ask you to pronounce the invocation.

The Reverend Joseph E. Fronek, Assistant Pastor, Annunciation Church, 2603 Norwood Street, Pittsburgh 14, Pennsylvania, delivered the following prayer:

Show us, O Lord, Thy ways, and teach us Thy paths. Direct our steps according to Thy word; that no injustice may rule over us. Make perfect our walking in Thy paths; that our footsteps may not be moved. May every work of ours begin from Thee and through Thee. Amen.

Rev. Fronek:

Just a word of appreciation and thanks for being invited to Council. It is an honor to be invited to come here. In the future, when the occasion may occur, please feel free to call on me again.

The Chair:

It is our pleasure and our honor, you may be sure, to have you here.

Mrs. D'Ascenzo	Mr. Olbum
Mr. Fagan	Mr. Weir (Pres't
Mr. Jones	Pro tem)

The Chair:

Your Excellency, Governor Lawrence, distinguished State and County officials, ladies and gentlemen, if you will excuse me for one moment I would like to address myself directly to my colleagues.

Ladies and gentlemen of Council, as you have probably observed in the past on these important occasions when Mayors and Councilmen are inducted into office (probably what was in history just an accident, but now a tradition) the curtain goes up and the play is ready to proceed, but the main actor is not present. However, I have learned on pretty good authority that he is in the vicinity. I am going to appoint Councilmen Olbum and McCarthy to go and seek him out and bring him here.

I think I can save you some trouble, gentlemen. If you will go over and down that aisle and through that door. I have the highest expectations that you will find him.

Meanwhile, ladies and gentlemen, just be at ease until this committee brings the Mayor-elect to the Council Chamber.

And the Committee having returned and presented the Mayor-elect to the Council, was discharged with the thanks of Council.

The Chair:

The Chair invites the Mayor-elect to a chair upon the rostrum.

The Chair:

Ladies and gentlemen, this is quite obviously a joyous occasion for all of you. But it is also a solemn occasion. Mayor-elect Barr has specially invited two of Pittsburgh's leading clergymen to participate in these proceedings. Both of them graciously accepted.

I am now going to ask Monsignor Andrew J. Pauley, Rector of St. Paul's Cathedral, to pronounce the invocation.

Monsignor Andrew J. Pauley, Rector, St. Paul's Cathedral, offered the following prayer:

God of wisdom, of life, we are here in Thy name. God of knowledge and counsel and understanding, be Thou here with us. Grateful for Thy full multitudinous blessings we beg upon us, each and all of us, Thy continuing blessing.

Bless most especially him in this solemn hour who will take from Thy hand the governing of this complex city in Thy name. We, Thy people, have freely chosen him who will guide the destinies

of this city. Do Thou in your name clothe him with authority for the prudent and just exercise for which he will be answerable to Thee.

God of understanding, help us, his people and Thy people, to understand that all legitimate authority derives from Thee, and that the flaunting of that authority is defiance to Thee.

Help us, his people and Thy children, towards a deeper and wholesome respect for the very person in whom this authority is invested, so that the words "His Honor" and "Your Honor" may not be cheap, empty verbage, but an ever-continuing reminder to him and us that he is trustee of a very solemn trust, and that he exercise this authority in Thy name for Thy glory and honor and for the good of his people.

Remain now at his side, and as his right arm be Thou the author and finisher of his judgments. Let no false advisers or false friends lead him into devious paths. Bless him liberally with Thy counsel, wisdom, knowledge, with health and length of life. Bless his wife, his children. Bless each and all of us.

May we in all things, under his capable, conscientious guidance, seek justice tempered with love, so that in this life our judgment and his may never be in variance with Thee, and in the life to come we may, all of us, attain with him everlasting rewards for deeds well done. Amen.

The Chair:

Thank you, Monsignor Pauley.

The Chair presented

Bill No. 3306.

Commonwealth of Pennsylvania

County of Allegheny

CERTIFICATE OF ELECTION

We, the undersigned, members of the Return Board of the County of Allegheny do hereby certify that after tabulating the votes cast at the Election held on the third day of November, 1959, in said County, Joseph M. Barr was duly elected to the Office of Mayor of the City of Pittsburgh in the County aforesaid.

Witness our hands and seal this thirtieth day of November, 1959.

JNO. J. KANE

HOWARD B. STEWART

Members of the Allegheny County
Board of Elections Sitting as
Members of the Return Board.

Which was read, received and filed.

The Chair:

Ladies and gentlemen, we have the very great honor of having with us today one of Allegheny County's elected jurists who just had a magnificent victory in his election to the Supreme Court of Pennsylvania. I will ask him, the Honorable Harry M. Montgomery, to administer the Oath of Office to Senator Barr, and make Senator Barr the Mayor of Pittsburgh.

And the Mayor-elect, Joseph M. Barr, took and subscribed to the oath of office, which was administered to him by the Honorable Harry M. Montgomery, Judge of the Court of Common Pleas of Allegheny County.

The Chair:

The Mayor will sign the oath of office. And the Mayor, Joseph M. Barr, signed the oath of office.

The Chair:

Reverend Clergy, his Excellency the Governor, Justice of the Supreme Court, Chief Judge of the Federal Court, and all you distinguished jurists and public officials: I know I speak for all my colleagues when I say that never in our lives, and probably never in the history of this Council, has there ever been such a large and enthusiastic gathering, or such a distinguished one.

Joe, you take office under wonderful auspices. You had a tremendous vote by the people of this City. You have a delightful family. Your wife Alice and your children, they, of course, are more newly acquired possessions, but behind all that, from the time of your birth you have had a wonderful family. I am happy to see them here today. Your brothers, Albert, Tom, Robert, your charming sisters, Sarah and Genevieve, and your aunt, Genevieve Patterson.

If I may say parenthetically, ladies and gentlemen, I have been in the home of the newly-elected Mayor since my

very early days. I know what a wonderful background he comes from.

In addition to the background that you have of family and the overwhelming vote of confidence given to you by the people of Pittsburgh and the outpouring of your friends here today it is most significant, I think, that we have here for the first time, to my knowledge, at the induction of the Mayor the Governor of the Commonwealth of Pennsylvania, the Chief Judges of the courts I mentioned, John Kane, who has served the County of Allegheny over so many years as a great public servant, the newly-elected Commissioners, Dr. McClelland, Mr. McGrady, the Secretary of the Commonwealth and just about everybody. In fact, there are so many distinguished people here I shall make no further effort to call the roll.

I think we all realize in addition, Mayor Barr, that you come to this challenging office equipped equal to anyone who has ever assumed this difficult task. You have spent practically a lifetime in public service and politics. You have the intelligence, the energy, and I know the desire and the training to become a great Mayor of the City of Pittsburgh, and follow in the footsteps of the now Governor who started and carried on so dramatically this great Pittsburgh program. I know that you will do a great job. Everybody wants you to do it.

I think, ladies and gentlemen, that government has now become such an important matter in the lives of the people that there is really and truly a stronger desire on the part of everyone to want government officials to succeed. After all, they must.

I am sure everyone feels that way, except the ones who were opposed to you, or your enemies. And I am pretty sure, Joe, that you don't have very many of those. So it is a wonderful day for all of us to welcome you here with all your fine family amidst all these great officials of the State and County, and to have you assume this burden, as challenging and difficult as it is, in the certain knowledge that I am sure we all possess that you will carry on in the great, great tradition established by Governor Lawrence and the tradition which the people of Pittsburgh expect and need.

And now, would you favor us with your words?

Ladies and gentlemen, the Mayor of Pittsburgh.

**The Honorable Joseph M. Barr,
Mayor of Pittsburgh:**

Monsignor Pauley, Governor Lawrence, Fred Weir, Tom Gallagher and Members of Council, Members of the Governor's Cabinet, my colleagues in the Senate and the House, my family and friends, and the people of Pittsburgh: Before beginning my formal remarks I would like to say that I heard a remark by my little boy Skipper in the car as we came down today. He said, "Daddy, what will they call you now?" I said "That is hard to say." He said, "You know, before I could read very well, when I saw letters coming to you I thought they were saying 'The Horrible Joseph M. Barr.'"

In ancient days, when cities were first recognized to be the seat of civilization and culture, a noted author said, "The first requisite of happiness is that a man be born in a famous city."

That maxim still applies today. The only further happiness I can think of is to be elected Mayor of a famous city—an honor which I cherish and hold high.

Certainly, this moment is a happy one, for me and for the members of my family.

I am particularly happy to be Mayor of Pittsburgh—whose fame and whose works have become known and respected in the far corners of the world.

At the annual dinner of the Allegheny Conference, held just last week, it was reported that the 86th official delegation had come to Pittsburgh—men and women from other communities, visiting this city to see, first hand, how we have carried forward the tremendous and exhilarating job of community rebuilding and municipal rebirth.

On November 3rd, the people of Pittsburgh paid me a singular honor.

I consider the decisive margin of victory as an unmistakable mandate: To maintain the great burst of civic energy that has propelled Pittsburgh into the forefront as one of the truly great cities of the world.

Let me say. HERE AND NOW, that there will be no let-up in that work.

There will be no relaxation, either in the scope of the work we have to do or in the vigor with which we attack it.

There will be no let-up, I assure you, on the part of government, or on the part of the civic agencies, whose contributions have been SO essential to past accomplishments.

The Pittsburgh Renaissance, as it has been so properly called, is far from over. It is going to continue, with fresh enthusiasm, with widened scope, with firm determination.

For this was the single issue that decided the mayoralty campaign, just as it has decided each of the other recent municipal elections.

We presented a program for city finances, for city management, and other problems and projects—and this program was accepted.

But, in the final analysis, I AM CONVINCED that the people responded primarily to the call for continuing the rebuilding efforts, without hesitation and without falter.

Each of us shares in the greatness of this city.

I believe the people demonstrated their pride in the strength and vigor of their community, and they expressed their feeling of participation in all the things which have taken place in renewing its progress.

I believe they have selected me to be the INSTRUMENT of that progress.

I believe they selected me also so that the affairs of their municipality could be run on a business-like basis, providing the maximum efficiency of service through sound and prudent financing.

In truth, I believe they asked for—and they expect—a municipal program which will plan for progress and budget for economy. That is precisely the kind of administration I intend to provide.

Pittsburgh's agenda in the months ahead is a formidable one.

The exciting East Liberty Renewal Project and the Chateau Street Project

for industrial expansion should get under way within the next year.

We should see the completion of plans for Bluff Street, Allegheny Center, the NORTH SIDE Stadium, and the development of Master Plans for the Downtown and Oakland areas.

Construction will begin for the first of 950 apartments in the Lower Hill,—and work will come to an end on the Fort Pitt Tunnels, providing a 20-mile expressway link between Monroeville on the East and the Greater Pittsburgh Airport on the West.

The next 14 months should see the completion of the Northview Heights Housing Project providing low-rent housing for 999 families.

Also within this period, plans for a modern food distribution center in the STRIP AREA will be completed by the United States Department of Agriculture.

The momentum is there; now the challenge, as I emphasized repeatedly during the past three months, is to keep that pace of progress undiminished.

I have no illusion about the job ahead.

Municipal problems, some simple, many complex, but NONE without solution, are an inevitable part of the future pattern.

IMMEDIATELY before us is the problem of the City's financial future and the threat of a crippling transit strike.

We must solve each problem as it comes before us, and solve it in such a manner that our main objective is not impaired. That objective is the betterment of Pittsburgh, the betterment of EVERY FAMILY in the SECURITY and OPPORTUNITY of its members.

I have no magic solution up my sleeve for all of the problems of America's urban centers.

I can only promise to work, with all my strength and all my heart, for the dramatic and far-reaching achievements that can be produced ONLY when community leaders unite and fight for a common cause and a common goal.

Pittsburgh's problems will be met, because the people of this community and the City Government are not going to quit cold on a job because it has its moments of difficulty.

I AM DETERMINED THERE WILL BE NO FALTERING HERE.

In my judgment we have barely tapped our potential for improvement.

All that is needed is the will to go forward, the will to build toward the future, the will to stand firm when the best interests of Pittsburgh and its people are at stake.

It is with this firmness of purpose that I approach the responsibilities of Mayor.

We are all intimately aware of the prestige and new distinctions that David L. Lawrence brought to the office of the Mayor.

But I would like to take this opportunity to pay tribute publicly to Thomas J. Gallagher, who in characteristic fashion, has served so capably and so productively during this interim year. As one Pittsburgh newspaper expressed it last week, Tom, 'It was a job well done.'

To be chosen the executive of a major city, particularly to be Mayor of Pittsburgh, is no light thing.

The responsibilities of the Mayor are awesome . . . but SO are the opportunities for service and accomplishment.

As Mayor, I propose to supply the governmental leadership that is SO VITAL A PART of our program to improve this city.

As Mayor, it is my hope to serve as my predecessors have done, as a catalyst for the leaders in business, in labor, in the professions, in all groups, to spark the type of community-wide effort that has brought us this far, this soon.

As Mayor, I can only pray that I shall deserve this high honor, that I shall never, by any weakness of purpose, fall short of my trust as the Chief Executive of this city and the servant of its people.

May God grant me guidance and wisdom in this task.

The Chair:

And now, ladies and gentlemen, since it is an unusually distinguished thing to have the Governor of the Commonwealth at one of these affairs, I have asked him if he would kindly favor us with a few words. And he has consented to do so.

The Governor of Pennsylvania, David L. Lawrence.

Governor David L. Lawrence:

Mr. Chairman, His Honor the Mayor, Councilman Gallagher and reverend clergy, my fellow Pittsburghers and Pennsylvanians, I had hoped this meeting would adjourn with the speech of the Mayor ringing in your ears. I have listened to a great many inaugural speeches in my time, but none so impressive as the speech we have just heard today. To one who has played a part in the Pittsburgh Renaissance, and I know I speak for Mayor Gallagher and the late Mayor Scully under whose auspices the program started, that it is very heartening that Joe Barr is succeeding to this office. It is a great day for Pittsburgh. I doubt if there is anyone in the City who has been more intimately associated with the administration over the past years than your new Mayor. He has been in and out of the Mayor's office for the past twenty years. It is very pleasing, and it shows his popularity and the good wishes that the people have.

Joe, one thought occurred to me as I looked at the Sun-Telegraph today. If you thought of your life in the past as being a goldfish bowl, you know nothing about it, because as Mayor of the City of Pittsburgh, as you have been depicted in the papers where you are doing a reverse Gypsy Rose Lee; instead of taking them off you are putting them on, that will be your sphere in life now for many, many years, we hope.

As I said before, ladies and gentlemen, it is most encouraging. I predict he will be one of the greatest administrators in the history of this City, because as Fred Weir pointed out, his roots are deep in this City. For seven generations his family has been a part and parcel of this great community; in its business life, public life, church life and affairs that go into making up a great city.

This guarantees a devotion on his part equal to any that have served in this office.

I want to assure you that you will have the same cooperation from the Governor's office that I received there many, many times. This whole Pittsburgh program, as I said before, has never been the work of any one individual. It is the work of a great community, which at the close of the war we were aroused to do something for this City that we love. People in all walks of life, people in business, in labor movements, the educational field, the church field, all pitched in and became a part of this great program.

The likes of this city's patriotism has never been questioned in any city throughout the world. So you are heading up. As the Mayor of this City, one of the greatest cities in the world today, we all wish you the best of God's speed and His guidance in the tremendous job that is ahead of you.

The Chair:

Thank you, Governor Lawrence.

The Chair presented

No. 3307. Bond in the sum of \$25,000.00 of the Continental Casualty Company on behalf of Joseph M. Barr, Mayor, in favor of the City of Pittsburgh, Pa.

Which was read.

Mr. McCarthy moved

That the bond be accepted and approved, subject to the approval by the City Solicitor.

Which motion prevailed.

The Chair:

Now, as these proceedings near a close there are only a couple of details to be taken care of before you folks can come up and personally congratulate the new Mayor, and among those I now have to get rid of myself.

It was almost a year ago that I stood here in behalf of my colleagues and

congratulated our President, Tom Gallagher, not only on becoming Acting Mayor, but also on the marvelous state of his health. Tom always seems to defy nature in that respect. The older he becomes in years, the younger he looks. I think I can again truthfully say that the process of defying nature and going backwards has not stopped. This is a particularly remarkable thing in view of the rigorous life that he has been through in the last year, because it is no easy thing, ladies and gentlemen, even for a youngster to exist for an entire year on nothing but beef a la mode and chicken. This, of course, Mayor Barr, is one of the bad parts of the job that you have to look forward to.

Now, since we have a new Mayor, his bond has been approved and his encumbrances official in every respect, our President of Council will simply and automatically, by operation of law, return and become our President of Council, which in a sense he always was anyhow. That is why he was Acting Mayor. I will simply step down and ask Tom to take over the podium and call for the benediction.

Thomas J. Gallagher,
President of Council:

Realizing it is warm in this crowded room, I am not going to make any remarks aside from saying that I am happy to return to Council.

The Chair:

It is now my pleasure and honor to introduce the Reverend Howard B. Scharfe, Pastor, Shadyside Presbyterian Church, who will deliver the benediction.

The Reverend Howard B. Scharfe, Pastor, Shadyside Presbyterian Church, delivered the following benediction:

Now, may the Lord bless you and keep you. The Lord make His face to shine upon you and be gracious unto you; the Lord lift up light of His countenance upon you and give you peace. Amen.

And upon motion of Mr. McCarthy,

Council adjourned.

Council met.

Present:—

Mr. Counahan	Mr. McCarthy
Mrs. D'Ascenzo	Mr. Olbum
Mr. Fagan	Mr. Weir
Mr. Jones	Mr. Gallagher (Pres't)

The Chair:

Members of Council, we are honored this afternoon by the presence of the Reverend James A. Cox, Pastor of Calvary Baptist Church, who will deliver the invocation.

The Reverend James A. Cox, Pastor, Calvary Baptist Church, 2424 Wyllie Avenue, Pittsburgh 19, Pennsylvania, delivered the following prayer:

O God, the great Mayor of all the world, we pray Thee to grant and continue to us a succession of legislators, judges and civic leaders with right understanding, pure purpose and a sense of consecration to duty.

Enable them to rise above self-seeking and party zeal into the larger consideration of public good and human brotherhood. Raise up a generation of

citizens with the Faith and daring of the Kingdom of God in their hearts; who will strive earnestly to maintain the freedom and the rights of the people.

Look with favor upon these Thy servants called to public office. Strengthen them with Thy grace. May they be strong, yet charitable. May they be diligent defenders of the right and valiant champions against the wrong. May they be wise, yet humble. May those who serve under them uphold their hands in all right judgments and in all Godly decisions.

Grant us such loyalty to Thee and to one another as will rise above all, cleavage of party, class or race. So may our city be a dwelling place of peace and progress to Thy glory and our happiness.

Grant unto this new administration Thy special guidance, wisdom and harmony; that the generations that shall follow will remember it as an era of peace, goodwill and progress.

We ask it all in the name of Jesus our Lord. Amen.

The Chair:

Thank you, Reverend Cox.

The Chair:

The order of business before the body now is the election of a member of Council to fill the vacancy caused by the resignation of Bennett Rodgers.

The Mayor, under the law, is entitled to a vote in an election to fill a vacancy in Council.

And the Hon. Joseph M. Barr, Mayor of the City of Pittsburgh, was present.

The Chair:

Nominations are in order.

Mr. Olbum:

Mr. President, Mayor Barr, Reverend Cox, and members of Council: The law requires that the Mayor and the members of Council elect a person to fill the vacancy created by the resignation of Bennett Rodgers. I rise to submit for your consideration the name of a reputable citizen of this community and a reputable member of the Bar of Allegheny County, James Craighead Kuhn, Jr.

Mr. Kuhn is virtually a native Pittsburgher. Technically, he was born in the adjoining community of Wilkensburg only because his mother chose to go to Columbia Hospital, which lies in that Borough. He has been a resident of the City of Pittsburgh all his life. His progenitors, in fact, settled in what I believe is now Plum Borough in the year 1797. So that if there were such a thing as a prescriptive right in a community, Mr. Kuhn and his progenitors would have prescriptive rights in this community.

Mr. Kuhn was educated in the public schools of the City of Pittsburgh. He attended Shadyside Academy for a while, was graduated from Peabody High School, whence he attended Dartmouth College, from which he was graduated cum laude. His schooling was interrupted by the outbreak of World War II. He enlisted in that war as an Aviation Cadet where he served for a short period of time. Later he became an officer in the United States Navy and served in the Amphibious Forces in the Mediterranean, and subsequently in a Motor Torpedo Boat Squadron in the Philippines. In fact, just early this year he retired from the United States Naval Reserve with the rank of Lieutenant Commander.

After returning to civilian life he resumed his schooling at the Law School of the University of Pittsburgh, where he became an outstanding student. He was elected Editor-in-Chief of the University of Pittsburgh Law Review, a marked distinction for a Law School student. He was also elected a member of the Order of Coif, an honorary society, a counterpart of Phi Beta Kappa in other academic circles.

Following his graduation from the University of Pittsburgh Law School, he

served as Instructor at the Law School for a few years. He served as a Research Fellow on the Public Health Law Research Project, and together with our City Solicitor, David Stahl, co-edited the Public Health Laws of the City of Pittsburgh, which was published, I believe, in 1951.

As an indication of his civic consciousness and his awareness of his civic responsibilities, he has served, inter alia, as a member of various committees of the Health and Welfare Federation of Allegheny County since the year 1952. He is the President of the Parent Teachers Association and a member of the Board of Trustees of the Winchester-Thurston School of the City of Pittsburgh.

If conjugal felicity is any indication of the emotional stability which is required in this office from time to time in varying degrees, I hasten to add that Mr. Kuhn has been married to the same woman for some seventeen years. She, through some occult process, has learned that there was a likelihood that her husband would be nominated for this office today. She has come to the Council Chambers with her children who are here, we hope, to witness his induction.

From this rather exiguous account of Mr. Kuhn's life up to this point, you may readily see why I feel that he is qualified by education, by training, by experience, to become a highly respected and valuable member of this body. Because I know of his reputation at the Bar of this County, and because I know Mr. Kuhn, I am confident that he is admirably equipped by character, by ability, by integrity to fill this vacancy in a highly competent manner.

For the reasons I have outlined briefly, it is a pleasure for me to place in nomination the name of James Craighead Kuhn, Jr., to fill the vacancy created by the resignation of Bennett Rodgers, to serve as a member of Council until the first Monday of January, 1962.

Mr. McCarthy:

Mr. President and Mayor Barr, I am very happy to rise to second the nomination of so distinguished a citizen as Mr. Kuhn to take the position vacated by Mr. Rodgers.

The Chair:

Are there any further nominations?

Mr. Jones moved

That the nominations close on the name of James Craighead Kuhn, Jr. (Seconded by Mr. Fagan).

And on the question, the Chair declared the ayes to have it, and the nominations closed.

The Chair:

The question is on the election of Mr. Kuhn to be a member of Council to fill a vacancy for the unexpired term until the next Municipal Election.

And on the election of Mr. Kuhn, the Clerk will call the roll.

And the roll having been called, the votes for Mr. Kuhn were as follows:

Mr. Counahan	Mr. Olbum
Mrs. D'Ascenzo	Mr. Weir
Mr. Fagan	Mr. Gallagher
Mr. Jones	(Pres't)
Mr. McCarthy	Mayor Joseph M. Barr

And Mr. Kuhn having received all of the votes of the members of Council present, constituting a majority, and the vote of the Mayor, is duly elected to fill the unexpired term of Mr. Rodgers, resigned, in accordance with the provisions of the Act of Assembly, approved May 31, 1911.

And the Chair appointed as a Committee to escort the member-elect to the Council Chamber for the purpose of having the oath of office administered to him, Messrs. Fagan and McCarthy.

And the Committee having returned with the member-elect, was discharged with the thanks of Council.

And Mr. Kuhn took and subscribed to the oath of office, which was administered to him by Bennett Rodgers, Judge. Juvenile Court.

The Chair:

The Chair recognizes Councilman Kuhn.

Mr. Kuhn:

Reverend Cox, Mayor Barr, members of Council, my family and my friends,

ladies and gentlemen: I am pleased and honored to assume this office. I realize that I am not qualified by experience in political affairs. I realize further that I am succeeding one of the most diligent and devoted men to have served on this body. I know of Judge Rodgers' reputation in municipal service for many years. His intimate and detailed knowledge of local government and the affairs of this City will be hard to replace. I don't expect to be able to learn in any short period of time all that Bennett Rodgers knew and used so ably when he was serving on this Council. But I do bring to the task some real interest in municipal government, and the work that I was privileged to do in research at the University, with the considerable help of the Department heads, then Mayor Lawrence and the City Clerk and members of Council, some years ago gave me a great deal of pleasure and an opportunity to learn something about municipal affairs.

I do bring some interest as a student and by inclination to this work. I think I can say that I realize that the task of municipal government nowadays calls for the best that all of us can give. Municipal government is not, as I understand it from the newspapers today, just immediately and necessarily a local problem. Senator Clarke said that there should be a cabinet office for municipal affairs. Senator Kennedy last week made reference in the newspapers to the fiscal problems, which I believe when I assume my position I will have some immediate contact with.

There are some glamorous aspects of the redevelopment program of this city and of other cities that we can all be proud of. In coming to this position, I come with a great deal of pride in the accomplishments of this City. Governor Lawrence, Mayor Scully before him, now Mayor Barr and this Council has all had something to do with it, along with some devoted citizens. I am proud to be one of those. I think that Governor Lawrence was perhaps referring to that last week when he said that civic patriotism is something that has grown in Pittsburgh and in other cities across the country in recent years. I think my friends in other localities than Pennsylvania can attest to that. I can be a very tedious and tiresome booster of the City of Pittsburgh, but that also gives me

pleasure and pride in coming to these tasks.

I am grateful for the confidence of the members of Council and of the Mayor in electing me to this position. I am honored to succeed Bennett Rodgers in this position. I want to promise you all my best efforts in the days to come to learn the great amount that I am sure there is to learn in my position and to make myself a useful public servant to the people of this City.

I thank you again, gentlemen.

The Chair:

As the presiding officer of Council, I deem it a pleasure and a privilege to welcome the newly-elected member of Council.

I am sure that the new member will be of great help to all of us because of his training and education, and that he will give of his time and talent to help solve the many difficult and perplex problems which come before the body.

Permit me, as your presiding officer, to offer my congratulations to you and wish you a long tenure in office.

The Chair:

The Chair will now declare a recess of ten minutes so that Mr. Kuhn's friends can congratulate him.

— — — — —
The Chair:

The hour of the recess having expired, Council will reconvene, and there were present:—

Mr. Counahan	Mr. McCarthy
Mrs. D'Ascenzo	Mr. Olbum
Mr. Fagan	Mr. Weir
Mr. Jones	Mr. Galiagher
Mr. Kuhn	(Pres't)

The Chair

The Chair now recognizes his Honor, the Mayor of the City of Pittsburgh, Joseph M. Barr.

Honorable Joseph M. Barr, Mayor:

President and Members of Council. I have the honor to present the general fund budget for operation of Pittsburgh's municipal government during the 1960 calendar year.

This budget includes estimated revenues and expenditures for all City functions except the Department of Water, whose budget will be presented separately to Council within the next several days.

In what is virtually my first official act as Mayor, I am assuming one of the most difficult responsibilities of that office.

In my opinion, no single action carries greater consequence.

Some may regard a budget as a dry compilation of statistics; on the contrary, as I have learned in my 19 years as State Senator, the budget document is a vibrant statement of the goals, the scope, the tone and character of government action.

With this belief firmly in mind, I have attempted to produce budget recommendations that will enable Pittsburgh to continue to plan and to act for progress—and at the same time budget for economy.

This is not an easy thing to do even in prosperous times.

In 1959, three factors have substantially marred the City's revenue picture: Last year's recession, the 116-day steel strike, and that constant nemesis of every budget maker—inflation.

The after-effects of the 1958 recession are reflected in the fall-off of mercantile revenues which for 1959 will be nearly \$200,000 below estimates. (Mercantile taxes are paid on the basis of prior year sales.)

The steel strike made a serious dent in earned income and water revenues. The 1959 earned income tax revenue will fall \$400,000 short of original estimates.

Although the overall Water Department income is holding up substantially well, water officials estimate the City lost \$200,000 because of the decline in water consumption by steel industry users during the four-month layoff.

Finally, the unending inflationary cycle continued to make its impact felt as costs increased for equipment and supplies the City must purchase, and City contracts for construction and services were bid at higher amounts.

The cumulative effects of these factors can be summed up as follows: 1959 revenues have fallen nearly \$500,000 short of the City's final 1959 appropriations.

In turn, this means a sub-normal cash surplus of \$825,375 which can be applied to the 1960 budget.

In preparing what I believe to be a realistic and sound budget, it was necessary to adopt certain basic ground rules.

Total departmental requests for 1960 amounted to \$49,659,469, far exceeding the amount of revenue available.

However, as I have learned while serving in the State Legislature, there is no particular virtue in slashing budgetary requests simply for the sake of making reductions.

Failure to provide sufficient funds for an essential government service at the proper time, can result, and usually does, in the expenditure of much greater sums in the years to follow.

For that reason, every effort was made by the Mayor's office, to retain sufficient funds to provide necessary services and to bring the total requests down to manageable proportions.

This has been successfully done. Budgetary requests were reduced by nearly \$750,000 resulting in a total 1960 general fund budget of \$48,911,016.

I wish to emphasize the following point.

The 1960 budget is less than one per cent (0.89 per cent to be exact) higher than the final 1959 general fund appropriation of \$48,477,460.

In view of the inflationary trend which has steadily moved up living costs, this is a remarkably modest increase.

This less than one per cent change is even more remarkable when you consider the following mandatory increases that are included in the budget for next year.

1. An additional \$100,000 must be contributed to the Municipal Pension Fund, making the City's total appropriation next year \$900,000 for this employee retirement plan.

2. The City must provide \$11,100 for the Police Pension Fund. Increased longevity plus the fact that more employees are now taking advantage of liberalized pension benefits account for these pension fund increases.

3. Social Security costs will jump \$72,000 as the City's employer contribution increases from 2½ per cent to 3 per cent starting January 1.

4. Like every family in Pittsburgh, the City must pay sewage charges for the water it uses to the Allegheny County Sanitary Authority. Estimated cost—\$50,000.

5. The City must increase its appropriation by \$120,000 to guarantee the Sanitary Authority for full payment of its sewage charges. Total City funds in 1960 for this purpose will be \$420,000. However, this appropriation will be offset in part as we expect to realize nearly \$160,000 in revenues collected from delinquent Sanitary Authority users.

6. A once-over-three-year charge of \$25,000 for filing delinquent tax liens in the Prothonotary's Office must be paid in 1960.

7. I have restored the increment payments to all supervisory and technical personnel. This was not paid in 1959 because of the City's extreme financial difficulties. Approximate cost—\$85,000.

These items alone account for the major portion of the total increase in the General Fund Budget next year.

There has been one constant factor in the City's budget picture in recent years—the inflationary spiral which has increased the operation costs of every City department, particularly this year in public works.

For example, during the past 10 years, Pittsburgh's street lighting program has been handled by a contract which went into effect in 1950.

During this period, every one of the City's existing 20,000 street lights has been converted to lamps of higher candlepower and 4,000 new units have been added.

In February of this year, a new contract was advertised. The following comparison graphically illustrates how in-

flation has sky-rocketed costs of materials and labor:

	October 1955	October 1959
Energy -----	\$32,121	\$41,019
Maintenance ----	\$15,893	\$31,678
Total -----	<u>\$48,014</u>	<u>\$72,697</u>

In other words, street lighting costs, not including new installations, have jumped nearly 52 per cent in the last five years.

The appropriation for this service next year will be \$100,000 higher than in 1959.

Similar inflationary pressures have produced higher appropriations in the 1960 budget for automobile parts, repairs to the overburdened incinerator, and snow removal.

These are the inevitable products of inflation, facts that are painfully familiar to every Pittsburgh housewife who has the problem of balancing her family budget.

Each year, the City faces the problem of finding new ways and new methods to improve the overall efficiency of its many services.

One way, I believe, is to increase the mechanization of departmental functions.

For that reason, I am recommending to Council, an increase of \$100,000 for automotive equipment.

At least \$20,000 of that increase will be allocated to the Police Bureau. I am assured by the Director of Public Safety and the Superintendent of Police that by strengthening our mobile fleet, we can step-up police coverage and protection in every neighborhood without adding more men to the force.

There is also a special \$6,000 appropriation in the Police Bureau to rent business machine equipment which will be used to further centralize and modernize our traffic accident and police records system.

Obviously, with less than a one per cent increase in the general fund budget, every effort was made to keep expenditures down to a bare but efficient minimum.

Because of the revenue strait-jacket, I have recommended few personnel additions.

Two staff positions are added to the Commission on Human Relations, which has acquired the added responsibility of implementing, through education and enforcement the Fair Housing Bill which went into effect June 1.

I am recommending an additional \$20,000 to expand parks and recreation's maintenance crews. In the past two years, 12 new parklets have been added to the City's recreation system, for which sufficient maintenance labor forces have not been provided until now.

These are the only new personnel recommended.

Meanwhile, the increasing mechanization of City functions has made possible significant budgetary savings.

Conversion of the Water Department's pumping stations from steam to electricity this year has produced annual savings in personnel, materials and supplies exceeding \$150,000. (Additional details will appear in the water budget.)

Installation of three new City-County building elevators early next year will make possible the gradual conversion of these facilities to automatic operation. I am recommending the elimination from the City budget of three elevator operator positions. Annual savings to the City in personnel and uniforms will be \$11,854.

In preparing this budget I have made a determined effort to resist additional fiscal responsibilities for the City. I am, however, proposing one exception.

Carnegie Institute, faced with steadily growing deficits, made an appeal to Mayor Thomas J. Gallagher and members of City Council for financial assistance to the extent of \$100,000.

This request was in line with the policy followed by scores of major cities throughout the country who provide considerable financial help to their leading museums.

While it is impossible to fulfill this request in full, I am recommending a grant of \$25,000, which along with similar assistance from the State, will af-

ford Carnegie Institute some measure of relief in its present financial difficulties.

Certainly, no apology need be made for the limited assistance we are providing for this institution, which has served as a source of cultural development for millions of residents in this area.

The 1960 General Fund Budget, including revised departmental requests, mandatory increases, new personnel and services, will total \$48,911,016.

To meet these expenditures, it is estimated that revenues available from all sources in 1960 will amount to \$48,-341,520. This figure includes increased real estate revenues, a payment from the water fund of \$2,795,000, representing the annual 5½ per cent return on the City investment in the water plant, plus an additional \$650,000 on its past debt.

I am pleased to report that the Water Department will be able to meet this payment to the General Fund without any revision in its water rents.

By bringing the 1960 revenues up to the prescribed figures, the General Fund Budget will be as follows:

Revenues -----	\$48,341,520
1959 Surplus -----	\$ 825,375
<hr/>	
Total Resources -----	\$49,166,895
Departmental Expenditures	\$48,911,016
<hr/>	
Surplus -----	\$ 255,879
<hr/>	

It is my hope that Council will apply this surplus, so far as possible, toward its traditional policy of paying the prevailing rate to its union craftsmen.

The 1960 Budget is a spartan one.

It is devoid of fat; yet wiry enough to carry out the City obligations in the coming year.

If Council adopts appropriation and salary ordinances in substantial accord with the recommendations obtained in this budget, the City will be able to hold the tax line.

This is my aim.

This I am sure, is a goal in which Council concurs.

Needless to say, it is subject to searching analysis by this Council. If there are additional reductions to be made without jeopardizing City services, I am confident you will search them out and take appropriate action.

On the other hand, any additions to the Budget will require the necessary revenues to pay for them.

Preparing a budget is a delicate matter of balancing values. It requires painstaking research—and often painful decisions.

I regret that in my first budget to Council, I am unable to recommend some form of salary improvement for the vast bulk of municipal employees. They are hit as hard by rising costs in their own households as any employees in private industry. This was not an easy decision to make.

Many meritorious requests had to be denied because of revenue limitations.

However, I sincerely believe this budget is a realistic instrument for carrying out the City's obligations in the coming year.

It provides for limited expansion and improvement in services. It will enable us to achieve the best municipal government operated at the lowest possible cost.

In the past 14 years, Pittsburgh has proved its capacity for greatness. Pittsburgh has faced its problems squarely and wisely—and overcome them with boldness and imagination.

Now we must carry forward this exciting and challenging work with the same vigor and enthusiasm in the years ahead.

We must continue to search for new achievements without fear or hesitation.

I am convinced this budget will enable us to achieve these goals.

Eternal and Omniscient God, Creator of all men, Father of our Lord Jesus Christ, and Holy Spirit, Light of our minds, we beseech Thee to direct our actions by Thy Holy inspiration so that every work of ours for the good of this City will be begun from Thee and be happily concluded through Thee.

Subject—Council Bill No. 3211(59)—
Zone Change Request—Brownsville
Road and Thielman Avenue
(City Clerk's letter Nov. 13, 1959)

The City Planning Commission, at its regular meeting held December 8, 1959, considered the above Council Bill, and took action as follows:

"Motion: That the Staff recommendation be received, and Council Bill No. 3211(59), proposing to change property on Brownsville Road between Thielman Avenue and Meyers Street West, from "R2" to "M3" District classification, BE DISAPPROVED for reasons similar to those justifying denial on March 10, 1959, of Petition No. 27 proposing the identical change for a

portion of the presently-concerned are, said justification for the present unfavorable action being

(a) this would be an unwarranted instance of sporadic zoning, creating a small industrial district lacking the attributes for such classification and far removed from any existing industrial classification;

(b) there is no known community needs for light industrial zoning at this location, but only to expand an existing nonconforming use;

(c) the proposed classification would also allow uses of other property in a manner considered deleterious to residentially-zoned and used properties;

(d) there is no evident change in the area since the new Zoning Ordinance was enacted in 1958 or since the petition was disapproved, to warrant a different recommendation; and

(e) the proposed change is not in accord with the adopted Master Plan, which plan as it applies to this area, is still considered proper.

Carried."

The Chair:

Members of Council:

Over the past year the ministers and priests who consented to pronounce the invocation in Council came from the North Side section of the City. Today is no exception.

The priest who has consented to give of his time to appear here today is the Reverend Joseph Schielein, Society of Mary, Marianists.

Father Schielein is the Chaplain at North Catholic High School, and the members of his Congregation have been teaching for the past twenty years at North Catholic High School. This year they celebrate their centenary of service to the cause of Catholic education in the City of Pittsburgh.

Father Schielein is a native of Brooklyn, New York. He graduated from the University of Dayton, and studied theology at the University of Fribourg in Switzerland. This is his third year as school chaplain and teacher of Religion for the seniors at North Catholic.

I will now ask Father Schielein to pronounce the invocation.

The Reverend Joseph Schielein, Chaplain, North Catholic High School, North Side, Pittsburgh, Pennsylvania, delivered the following prayer:

In the name of the Father, Son and Holy Ghost.

O Lord, show yourself an all-powerful god and come to us. Aid us with your powerful assistance so that, through your grace and merciful forgiveness we may attain salvation.

We pray you, O God of might, wisdom and justice, through whom authority is rightly administered, laws are enacted and judgments decreed, assist with your Holy Spirit of counsel the members of the legislative body appointed to guard the welfare of your people, that they may be enabled by your powerful protection to discharge their duties faithfully.

O Lord, hear the prayer of those who call upon you; instructed by your Son, our Lord Jesus Christ, we make bold to say:

Our Father who art in heaven,
Hallowed be thy name.
Thy kingdom come,
Thy will be done, on earth as it is
in heaven.
Give us this day our daily bread,
And forgive us our trespasses,
As we forgive those who trespass
against us,

And lead us not into temptation.
But deliver us from evil. Amen.

May the blessing of Almighty God
Father, Son, and Holy Spirit, descend
upon you and remain forever. Amen.

The Chair:

Thank you, Father Schielein, for your
very inspiring prayer.

CITY OF PITTSBURGH
CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, The Director of the Department of Public Works, in letters dated December 3, 1959, addressed to the Mayor and the City Controller, has stated that an emergency has arisen in the Asphalt Plant, Bureau of Bridges, Highways and Sewers and the Bureau of Refuse, Department of Public Works, requiring the transfer of an aggregate sum of \$19,000 to Code Accounts within the above bureaus to meet payrolls for the period ending December 31, 1959, transfer of funds to be made as follows:

The Chair:

Members of Council, we are honored this afternoon by the presence of the Reverend Dr. Charles P. Robshaw, Pastor of the East Liberty Presbyterian Church, who will deliver the invocation.

The Reverend Charles P. Robshaw, Pastor, East Liberty Presbyterian Church, Pittsburgh 6, Pennsylvania, delivered the following prayer:

Eternal God, who has given to each of us the wonderful gift of life, and who wilt require at the end that we shall give account of the use that we have made of Thy gift, grant unto us as we enter another year the ability to serve Thee faithfully; and accept our gratitude for the health and strength that Thou has given us in the past for every opportunity of doing good for our

fellow men, and for the strength and wisdom to carry responsibilities in a worthy manner. Quicken our consciences that we may discern that which is good against that which is evil, and give us moral courage that we may never be ashamed or afraid to do that which Thy law dictates.

Bless each of these Thy servants here gathered. And as they move forward into assumption of their duties and responsibilities, may they do so with a sense of obligation unto Thee who has placed them in these positions of trust and with a deep sense of commitment to the well being of this community in which Thou hast seen fit to place us.

Hear this our prayer. Watch over us and those whom we love. And may we walk in the paths of Thy righteousness for Thy name's sake. Through Jesus Christ our Lord. Amen.

The Chair:

Thank you, Reverend Robshaw, for your very inspiring prayer.

DEPARTMENT OF LAW

Pittsburgh, December 24, 1959

Honorable President and Members
City Council
City of Pittsburgh

In Re: Bill No. 3276—Amendment of
Zoning Map on Penn Avenue.

Gentlemen:

Bill No. 3276 provides for amendment of the Zoning Ordinance by changing the zoning classification of certain property along Penn Avenue from an "R4" District to a "C3" District. The zoning change would be effected by extending the present "C3" District on Penn Avenue to include several additional properties now in the "R4" District. If the zoning change were accomplished, the property of the owner

seeking the amendment would be the last one in the "C3" District abutting the "R4" District.

We understand that the purpose of the change is to permit physicians' offices in the building of the property owner desiring the change, and an opinion has been requested from this Department as to whether this objective can be met by the enactment of the amending ordinance.

Under Section 1701 of the Zoning Ordinance, professional offices, including physicians' offices, are permitted in the "C3" District. It has come to our attention, however, that such a use of the property of the interested owner may not be possible in this case because if the zoning change were adopted the building in which physicians' offices are desired would physically abut the adjoining structure in the "R4" District without any intervening open space.

Section 1703 of the Zoning Ordinance provides that in "C3" Districts a fifteen-foot side yard is required with respect to any property abutting an "R" District. As indicated above there is presently no yard area between the structure proposed to be used for physician offices and the adjoining "R" District property. Whether the Board of Adjustment would grant a variance in this case cannot, of course, be determined in advance of a hearing before the Board.

Respectfully yours,

DAVID STAHL
City Solicitor

Which was read, received and filed.

Mr. Fagan moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Fagan:

Mr. President and Members of Council: The reason I am in favor of this bill is the fact that up until May of 1958 this was a commercial district. I don't understand why we ever allowed it to slip by and change it to residential, because it is really not a residential district at all. It is on a thoroughfare where there is all

kinds of traffic. That is the reason I am in favor of this bill.

Mr. McCarthy:

Mr. President, I would also like to say that I am in favor of this bill. I would like to see it passed so that the people who own the property there can accomplish what they want that is to allow doctors to occupy these premises. The only question in my mind was whether or not after we passed it and put it into a commercial district they could do what they want to do here. I take it from that letter signed by Mr. Stahl wherein he does not say the Board of Adjustment does not have the power to allow it; that they do have the power to allow variances in this instance. For that reason I intend to vote for the bill.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Mr. Counahan	Mr. McCarthy
Mrs. D'Ascenzo	Mr. Olbum
Mr. Fagan	Mr. Weir
Mr. Jones	Mr. Gallagher
Mr. Kuhn	(Pres't)

And there being three-fourth of the votes of Council in the affirmative, the bill passed finally, in accordance with the provisions of the Act of Assembly of May 11, 1921, which provides that where a protest is filed against a proposed zoning amendment a three-fourths vote of all the members of Council in the affirmative shall be required for final passage.

Sec. 3615

Subsection (a)

Amend this subsection to read as follows:

(a) Wall signs of any size may be constructed in accordance with current good practice provided the construction is considered safe and meets the approval of the Superintendent.

Projecting signs and roof signs shall be designed for the dead load of the sign and for wind pressure.

For the purpose of determining wind pressures all signs shall be classified as either open or solid. Signs in which the projected area exposed to wind consists of 70 or more of the gross area as determined by the overall dimensions shall be classed as solid signs. Signs in which the projected exposed area is derived from open letters, figures, strips and structural framing members, the aggregate total area of which is less than 70% of the gross area so determined, shall be classed as open signs.

All signs shall be designed and constructed to withstand any pressures applied to the projected exposed area, al-

lowing for wind in any direction, in accordance with the following table:

Height from Ground to Top of Sign, in Feet	Wind Pressure, Pounds per Sq. Ft.	
	Solid Signs	Open Signs
Less than 30----	17	23
30 - 49-----	22	31
50 - 99-----	28	39
100-499-----	33	46

("Minimum Design Loads in Buildings and Other Structures," American Standards Association, A 58.1, 1955 Edition.)

Design pressures on signs located five hundred (500) feet or more above ground shall be determined by a special analysis of conditions.

Projecting signs and roof signs shall have structural frames of structural steel to receive loads and resist stresses. The maximum allowable stress in the structural steel shall be as required in Sec. 302. (a) 2. If projecting signs or roof signs are built of boxes of sheet steel, such signs shall have a structural frame within the sheet metal box.

The members of the structural frames of projecting signs and roof signs shall be figured for the combined stresses they receive due to the bending, the compression and the tension caused by the dead load and the wind load. In compression members the ratio of slenderness and the allowable fibre stress of the members of the structural frame shall be as required in Sec. 302. (a).

The supporting members of projecting signs shall be secured to the brick walls or the structural frames of the buildings on which the signs are placed by through bolts with washers, except that in the case of any projecting sign not greater than ten (10) square feet in area and weighing not more than one hundred (100) pounds the supporting members may be secured by expansion bolts or in a manner approved by the Superintendent. Such supporting members shall be chains, rods or structural steel members. Guys to resist wind only may be wire cables of sufficient size. Guys and wall beams may be secured to the brick walls of the buildings on which the signs are placed by expansion bolts. Guys used to support the dead load of a sign unless approved by the Superintendent.

Where hollow masonry is encountered, all attachments to the walls shall be secured by through bolts. For small projecting signs which are permitted on frame buildings (Sec. 3607. (1)), every attachment to the building shall be secured thereto by not less than two (2) through bolts.

Roof signs shall be secured to the brick walls or structural frames of the buildings on which the signs are placed by through bolts with washers or by foundation bolts with washers.

A building or part of a building to which a sign is attached and the foundation of the said building shall be of sufficient strength to safely resist the resultant of the dead load and the wind load of the sign, in addition to the dead load, the live load and the wind load the building or part thereof is otherwise designed to carry. Enough dead load shall be provided at the anchorage of the sign to the building to resist more than the uplift that occurs in the sign structure with the wind blowing in any direction. The ratio of the required dead load to the maximum uplift shall be as required in Sec. 2107. The wind forces on a roof sign shall not be taken as being equivalent to increasing for wind calculations the height of the building on which the sign is placed.

In calculating the strength and weight of brick work of a building to which a sign is to be attached, and in calculating the strength and weight of concrete, the requirements shall be as provided for in Sec. 302. (a). In calculating the resistance to overturning of a masonry wall or pier carrying a projecting sign, tension in the masonry shall be permitted not exceeding twenty-five (25) pounds per square inch on the net area, provided Portland cement mortar is used.

The bolts which connect the structural frame of a projecting sign or a roof sign to the masonry walls of a building shall be designed with a factor of safety of ten (10). The bolts which connect the structural frame of a projecting sign or a roof sign to the steel frame of a building shall be designed with a factor of safety of at least four (4). The details of the structural frames of projecting signs and

roof signs shall be made according to good engineering practice with gusset plates and with at least two (2) bolts or rivets used in each connection. The structural frames of roof signs shall have attached to them wire cables fastened to the roof or walls of the building or part thereof as an additional safeguard beyond that required for the anchorage of the structural frame.

Sec. 3615

Subsection (b), as amended by Ordinance No. 192, approved April 13, 1951.

Further amend this subsection by changing the first two paragraphs to read as follows:

(b) Ground Signs and Post Signs:

All ground signs and post signs shall be designed for the dead load of the sign and for wind pressure.

Ground signs shall have structural frames of wood or structural steel to receive loads and resist stresses. The maximum allowable stress in the wood or the structural steel shall be as required in Sec. 302. (a). Ground signs which are built of boxes of sheet steel shall have a structural frame within the sheet steel box.

Sec. 3615

Subsection (c)

Amend this subsection by changing "Sec. 2107" in the first paragraph thereof to read as follows:

Sec. 3615. (a)

and by deleting the last sentence of the second paragraph thereof, which reads as follows:

"No increase in the allowable fibre stress for wind in either the marquee or the supporting steel work of the building shall be permitted."

Sec. 3615

Supplement this section by adding at the end thereof a new subsection to read as follows:

(d) Canopies:

Canopies having fabric coverings may be designed for a minimum of twenty (20) pound wind or twenty (20) pound snow load, whichever is greater.

Sec. 3616

Subsection (c)

Supplement this subsection by adding at the end thereof a new subdivision to read as follows:

Whereas, Under the mandate of the Commonwealth, it is the duty and obligation of both municipalities to cease the discharge of the aforementioned sewage into the streams of the Commonwealth; and

Whereas, It seems expedient and in the best interests of both parties hereto that a common sewer be constructed by both municipalities to contain and convey the aforementioned raw sewage to existing intercepting facilities of the Allegheny County Sanitary Authority.

Now, Therefore, In consideration of the undertakings of each party, the City of Pittsburgh and the Borough of Green Tree, each intending to legally bind itself, its successors and assigns, covenant and agree as follows:

1. The City and the Borough agree to construct a sanitary sewer commencing at the Green Tree Borough-City of Pittsburgh line, at a point about seven hundred (700) feet north along the said line from Short Street in Green Tree Borough, and thence extending eastwardly across and through private property to Crane Avenue, and from thence eastwardly along Crane Avenue to the existing City trunk sewer in Banksville Road. The City and the Borough agree that the City will build and maintain the said sewer.

2. The City agrees to condemn any and all right-of-way necessary for the construction of said sewer within the limits of the City.

3. The City and the Borough agree that the City will employ a professional engineer for the engineering surveys, design, construction cost estimates, and other incidental engineering services necessary for the acquisition of land and construction of the sewer.

4. The City and the Borough agree that the City will advertise for bids and award a contract or contracts to the lowest responsible bidder or bidders for the construction of the said sanitary sewer.

5. The City agrees that prior to its advertisement for bids all plans, specifications, and the proposed contract shall be submitted to and approved by the Borough. The City further agrees that prior to the award of the proposed contract or contracts, the said contract or contracts shall be submitted to the Borough for approval.

6. The City and the Borough agree that all land acquisition costs, fees paid professional engineer, construction costs, maintenance, and other proper costs incidental and necessary in the construction of the sewer shall be borne 66-2/3% by Green Tree Borough and 33-1/3% by the City of Pittsburgh. The Borough agrees to pay the City on the current estimates of cost within thirty (30) days as submitted by the City.

It is understood by both parties that the aforesaid apportionment is predicated upon the respective sewer usage by each municipality.

It is recognized by both parties hereto that usage by each municipality will vary in proportion to the number of houses located within the service area development of each municipality. The contribution of each municipality for maintenance expenses shall be in the aforesaid proportion for the year following the date of completion of the construction of the sewer. The date of completion of construction shall be taken as the date of final payment to the contractor or contractors to construct the sewer.

Thereafter on the succeeding year's anniversary date of completion the sewer

usage of each municipality shall be adjusted from data available in the Office of the Superintendent of the Bureau of Building Inspection of the City and the Building Inspector of the Borough to reflect the actual usage by each. The contribution for construction costs shall then be made on the basis of the readjustment of the apportionment as originally established. To the extent that the recomputed usage varies from the basic one-third—two-thirds construction cost contribution ratio, an additional contribution to construction cost shall be made by one municipality to the other.

Maintenance expense shall annually be shared in accordance with recomputed sewer usage. The Director of the Department of Public Works of the City of Pittsburgh shall make the recomputed sewer usage basis and apportionment of maintenance costs annually between the City and the Borough.

7. The City and the Borough agree that the estimated costs of the construction of the sewer engineering services and land acquisition are approximately \$51,000, and the Borough agrees that it will, by resolution, transfer its two-thirds share of the estimated cost to a special account to be used for no other purpose than the payment of its obligation under this Agreement with the City.

8. The Borough agrees that the City shall own the sanitary sewer provided for by this Agreement after the same has been constructed.

9. The Borough and the City agree that the professional engineers selected will prepare and submit to each municipality complete plans showing the sanitary sewer as finally constructed.

10. The Borough agrees to pay in addition to other payments herein provided, a fee of Seven Hundred (\$700.00) Dollars for the privilege and right to tap in and discharge its sewage into the City's existing Banksville Road trunk sewer.

This Agreement is executed on behalf of the Borough by virtue of Resolution No. _____, approved the _____ day of _____, 1959.

(c) The Treasurer and agents designated by him are hereby authorized to examine the books, papers and records of any employer or supposed employer, or of any taxpayer or supposed taxpayer, in order to verify the accuracy of any declaration or return, or, if no declara-

tion or return was filed, to ascertain the tax due. Every employer or supposed employer and every taxpayer or supposed taxpayer is hereby directed and required to give to the Treasurer or to any agent designated by him the means, facilities and opportunity for such examinations and investigations as are hereby authorized.

(d) Any information gained by the Treasurer, his agents or by any other official or agent of the City of Pittsburgh, as a result of any declarations, returns, investigations, hearings or verifications required or authorized by this ordinance, shall be confidential, except for official purposes and except in accordance with a proper judicial order, or as otherwise provided by law.

(a) The Treasurer may sue for the recovery of taxes due and unpaid under this ordinance.

(b) Any suit brought to recover the tax imposed by this ordinance shall be begun within six (6) years after such tax is due, or within six (6) years after the declaration or return has been filed, whichever date is later. Provided, however, that this limitation shall not prevent the institution of a suit for the collection of any tax due or determined to be due in the following cases:

(1) Where no declaration or return was filed by any person although a declaration or return was required to be filed by him under provisions of this ordinance.

(2) Where an examination of the declaration or return filed by any person, or of other evidence relating to such declaration or return in the possession of the Treasurer, reveals a fraudulent evasion of taxes, including, but not limited to, substantial understatement of taxes deducted and of actual or estimated net profits or earnings.

(3) Where any person has deducted taxes under the provisions of this ordinance and has failed to pay the amounts so deducted to the Treasurer.

Section 7. Interest and Penalties.

If for any reason the tax is not paid when due, interest at the rate of six per centum (6%) per annum on the amount of said tax, and an additional penalty of one-half of one per centum (.5%) of the amount of the unpaid tax for each month or fraction thereof during which the tax remains unpaid, shall be added and collected. Where suit is brought for the recovery of any such tax, the person liable therefor, shall, in addition, be liable for the costs of collection and the interest and penalties herein imposed.

Section 1. That this ordinance shall be known and may be cited as the "City Amusement Tax Ordinance."

Section 2. The following words and phrases when used in this ordinance shall have the meaning ascribed to them in this section, except when the context clearly indicates a different meaning:

"Producer"—Any person, as herein defined, conducting any place of amusement, as herein defined, where the general public, or a limited or selected number thereof, may, upon the payment of an established price, attend or engage in any amusement.

The singular shall include the plural and the masculine shall include the feminine and the neuter.

Section 3. (a) On and after the effective date of this ordinance, it shall be unlawful for any producer to continue to conduct, or thereafter to begin to conduct, any form of amusement at any permanent or temporary place of amusement, or any itinerant form of amusement, within the City of Pittsburgh, unless an amusement permit or permits shall have been issued to him, the fees paid therefor as now prescribed by law, and the tax herein imposed paid in accordance with the provisions herein made.

(b) Every producer desiring to continue to conduct, or hereafter to begin to conduct, any amusement within the City of Pittsburgh, shall file an application for a permanent, temporary or itinerant amusement permit or permits, as the case may be, with the Treasurer. Every application for such permit or permits shall be made upon a form prescribed, prepared and furnished by the Treasurer, and shall set forth the name under which the applicant conducts or intends to conduct a permanent or temporary place, or an itinerant form of amusement, the location of the permanent or temporary place of amusement, whether or not the applicant is the holder of a mercantile license in effect when the application is made, and, if so, the number of such license and such other information as

the Treasurer may require. If the applicant has or intends to have more than one place of amusement within the City of Pittsburgh, the application shall state the location of each place of amusement, and in the case of an itinerant form of amusement, the date and length of time such amusement is to be conducted at each place. In the case of an application for a permit for a temporary place of amusement, the application shall state the name and address of the owner, lessee or custodian of the premises upon which such amusement is to be conducted. If the applicant is an association or a corporation, the names and addresses of the principal officers thereof and any other information prescribed by the Treasurer for purposes of identification shall be stated. The application shall be signed and verified by oath or affirmation by the producer, if a natural person, and in the case of an association by a member or partner thereof, and in the case of a corporation by an executive officer thereof, or some person specifically authorized by the corporation to sign the application, to which shall be attached the written evidence of his authority.

Upon approval of the application and payment of such fees as are now required by law, the Treasurer shall grant and issue to each applicant an amusement permit for each place of amusement within the City of Pittsburgh set forth in his application. Amusement permits shall not be assignable, and shall be valid only for the persons in whose names issued, and for the conduct of amusements at the places designated therein, and shall at all times be conspicuously displayed at the places for which issued. The producer of an itinerant form of amusement shall notify the Treasurer promptly of any change in the original contemplated itinerary, either as to date or time of the conduct of the amusement at each place.

(c) The Treasurer may suspend or after hearing revoke an amusement permit whenever he finds that the holder thereof has failed to comply with any of the provisions of this ordinance. Upon suspending or revoking any amusement permit the Treasurer shall request the holder thereof to surrender

to him immediately all permits or duplicates thereof issued to him, and the holder shall surrender promptly all such permits to the Treasurer as requested. Whenever the Treasurer suspends an amusement permit, he shall notify the holder immediately, and afford him a hearing if desired and if a hearing has not already been afforded. After such hearing the Treasurer shall either rescind his order of suspension, or good cause appearing therefor shall continue the suspension or revoke the permit.

Section 4. (a) For the calendar year 1960 a tax is hereby imposed upon the admission fee or privilege to attend or engage in any amusement at the rate of ten per centum (10%) of the established price charged the general public, or a limited or selected group thereof, by any producer for such privilege, which shall be paid by the person acquiring such privilege.

(b) In the case of persons admitted free or at reduced rates to any place of amusement at a time and under circumstances under which an established price is charged to other persons, the tax imposed by this ordinance shall be computed on the established price charged to such other persons of the same class for the same or similar accommodations, to be paid by the person so admitted. Provided, however, that children under twelve (12) years of age, disabled veterans and members of the armed services when on active duty and in uniform, who are admitted free of charge to any place of amusement, shall not be required to pay the tax imposed by this ordinance.

(c) In the case of persons having the permanent use of boxes or seats in any place of amusement, or a lease for the use of such boxes or seats in such place of amusement, the tax imposed by this ordinance shall be computed on the price charged for such boxes or seats, or rental charged for the use of such boxes or seats, in such place of amusement, such tax to be paid by the holder or lessee.

Section 5. (a) Producers shall collect the tax imposed by this ordinance and shall be liable to the City of Pittsburgh as agents thereof for the payment of the same into the City treasury as hereinafter provided in this ordinance.

(b) Where permits are obtained for conducting temporary amusements by persons who are not the owners, lessees or custodians of the places where the amusements are to be conducted, or where the temporary amusement is permitted by the owner, lessee or custodian of any place to be conducted without the procurement of a permit or permits required by this ordinance, the tax imposed by this ordinance shall be paid by the owner, lessee or custodian of such place where such temporary amusement is held or conducted, unless paid by the producer conducting the amusement.

Section 6. For the purpose of ascertaining the amount of tax payable by producers to the City of Pittsburgh, it shall be the duty of:

(a) Every producer, except as hereinafter provided, conducting a place of amusement, on or before the last day of each month, to transmit to the Treasurer, on a form prescribed and prepared by him, a report under oath or affirmation, of the amount of tax collected by him during the preceding month.

(b) Every producer conducting a temporary place of amusement, or itinerant form of amusement, shall file a report with the Treasurer or any duly authorized agent of his promptly after each performance.

All reports required under this section shall show such information as the Treasurer shall prescribe.

Every producer, at the time of making every report required by this section, shall compute and pay to the Treasurer the taxes collected by him and due to the City of Pittsburgh for the period during which the report is made. Provided, however, that such producer may deduct therefrom two per centum (2%) thereof, providing payment is made on or before the due date thereof. The amount of all taxes imposed under the provisions of this ordinance shall in the case of places of permanent amusement be due and payable on the last day of the next succeeding month, and in the case of temporary or itinerant forms of amusement it shall be due and payable on the day the reports in such cases are

required to be made under this section, and all such taxes shall bear interest at the rate of one per centum (1%) per month or fractional part of a month from the date they are due and payable until paid.

If any producer shall neglect or refuse to make any report and payment as herein required, an additional ten per centum (10%) of the amount of the tax shall be added by the Treasurer and collected.

Section 7. All such taxes shall be recoverable by the Treasurer as other debts of like amount are now by law recoverable.

Section 8. All taxes, interest and penalties received, collected or recovered under the provisions of this ordinance shall be paid into the treasury of the City of Pittsburgh for the use and benefit of said City.

Section 9. The Treasurer is hereby charged with the administration and enforcement of the provisions of this ordinance, and is hereby empowered to prescribe, adopt, promulgate and enforce rules and regulations relating to any matter pertaining to the administration and enforcement of this ordinance, including provision for the re-examination and correction of returns and payments alleged or found to be incorrect, or as to which an overpayment is claimed or found to have occurred. Any person aggrieved by any decision of the Treasurer shall have the right of appeal as provided by law.

Section 10. The provisions of this ordinance are severable, and if any of its provisions shall be held illegal, invalid or unconstitutional, the decision of the Court shall not affect or impair any of the remaining provisions of this ordinance. It is hereby declared to be the legislative intent that this ordinance would have been adopted if such illegal, invalid or unconstitutional provisions had not been included herein.

Section 11. Any person, copartnership, association or corporation which shall fail, neglect or refuse to comply with any of the terms or provisions of this ordinance, or of any regulation or requirement pursuant thereto and authorized thereby, shall, upon conviction thereof before any Alderman or

Magistrate, be sentenced to pay a fine of not more than Three Hundred Dollars (\$300.00), and in default of payment of said fine be imprisoned in the Allegheny County Jail or Allegheny County Workhouse for a period not exceeding thirty (30) days.

Section 12. This ordinance shall become effective January 1, 1960.

The Council of the City of Pittsburgh under the authority of the Act of June 25, 1947, P. L. 1145 (No. 481), and its amendments, hereby enacts as follows:

Section 1. Imposition and Rate of Tax; Exceptions.

A tax at the rate of two mills (\$.002) on each dollar (\$1.00) is hereby imposed for the year 1960 on the value of all personal property of the classes taxed by the County of Allegheny pursuant to the Act of June 17, 1913, P. L. 507, as amended, and enumerated in Section 1 of said Act, owned, held or possessed by any resident, which as used in this section shall mean any person, persons, copartnership or unincorporated association or company, resident, located or liable to taxation within the City of Pittsburgh, or by a joint stock company or association, limited partnership, bank or corporation, whatsoever, formed, created or incorporated by, under or in pursuance of any

law of the Commonwealth of Pennsylvania or of the United States, or of any other State or Government, and liable to taxation, within the City, whether such personal property be owned, held or possessed by such resident in his own right or as an active trustee, agent, attorney-in-fact, or in any other capacity, or by any resident as a trustee, agent or attorney-in-fact jointly with one or more trustees, agents or attorneys-in-fact domiciled outside of the City where such personal property is held and managed in this City, except as executor or administrator of the estate of a nonresident decedent, and except as trustee for a resident or nonresident, religious, charitable or educational organization, no part of the net earnings of which inures to the benefit of any private stockholder or individual, or for the use, benefit or advantage of any other person, copartnership, unincorporated association, company, joint stock company or association, limited partnership, bank or corporation; and the equitable interest in any such personal property owned, held or possessed by any resident where the legal title to such personal property is vested in a trustee, agent or attorney-in-fact, domiciled outside of the City, or where the legal title to such personal property is vested in more than one trustee, agent or attorney-in-fact, one or more of whom are domiciled outside of the City, and one or more of whom are domiciled within the City, and such personal property is held and managed outside of the City, and where such resident is entitled to receive all or any part of the income therefrom. No failure to assess or return the same shall discharge such owner or the holder thereof from liability therefor. Provided, that if the said County personal property tax, or law imposing the same, is repealed, this shall not operate as a repeal of the City personal property tax or this ordinance, but the said City personal property tax shall continue until terminated by ordinance duly passed by the Council of the City of Pittsburgh and approved as required by law.

Provided that the provisions of this section shall not apply to subjects excepted in said Act of 1913, as amended, and provided further that the provisions of this section shall not apply to personal property received, or acquired with the proceeds of money or property

received, before or after the effective date of this ordinance, from any person or persons, copartnership or unincorporated association or company, nonresident in or not located within this City, or before the effective date of this ordinance, from any person or persons, copartnership or unincorporated association or company, nonresident in or not located within this City on the effective date of this ordinance, or from any joint stock company or association, limited partnership, bank or corporation formed, erected or incorporated by, under or in pursuance of any law of the United States, or of any State or Government other than the Commonwealth of Pennsylvania, by any person or persons, copartnership, unincorporated association, company, joint stock company or association, limited partnership, bank or corporation, as active trustee, agent, attorney-in-fact, or in any other capacity, for the use, benefit or advantage of any person or persons, copartnership or unincorporated association or company, nonresident in or not located within this City, or for the use, benefit or advantage of any joint stock company or association, limited partnership, bank or corporation formed, erected or incorporated by, under or in pursuance of any law of the United States or of any State or Government other than the Commonwealth of Pennsylvania; nor shall the provisions of this section apply to personal property held for the use, benefit or advantage of any resident who shall have in each of the ten (10) preceding calendar years given or contributed all of his net income to any corporation organized or operated exclusively for religious, charitable, scientific, literary or educational purposes.

Section 2. Returns and Assessments.

For the purpose of ascertaining the amount of tax payable under this ordinance, it shall be the duty of every resident of the City of Pittsburgh liable to pay such tax to file a return of personal property. In order to eliminate the duplication which would result from the filing of a separate return for the City and a separate return for the County, the City of Pittsburgh hereby adopts the return filed with the Allegheny County Board of Property Assessment, Appeals and Review, in compliance with the Act of June 17, 1913, P.

L. 507, as amended, as a return for the City of Pittsburgh in compliance with the requirements of this ordinance, for the payment of a personal property tax by all persons subject thereto.

The assessments of personal property of residents of the City of Pittsburgh, made by the County officials administering and collecting the County personal property tax, shall be used to determine the amount of tax due to the City of Pittsburgh under this ordinance. The assessments so made shall have the same force and effect as if the assessments had been made initially by the City of Pittsburgh and are hereby adopted for City tax purposes.

The term "assessments" as used herein shall mean the final assessments as adopted and used by the County officials administering the County personal property tax after all petitions for reassessment and appeals provided by law have been finally determined.

The Mayor and the City Treasurer are hereby authorized to enter into an agreement with the proper County officials for reimbursement or payment to the County of the expenses incurred in the furnishing to the City by the County Board of Property Assessment, Appeals and Review of the names and addresses of taxables within the City, the assessments made of their personal property subject to the tax and such other information as may be agreed upon. Such payments shall be made from funds appropriated by City Council.

Any assessment of a tax on personal property against the estate of a decedent shall include and be limited to all property owned, held or possessed by the decedent which should have been returned by him for taxation for any former year or years, not exceeding five (5) years prior to the year in which the death occurs.

Section 3. Payment of the Tax.

Taxes imposed by this ordinance shall be due and payable on May 1 of 1960. Taxes paid during the months of May, June and July shall be subject to a discount of 2%, and if not paid within said months shall be payable at face during August, 1960. Taxes unpaid by August 31 shall be considered delin-

quent and shall be subject to a penalty of 5% of the face amount of the tax and interest at the rate of 1/2 of 1% per month until paid.

Section 4. Collection of Tax.

All taxes, penalties and interest imposed by this ordinance shall be paid to and collected by the City Treasurer. Delinquent taxes shall be recovered by the said Treasurer by suit in assumpsit or by such other methods as are authorized and allowed by law.

Section 5. Fines and Penalties.

(a) Any person who shall make a false and fraudulent return, or any person who fails or refuses to file any return containing the information required by this ordinance, shall, upon conviction thereof before any Alderman or Magistrate, be sentenced to pay a fine of not more than Three Hundred Dollars (\$300.00), and, in default of payment of said fine, to be imprisoned in the Allegheny County Jail or Allegheny County Workhouse for a period not exceeding thirty (30) days.

(b) It shall be unlawful for any person or persons, copartnership, unincorporated association, limited partnership, joint stock association or corporation, whatsoever, in loaning money at interest to any person or persons, whether such loans be secured by bond and mortgage or otherwise, to require the person or persons borrowing the same to pay the tax imposed thereon by this ordinance, and in all cases where such tax shall have been paid by the borrower or borrowers the same shall be deemed and considered usury and subject to the laws governing the same.

(c) As used in this section, the term "person" as applied to an association shall mean the partners or members thereof, and as applied to a corporation the officers thereof.

Section 6. Saving Clause.

If the tax or any portion thereof imposed upon any of the personal property of any of the classes hereinbefore described under the provisions of this ordinance, or if any exception of any personal property of any of the classes as hereinbefore described from the imposition of the tax under the provisions of this ordinance, shall be held by any Court of competent jurisdiction to be

in violation of the Constitution of the United States, or of the laws of the Constitution of the Commonwealth of Pennsylvania, the decision shall not affect or impair the right to impose the tax or the validity of the tax so imposed upon the personal property of the other classes as hereinbefore described, or to impose the tax on the personal property so excepted.

Section 7. Effective Date.

The provisions of this ordinance shall become effective January 1, 1960.

Section 8. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed so far as the same affects this Ordinance.

Whereas, Sports events play a significant part in the recreational and economic life of the City of Pittsburgh and the County of Allegheny; and

Whereas, Two of the major professional sports teams in the City of Pittsburgh are currently leasing facilities, for a five-year period, with the understanding that a new sports stadium will be made available in the community at the earliest possible date; and

such a new sports facility and has recommended more detailed studies of the project; and

Whereas, The Committee's report also calls for a broad program envisioning the redevelopment of a portion of the lower North Side section of the City; and

Whereas, The rebuilding of the lower North Side section of the City would complement the Gateway Center and Point Park developments in the Downtown business district, thus safeguarding economic values and encouraging even further developments in the Downtown and the North Side districts; and

Paul H. Nolan, 47, member of the Bureau of Police, and Sergeant-at-Arms for Council, passed away Monday, March 30, 1959.

Mr. Nolan was born and reared in Pittsburgh and lived in his native city all these years.

During World War II he served as Sergeant of the First Marine Division, and served his country with distinction and bravery.

He was employed by the City as a Patrolman for 15 years, having patrolled beats in various sections of the City, including his own home district, Mount Washington, and later was assigned to the Traffic Division, and many of his later years in this Division was assigned to the corner of Forbes Avenue and Grant Street within the shadow of the City-County Building before assuming his duties as Sergeant-at-Arms in Council. He served with credit and honor to

the police bureau and was respected by his superiors and fellow-officers and all with whom he came in contact.

He had the gift of a great heart, was sincere, and had boundless faith in his fellowmen. No one ever heard him say a single disparaging word about anyone, and always looked at the positive side of every one. In his private life, the same fine traits of character that gained for him so much of public esteem, made of him an exemplary husband.

It is fitting and proper that the Mayor and Council should take notice of his unexpected and untimely death;

Therefore,

The Mayor and the Members of Council of the City of Pittsburgh hereby express their sincere sympathy to the bereaved wife and friends in the great loss which they sustained by the death of a loving husband and a loyal friend; and further express their deep sorrow for the great loss which the City and its citizens have sustained by his passing; and further

It is with the deepest sorrow that the death, on Saturday, September 5, 1959, of Gustav L. Schramm, for 26 years Judge of Juvenile Court of Allegheny County, is recorded.

Judge Schramm was born in Pittsburgh on May 11, 1898; he attended Humboldt Elementary School and South High School, the University of Pittsburgh and Columbia University.

Judge Schramm's judicial service began with his election in 1933 to the

Juvenile Court bench after enactment of a law making it the only court of its kind in Pennsylvania. His work brought him in contact with thousands of children, and he had shown the world how to make useful and happy citizens of these children who had gone astray. Happily his methods will live on.

Judge Schramm was a great and patriotic American; one devoted to his duty, and the highest sense of judicial responsibility was a conspicuous trait of his character.

Pittsburgh and Allegheny County are proud of such a man, an illustrious representative of its finest citizenship, and a faithful worker for the interest of his City and County.

The people of Pittsburgh and Allegheny County are deeply in his debt and mourn his passing.

On Sunday, November 15, 1959,

Charles (Chilly) Doyle was called by death at the age of 75.

Mr. Doyle was, up until a year before his death, Sports Editor of the Pittsburgh Sun-Telegraph, and was familiarly known throughout the nation for his magnificent articles regarding sporting events and those participating in them. Although he was not a professional baseball player, he had some experience as a player in his youth, and gained much experience of the game through his contact with the owners and players. He was well liked by the professional players and the baseball fans of his home town for his impartial and interesting articles.

Pittsburgh is proud of the record made by this illustrious representative of the sports world, and its citizens are deeply in his debt.
